—If our road law needs amendment, who would have more influence in a Democratic Legislature in having it amended? Rives, a Democrat? Or Paschal, a Republican?

—Highest market price paid for cotton seed at Pittsboro by the Chatham Cotton Oil Company. Will pay cash on delivery. This is a independent mill and not in the trust.

—Read the advertisements of Cross & Linehan Co. at Raleigh and Thomas J. Lamb & Sons at Durham. The head of each firm is a Chathamite and well known in this county.

—The Republicans are making most desperate efforts to carry this county. Their campaign is being managed by Mr. Robert H. Dixon, who has come here and opened up headquarters, where he is hard at work writing letters, mailing campaign documents, &c.

—Our State constitution (Article II, section 7) requires every member of the Senate to be "not less than twenty-five years of age." One of the Republican nominees for the Senate (Mr. H. G. Dorsett) is only twenty-three years old, and is therefore ineligible. That makes no difference, however, for of course nobody had any idea of his being elected.

—W. L. London & Son would like to buy your cotton. They are well equipped to handle your cotton and will give you the top of the market, and when you bring your cotton to town and want to buy any goods they have the largest and best stock in the county for you to select from, and will sell you goods a little cheaper than you buy elsewhere.

—Some Republicans profess to be glad that the negro is eliminated from politics, and yet they abuse the Democrats for adopting the constitutional amendment that did it!

—The following persons have been appointed mail carriers and substitutes on the three rural delivery routes recently established in this county: Geter J. Griffin carrier and John P. Griffin substitute on route from Pittsboro; George G. Herndon carrier and W. R. Herndon substitute on route from Bynum; Joseph J. Hackney carrier and Bernus Womble substitute on route from Lockville.

—The county board of education met here on last Monday and transacted the usual routine business. Mr. James R. Rives tendered his resignation, which was accepted, as a member of the board as he will be elected to the Legislature on the 8th of November. It was ordered that all the public schools begin their next terms on the 28th of November. This will give them four weeks before Christmas.

—The railroad schedule will be very convenient for persons going from here to the State Fair. A special train will leave here on Wednesday and Thursday (19th and 20th) at 7:30 a. m.; arrive at Raleigh at 9:30; leave Raleigh at 6:45 p. m., and return here at 8:30 o'clock. Thus a whole day can be spent sight-seeing. The railroad fare is \$1.85 for round-trip ticket including admission to the Fair grounds.

—The Democratic county executive committee have nominated Mr. S. W. Harrington, of Buckhome, as a candidate for county commissioner in place of Mr. L. E. Rollins, who has declined the nomination because after the election he will remove to Wake county. Mr. Harrington is an unswerving Democrat and one of the best farmers in the county, and was the choice of his township for commissioner at the county convention in 1902.

—Most of the Republican candidates in this county are "toting double" on the Watts law, professing to be for it when talking to men who favor it and against it when talking with those opposed to it. One of them, however, Mr. John W. Taylor, announced on the street here on last Tuesday that he is opposed to it. This may gain him some votes of the whiskey men, but it will not get him any votes among men who wish to rid the country of the curse of bar-rooms and whiskey stills.

The 146th annual session of the Sandy Creek Association was held last week with the Baptist church at Sanford. Prof. R. P. Johnson, of Mount Vernon Springs, was re-elected moderator, and Mr. D. F. King, of Moore county, was re-elected secretary. The introductory sermon was preached by Rev. George J. Dowell, of Carthage.

Better Than Pills.

The question has been asked—In what way are Chamberlain's Stomach and Liver Tablets superior to the ordinary cathartic and liver pills? Our answer is—They are easier and more pleasant to take and their effect is so gentle and so agreeable that one hardly realizes that it is produced by a medicine. Then they not only move the bowels but improve the appetite and aid the digestion.

The indictment against McBeed and Finch for conspiracy has been not-prossed, and the A. & N. C. railroad having been leased and all litigation over it having ended, peace now prevails and that exciting episode has passed into history.

Hydrophobia From Cat Bite.

Recently a cat belonging to Mr. James L. Baldwin, a prominent citizen of Richmond county, bit two setter puppies belonging to Mr. Baldwin. In about 10 days one of the puppies died, and a short time thereafter the other one ran amok and bit Mr. Baldwin, his wife and two small children, his father-in-law, Mr. N. D. Statts, and three negroes, eight in all. Mr. and Mrs. Baldwin and the children were bitten Sunday night, and Monday morning they took the train at Lilesville for Richmond, where they have entered the Pasteur Institute, and are now receiving treatment. The dog was killed and its head taken to Richmond by Mr. Baldwin to be examined by experts, for the purpose of determining definitely whether or not it had hydrophobia. Yesterday Mr. Statts received a telegram from Mr. Baldwin stating that the experts said that the dog was certainly mad, and in response to this information Mr. Statts left for Richmond last night, taking the train at Lilesville, for treatment. [Mr. Baldwin is well known here, his first wife having been a daughter of the late Mr. L. J. Haughton.—Ed. Record.]

North Carolinians at Appomattox.

A committee consisting of Major H. A. London, Associate Justice W. A. Montgomery and Mayor A. M. Powell, accompanied by W. J. Peele, of the North Carolina Literary and Historical Society, have returned from Appomattox battle ground, where they, in company with Capt. W. T. Jenkins, of Halifax, spent two days investigating with a view of confirming North Carolina's claim of having fired the last volley of the civil war. They report that they recognized the position of the North Carolina troops and the forthcoming report will show in a carefully prepared way the absolute accuracy of the claim which has been challenged by Judge Christian, of Virginia. They received assurance that North Carolina will be granted title to the spot where the volley was fired for the purpose of placing thereon a tablet commemorating the incident.

Cotton Congests Railroads.

Waco, Tex., Oct. 1.—Despite extraordinary efforts the railroads have been unable to move cotton from interior points to the coast as fast as it has accumulated. Owing to fine weather for picking and the fact that all cotton opened in the district almost at the same time, a congestion exists at many places and people are greatly worried about getting their cotton to the ports.

Falling Earth Kills Four.

Cartersville, Ga., Oct. 3.—By the falling of earth and ore estimated at 1,900 tons weight, the lives of four men were snuffed out near here today. Two others were seriously injured and are expected to die. The cause of the disaster was what is known by miners as a "slick head." A heavy strata of oil lay above a mass of clay and the latter gave way.

Crime of Voodoo Doctor.

Norfolk, Va., Oct. 3.—A horrible crime was committed about four o'clock this morning in Norfolk county when "Dr. Haywood Leaire, a negro voodoo physician, set fire to his home, on Mascovite street, and unheeding the appeals of his ten-year-old son, sprang through a window, left his child to perish in the flames and fled.

Fourteen Lost in Wreck.

Fredrikstad, Norway, Oct. 3.—The Norwegian bark, Sir John Lawrence, from London, has stuck on sunken rocks outside this harbor and has broken up. The crew of fourteen were drowned. Apprehensions are felt that further disasters may be reported as a result of the gale which swept over these waters on Saturday evening.

Average Condition of Cotton.

Washington, Oct. 3.—The monthly report of the chief of the Bureau of Statistics of the Department of Agriculture will show the average condition of cotton on September 24th to have been 75.8, as compared with 81.1 last month, 65.1 on September 25, 1903, 58.3 on September 25, 1902, and a ten year average of 66.8.

A Very Remarkable Remedy.

"It is with a good deal of pleasure and satisfaction that I recommend Chamberlain's Colic, Cholera and Diarrhoea Remedy," says Druggist A. W. Sawtelle, of Hartford, Conn. "Recently a gentleman came into my store so overcome with colic pains that he sank at once to the floor. I gave him a dose of this remedy which helped him. I repeated the dose and in fifteen minutes he left my store smilingly informing me that he felt as well as ever." For sale by G. R. Pilkington.

Postmaster General Henry C. Payne died at Washington, on last Tuesday, aged 80 years.
