

STOPS BELCHING BY ABSORPTION—NO DRUGS—A NEW METHOD.

A Box of Wafer's Free—Have You Acute Indigestion, Stomach Trouble, Irregular Heart, Dizzy Spells, Short Breath, Gas on the Stomach?

Bitter Taste—Bad Breath—Impaired Appetite—A feeling of fullness, weight and pain over the stomach and heart, sometimes nausea and vomiting, also fever and sick headache?

What causes it? Any one or all of these: Excessive eating and drinking—abuse of spirits—anxiety and depression—mental effort—mental worry and physical fatigue—lack of air—insufficient food—sedentary habits—absence of teeth—bolting of food.

If you suffer from this slow death and miserable existence, let us send you a sample box of Mull's Anti-Belch Wafers absolutely free. No drugs. Drugs injure the stomach.

It stops belching and cures a diseased stomach by absorbing the foul odors from undigested food and by imparting activity to the lining of the stomach, enabling it to thoroughly mix the food with the gastric juices, which promotes digestion and cures the disease.

SPECIAL OFFER—The regular price of Mull's Anti-Belch Wafers is 50c a box, but to introduce it to thousands of sufferers we will send two (2) boxes upon receipt of 7c, and this is a permanent offer. We will send you a sample free for this coupon.

THIS OFFER MAY NOT APPEAR AGAIN.

1235 FREE COUPON 128

Send this coupon with your name and address and name of a druggist who does not sell it for a free sample box of Mull's Anti-Belch Wafers to:

MULL'S GRAPE TONIC CO., 228 Third Ave., Rock Island, Ill.

Give Full Address and Write Plainly.

Sold by all druggists, 50c per box, or sent by mail.

A jolly father of a family is about as jolly as some of the jokes he tells.

ULCERS FOR THIRTY YEARS

Painful Eruptions From Knees to Feet Seemed Incurable—Cuticura Ends Misery.

Another of those remarkable cures by Cuticura, after doctors and all else had failed, is testified to by Mr. M. C. Moss, of Gainesville, Texas, in the following letter: "For over thirty years I suffered from painful ulcers and an eruption from my knees to feet, and could find neither doctor nor medicine to help me until I used Cuticura Soap, Ointment and Pills, which cured me in six months. They helped me the very first time I used them, and I am glad to write this so that others suffering as I did may be saved from misery."

Courage and caution make a splendid working team.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment. "Hall's Catarrh Cure," manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. Cheney & Co., Toledo, O.

Sold by Druggists, 75c.

Take Hall's Family Pills for constipation.

It is very exciting to kiss a girl before she likes you. No. 49.

JOYS OF MATERKITY

A WOMAN'S BEST HOPES REALIZED

Mrs. Potts Tells How Women Should Prepare for Motherhood

The darkest days of husband and wife are when they come to look forward to childless and lonely old age. Many a wife has found herself incapable of motherhood owing to a displacement of the womb or lack of strength in the generative organs.

Mrs. Anna Potts

Frequent backache and distressing pains, accompanied by offensive discharges and a heavy, irregular and scanty menstruation indicate a displacement or nerve degeneration of the womb and surrounding organs.

The question that troubles women is how can a woman who has some female trouble become healthy and strong? Mrs. Anna Potts, of 510 Park Avenue, Hot Springs, Ark., writes:

My Dear Mrs. Pinkham:—During the early part of my married life I was delicate in health. Both my husband and I were very anxious for a child to bless our home, but I had two miscarriages, and could not carry a child to maturity. My neighbor, who had been cured by Lydia E. Pinkham's Vegetable Compound advised me to try it. I did so and soon felt that I was growing stronger, my headaches and backaches lessened, I had no more bearing-down pains, and felt like a new woman. Within a year I became the mother of a strong, healthy child, the joy of our home. Lydia E. Pinkham's Vegetable Compound is certainly a splendid remedy, and I wish every woman who wants to become a mother would try it.

Actual sterility in woman is very rare. If any woman thinks she is sterile, let her try Lydia E. Pinkham's Vegetable Compound and write to Mrs. Pinkham, Lynn, Mass. Her advice is free to expectant or would-be mothers.

WHY TAKE GALOMEL?

When Mozley's Lemon Elixir, a purely vegetable compound, with a pleasant taste, will relieve you of Biliousness, and all kindred diseases without griping or nausea, and leave no bad effects.

50c. and \$1.00 per bottle at all Drug Stores.

MOZLEY'S LEMON ELIXIR.

"ONE DOSE CONVINCES."

SOUTHERN FARM NOTES.

TOPICS OF INTEREST TO THE PLANTER, STOCKMAN AND TRUCK GROWER.

Will It Pay?

W. H. R. Jackson, Tenn., writes: I have some shoats that would weigh about 100 pounds gross that I can get four and a quarter cents for and have corn that I can get six cents for. I have a Japanese cover pasture. Which would pay best: To sell now or feed for six or eight weeks when I can probably get six cents or more net. Would it be best to grind the corn? What is the best ration for brood sows with pigs one month old?

Answer: If you have good growing shoats and are quite sure of getting six cents a pound for them in the course of six or eight weeks, there is no reason why you should not feed corn at sixty cents a bushel not feed at a small profit. If the price of pork drop and you could not get more than five cents a pound, it would pay you best to sell the corn and the hogs. Of course by selling the hogs now you take no risk from the feeding, but four and a quarter cents is a low price for pork, and as you say you have good pasture there is no reason why the hogs should not make a gain of a pound to a pound and a half per day on clover and a ration of corn or clover and bran, though it is not so essential to feed bran when they are on a green crop. As a rule with a fair price for pork, which six cents would certainly be, it is best to finish the animals on the farm and get the top market price rather than to go to the expense of selling the hogs and corn separately. Then, if you feed the corn at home, you keep the chief part of the fertilizing elements contained therein on your land and that is a considerable advantage, more sometimes than we credit it with.

It would not be necessary to grind the corn for the hogs unless it is particularly old and hard. They will shell it for themselves, and if it is this year's crop digest it quite thoroughly because it is comparatively soft.

Brood sows with pigs one month old can be fed to advantage on a mixture of one-third corn, one-third oats, barley and middlings, or corn and middlings, and one-third middlings. A combination of corn and bran, or bran and middlings, or corn and middlings will prove satisfactory, provided the sows have the run of a good pasture, and you can be guided in the purchase of the foodstuffs largely by the market price. If you have any skim milk available let the sow have what she will consume, but do not allow her to gorge herself, and feed her several pounds of meal per day, according to her condition and the draft which the pigs make on her.—Knoxville Journal and Tribune.

Cotton Seed and Meal.

The cotton seed problem is now before the cotton growers. Shall they sell to the oil mills for cash, or exchange for meal, or keep on the farm? They will do one or the other. What is best? Consider some of the facts connected with seed and their products. The following figures are approximately correct:

A ton of seed, 66 2/3 bushels, will yield

740 pounds of meal.
300 pounds of oil.
40 pounds of hulls.
40 pounds of linters.

20 pounds of waste.
The cash value of these products at the mill, where the meal shows seven per cent. nitrogen, is about \$22.00. When the mill pays seventy-five cents a hundred pounds for seed it has a \$12.00 margin to work on.

Suppose the farmer should exchange his ton of seed for meal. How much should he receive? The usual price of meal at this season is about \$22.00 a ton cash—equal to the value of the products of one ton of seed. At that rate he would receive 1300 pounds of meal for his ton of seed. Is that a profitable trade, or not? The hauling both ways is worth \$2.00.

A ton of cotton seed contains
75 pounds of ammonia.
25.4 pounds of phosphoric acid,
23.4 pounds of potash.

The commercial value of that at a port is \$13.25.

The experience of many good farmers is that seed used as a fertilizer are more satisfactory than the meal, or commercial fertilizer. The commercial value of the plant food in one bushel of cotton seed is twenty-one cents. Should the farmer sell at that price he will lose his hauling and trouble. He will lose if he sells his seed for less than twenty-five cents a bushel. In exchanging for meal he should get at least 1500 pounds for one ton of seed. No farmer can afford to sell his seed for cash with the expectation of buying commercial fertilizer on time in the spring.

Chemists will tell you that the seed are worth as much as food for cattle as the meal. The mistake that most farmers make is that they give too much seed. By feeding the seed to cattle and saving all the manure the greatest benefit is derived. Let farm-

Current Happenings.

A persistent process server finally served a subpoena on H. H. Rogers in the suit of Missouri against the Standard Oil Company.

A blizzard which swept across the northern lakes and the Michigan peninsula caused much loss of life and property, particularly in vessels, and buried the country under 15 inches of snow.

Major Holmes Conrad is said to be preparing the papers in the suit which Brown Bros. and the State of Virginia are to bring against West Virginia to secure a settlement of the State debt.

The life insurance investigation showed that the New York Life and the Equitable Society had been made to supply funds for stock deals and that the profits went to individuals; that non-taxable stock was loaned to friends, and that companies were milked in other ways.

Reflections of a Bachelor.

It is true that the average man would be satisfied with enough—but he never gets it.

If a man wants to marry a girl it is a sign that she thinks a lot of others do.

Most anybody seems to be able to catch a crook, but the best lawyers and the sternest judges don't seem to be able to hold him.

Some men nearly select the lesser of two evils as a sample.

Sympathy is all right in its way but it is a poor substitute for beef-steak.

Love your neighbor as yourself, but don't forget to lock your back door at night.

It isn't always advisable for a man with a sandy complexion to engage in the sugar business.

If you ever get acquainted with yourself the chances are you won't find your company so very agreeable.

IN CONSTANT AGONY.

A West Virginian's Awful Distress Through Kidney Trouble.

W. L. Jackson, merchant, of Parkersburg, W. Va., says: "During about five years I have been in constant agony brought kidney troubles on me, and I suffered twenty years with sharp cramping pains in the back and urinary disorders. I often had to set up a dozen times at night to urinate. Retention set in, and I was obliged to use the catheter."

I took to my bed, and the doctors' feeing to help, began using Doan's Kidney Pills. The urine soon came free-ly again, and the pain gradually disappeared. I have been cured eight years, and though over 70, am as active as a boy."

Sold by all dealers. 50 cents a box. Foster-Milburn Co., Buffalo, N. Y.

JAT THAT IS FOND OF HUNTING. Massachusetts Animal an Adept at Retrieving Game.

The firemen at the East-street engine house have a black cat which is remarkable for several things. It possesses six toes on each foot, and during the past year it has had about two score and ten kittens which have all had the same number of digits.

The cat also has become a follower of the hunting game in more ways than the average feline has aspired to. It has an excellent record for hunting rats and mice that can be found about the premises, but it is also a hunter after the fashion of dogs. One of the firemen takes trips into the neighboring places for hunting birds, and wherever he goes the cat is sure to be with him. Whenever he brings down any game the cat is there to claim the quarry.

It is said that the animal will follow the person in question for miles in order to get the game, and it cannot be deceived, for as soon as one of the firemen in the house starts out with a gun the cat is always a faithful follower. Yesterday one of these trips was taken with some success, and the cat seemed as pleased at the results as was the hunter.—Springfield (Mass.) Republican.

Most anybody seems to be able to catch a crook, but the best lawyers and the sternest judges don't seem to be able to hold him.

THE "COFFEE HEART." It is as Dangerous as the Tobacco or Whisky Heart.

"Coffee heart" is common to many coffee users and is liable to send the owner to his or her long home if the drug is persisted in. You can run thirty or forty yards and find out if your heart is troubled. A lady who was once a victim of the "coffee heart" writes from Oregon:

"I have been a habitual user of coffee all my life and have suffered very much in recent years from ailments which I became satisfied were directly due to the poison in the beverage, such as torpid liver and indigestion, which in turn made my complexion blotchy and muddy.

"Then my heart became affected. It would beat most rapidly just after I drank my coffee, and go below normal as the coffee effect wore off. Sometimes my pulse would go as high as 120 beats to the minute. My family were greatly alarmed at my condition, and at last most persuaded me to begin the use of Postum Food Coffee.

"I gave up the old coffee entirely and absolutely, and made Postum my sole table beverage. This was six months ago, and all my ills, the indigestion, inactive liver and rickety heart action have passed away, and my complexion has become clear and natural. The improvement set in very soon after I made the change, just as soon as the coffee poison had time to work out of my system.

"My husband has also been greatly benefited by the use of Postum, and we find that a simple breakfast with Postum is as satisfying and more strengthening than the old heavier meal we used to have with the other kind of coffee." Name given by Postum Co., Battle Creek, Mich.

There's a reason. Read the little book, "The Road to Wellville," in pages.

REGULAR AT CHURCH SERVICE.

Two Philadelphia Cats Have Pronounced Religious Turn.

Opposite Hunting Park, on Old York road, resides a family, Torrey by name. The Torreys own two cats that are different from other cats in that they go to church. As regularly as Sunday morning arrives the pair of felines may be seen following the Torreys to St. Stephen's church, Broad and Butler streets. No matter what the weather or springings on back fences, the two pious cats brave probable attacks by impious mongrels and set an example that many humans would do well to follow.

Neighbors will attest to the truthfulness of the statement that the church-going felines spend the very early morning hours of Sunday in licking themselves into that state of cleanliness which is said to be secondary only to godliness. Their fur is glossy, their paws immaculate, and not a whisker is out of place.

Arrived at the church, the cats content themselves with peering in at the door. They are seemingly content to delegate the praying to their owners. Then they slip into the vestibule of the priests' house adjoining, curl up and doze until church is out, when they follow the Torreys home and live normal cat lives until another Sunday.—Philadelphia Telegraph.

GOVERNOR OF OREGON Makes Use of His Family Pe-ru-na in For Colds.

Pe-ru-na is known from the Atlantic to the Pacific. Letters of congratulation and commendation testifying to the merits of Pe-ru-na as a catarrh remedy are pouring in from every State in the Union. Dr. Hartman is receiving hundreds of such letters daily. All classes write these letters, from the highest to the lowest.

The outdoor laborer, the indoor artisan, the clerk, the editor, the statesman, the preacher—all agree that Pe-ru-na is the catarrh remedy of the age. The stage and rostrum, recognizing catarrh as their greatest enemy, are especially enthusiastic in their praise and testimony.

Any man who wishes perfect health must be entirely free from catarrh. Catarrh is well-nigh universal. Pe-ru-na is the best and safest remedy known for its cure.

A FEW CUTTING REMARKS

The purpose of a saw is to cut. It should cut easily, cut closely, and cut with every movement. I prefer an Atkins Saw. Its blade is "Silver Steel," recognized the world over as the finest crucible steel ever made in ancient or modern times. It is hard, close-grained and tough. It holds a sharp cutting edge longer than any other saw. Its blade tapers sharply from thick to thin. From handle to tip, this it makes leeway for itself. Runs easily and does not buckle. Its temper is perfect. When bent by a crooked thrust, it springs into shape without kinking. The Atkins saw cuts—and does it best of any. We make all types and sizes of saws, but only one grade—the best.

Write for our Catalogue, Lists of our shavings, Scrapers, etc., are sold by all good hardware dealers. Catalogue on request.
