A good Red Salmon furnishes material for the muscle and brain and does not heat the blood. Look in your grocery's window for the transparent Argo Red Salmon.  
 It is cured in 30 minutes by Woolford's Sanitary Lard. Never fails. At drug stores.  
 People often ask what is a good brand of Salmon. "Argo Red Salmon" is the best possible answer.

**DOES YOUR BACK ACHE?**  
 Profit by the Experience of One Who Has Found Relief.

James R. Keeler, retired farmer, of Fenner St., Casanova, N. Y., says: "About fifteen years ago I suffered with my back and kidneys. I doctored and used many 'miraculous' remedies without getting relief. Beginning with Deane's Kidney Pills, I found relief from the first box, and two boxes restored me to good, sound condition. My wife and many of my friends have used Deane's Kidney Pills with good results and I can earnestly recommend them."  
 Sold by all dealers. 50 cents a box. Foster-Milburn Co., Buffalo, N. Y.

**DON'T BE ARROGANT**  
 It is Your Own Fault if You Continue to Suffer.

Why do you go around the house complaining, making yourself and everybody else miserable? It is your own fault if you suffer from Rheumatism, Sciatica, Gout, or other painful troubles that come from bad blood. Science has at last found a complete and palatable cure for all these diseases.

After years of careful study of the cause and cure of such diseases, Rheumacide was discovered. Rheumacide has been used in thousands of cases that were deemed incurable and has performed cures that were thought impossible. Rheumacide has cured after famous specialists have failed, and has cured a number of sufferers who spent months at the noted Johns Hopkins Hospital in vain.

The reason Rheumacide cures when other medicines fail, and all other remedies have failed is that it goes right to the seat of the disease, sweeps the poisonous germs and acids out of the blood, and removes the cause. It "gets at the joints from the inside."

Rheumacide builds up the entire system, and "makes you well all over."  
 Mrs. Laura D. Gardner, of 1341 James street, Baltimore, writes: "After I had suffered the most terrible tortures for sixteen years, she writes: "People in my neighborhood, where I have lived for more than twenty years, will testify as to my condition before being cured by Rheumacide. At times my suffering was so great I could not get up to be touched, and my clothing had to be torn from me. I write you this letter because I feel so grateful for the benefit I have received, and am only recommending the medicine to my friends."

 Argo Red Salmon is rapidly becoming a household word in this locality. At all grocers.

**Cherry Brown Betty.**  
 Put a layer of finely chopped, well-sweetened cherries in the bottom of a baking dish; cover with fine bread crumbs dotted thickly with bits of butter. Put in more cherries, more sugar, etc., continuing until the dish is full. Have the top layer of buttered crumbs. Cover and bake for an hour, then remove the cover and brown. Serve with hard sauce flavored with nutmeg.—The Delicater for June.

**KIDNEY TROUBLE**  
 Suffered Two Years—Relieved in Three Months.  
  
**C. B. FIZER.**

Mrs. C. B. FIZER, Mt. Sterling, Ky., writes: "I have suffered with kidney and bladder trouble for ten years past. Last March I commenced using Peruna and continued for three months. I have not used it since, nor have I felt a pain. I believe that I am well and I therefore give my highest commendation to the curative qualities of Peruna."

**Per-ru-na For Kidney Trouble.**  
 Mrs. Geo. H. Simser, Grant, Ontario, Can., writes: "I had not been well for about four years. I had kidney trouble, and, in fact, had been nearly blind. This summer I got so very bad I thought I would try Peruna, so I wrote to you and began at once to take Peruna and Manalin."  
 "I took only two bottles of Peruna and one of Manalin, and now I feel better than I have for some time."  
 "I feel that Peruna and Manalin cured me and made a different woman of me altogether. I bless the day I picked up the little bottle and rest of your Peruna."  
 It is the business of the kidneys to remove from the blood all poisonous materials. They must be active all the time, else the system suffers. There are times when they need a little assistance. Peruna is exactly this sort of a remedy. It has saved many people from disaster by restoring the kidneys' service at a time when they were not able to bear their own burdens.

Peruna is sold by your local druggist. Buy a bottle today.

 Hospitals and Doctors Could Not Relieve Disease—Cuticura Remedies a Speedy, Permanent Cure.

"Eczema appeared when our baby was three months old. We applied to several doctors and hospitals, each of which gave us something different every time, but nothing brought relief. At last, one of our friends recommended to us Cuticura Soap and Cuticura Ointment. A few days afterwards improvement could be noted. Since then we have used nothing but Cuticura Soap and Cuticura Ointment, and now the baby is six months old and is quite cured. All that we used was one cake of Cuticura Soap and two boxes Cuticura Ointment, costing in all \$1.25. C. F. Kara, 313 East 5th Street, New York, March 30, 1906."

**SULPHUR BRINGS HEALTH.**  
 Purifies the Blood and Clears up the Complexion.

Everybody needs to take Sulphur at this season. Nothing like it to purify the blood, clear up the complexion and remove "that tired feeling." But the only way to take it is in liquid form. Hancock's Liquid Sulphur taken internally is the best Spring tonic. Applied externally Hancock's Liquid Sulphur quickly cures Eczema, Tetter, and all Skin Diseases. Hancock's, the only Liquid Sulphur Ointment, removes Pimples, Blackheads and Sores, and gives a beautiful soft, velvety skin. Your druggist sells it. I cured Edward D. Herring, of Frederick, Md., of a bad case of Eczema, and he writes: "My face is as smooth as an infant's."

**Semi-Electrocution.**  
 The latest discovery in anesthetics is that of Dr. Stephen Leduc, a Parisian physician, who destroys sensibility all over the body by sending a mild alternating current of electricity through the brain in the same general manner as in electrocution. In this case the patient loses consciousness but in every other respect important advantages are secured. There is no nausea, weakness or languor, and absolutely no effect on the heart. The patient becomes conscious the instant the current is shut off, and with a decidedly invigorated sensation.—Baltimore News.

**GOOD ROADS.**

Indiana Road Improvement.  
 Indiana seems to be entitled to first place in the rank of the States which have helped to improve their highways, so far as the percentage of roads improved can give rank. The Office of Public Roads, U. S. Department of Agriculture, reports that in the year 1904 Indiana had surfaced 20,582 miles with gravel and 3295 miles with stone, making 23,877 miles out of a total of 68,306 miles of roads in that State. That is, thirty-five per cent. of the roads has been improved.

The report states that for each square mile of territory Indiana has 1.9 mile of public road, which equals a mile of such road for each thirty-six inhabitants, and a mile of improved road for every 105 of its population. In other words, for each of its people the State has 8.88 rods of public road, and 3.95 rods of improved roads per capita of its population.

A road tax of not to exceed thirty cents on each \$100 worth of taxable property outside of incorporated cities and towns is always levied annually by the township trustee of each township. An additional tax of ten cents on the \$100 valuation may be levied for the construction and repair of bridges, culverts and other road purposes, if agreed to by the board of county commissioners. This tax may be worked out at the rate of \$1.25 per day (changed to \$1.50 per day in 1905) or \$2.50 per day for double time without driver.

Every able-bodied male person over twenty-one and under fifty years of age, residing in a road district of a township, is required to perform not less than two or more than four days' labor on the public roads each year, or to furnish a substitute; or in lieu of this labor he may pay to the road overseer \$1.50 for each day he is assessed.

Bonds may be issued by the boards of commissioners of any county for gravelling and macadamizing or otherwise improving roads. The limit of indebtedness for this purpose at any one time is fixed by law at four per cent. of the total assessed valuation of the property of the township, or townships, in which the roads are located. The law provides two methods of paying the principal and interest on these bonds. The first is by assessment against property according to benefits received. The second is by a special tax levied against the property in the township, or townships, including cities and towns of not to exceed 20,000 inhabitants.

A tax of not to exceed ten cents upon each \$100 of taxable property for every ten miles of gravel or stone road may be assessed by the county auditor upon all the taxable property of the county for the repair of the same.

The amount derived from the property tax in the various counties and townships and expended in cash or labor on roads was \$2,959,970.30 in 1904; the estimated cash value of the labor tax was \$895,458.25, and the amount expended from bond issues during the same year amounted to \$1,307,768.95, making a total expenditure of \$4,299,197.50. It will be seen from the figures that the cash value of the labor tax in each county is the product obtained by multiplying the number of men drafted for road service by the number of days required of each per annum, and this product by \$2.25, the amount per day required by law in lieu of labor. It will be interesting to note that during the past ten years \$11,668,902.58 has been expended on the public roads of Indiana from bond issues alone. By comparing the total expenditure for the year 1904 with the total mileage of public roads and with the population of the State, it is found that the funds collected and expended for road purposes, including the estimated cash value of the labor tax, amounted to \$62.94 per mile of public road, or \$1.70 per inhabitant.—Good Roads Magazine.

**Keep the Roads in Good Shape.**  
 The best time to get out the spilt-log drag and do some good work is during the spring thaws. As the frost leaves the ground and as the surface dries off the spilt log will do wonders.

It has been urged upon farmers to look after that much of the public highway as is adjacent to each respective farm. While many do this willingly and keep that much of the road in fine condition, others are not so public spirited, and refuse to do any road work except under the direction of the roadmaster. Good roads will not be made nor kept up under the old system of working out road taxes. Each individual farmer should take enough pride in good roads to do a little extra work. The spilt log will keep a well drained road bed in nice condition, and two or three times over, after each rain, does the job. Get out the drag. Your example will be an incentive for others to do likewise.—Indiana Farmer.

**Increases Property Value.**  
 The Pueblo (Col.) Chieftain adds its evidence to the cause of good roads when it says: "The benefits of public improvements, especially paving, are shown in the rapidly increasing value of property within the paving districts of Pueblo. This increase will more than pay the cost of the paving. It should stimulate a demand for paving among property owners in sections of the city where this improvement has not been made."

**Luck of a Windfall.**  
 The harsh forest laws of William the Conqueror are responsible for the meaning of good luck now so often associated with the term windfall. Under the Norman it was a criminal offense to cut down timber in the forests; but as the peasants were allowed to gather whatever wood the wind had blown down, they always hailed a storm as an omen of good luck.

The phrase "sinuosity of explanation" is Mr. Cleveland's own coinage.

**One of the Important Duties of Physicians and the Well-Informed of the World**

is to learn as to the relative standing and reliability of the leading manufacturers of medicinal agents, as the most eminent physicians are the most careful as to the uniform quality and perfect purity of remedies prescribed by them, and it is well known to physicians and the Well-Informed generally that the California Fig Syrup Co., by reason of its correct methods and perfect equipment and the ethical character of its product has attained to the high standing in scientific and commercial circles which is accorded to successful and reliable houses only, and, therefore, that the name of the Company has become a guarantee of the excellence of its remedy.

**TRUTH AND QUALITY**  
 appeal to the Well-Informed in every walk of life and are essential to permanent success and creditable standing, therefore we wish to call the attention of all who would enjoy good health, with its blessings, to the fact that it involves the question of right living with all the term implies. With proper knowledge of what is best each hour of recreation, of enjoyment, of contemplation and of effort may be made to contribute to that end and the use of medicines dispensed with generally to great advantage, but as in many instances a simple, wholesome remedy may be invaluable if taken at the proper time, the California Fig Syrup Co. feels that it is alike important to present truthfully the subject and to supply the one perfect laxative remedy which has won the approval of physicians and the world-wide acceptance of the Well-Informed because of the excellence of the combination, known to all, and the original method of manufacture, which is known to the California Fig Syrup Co. only.

This valuable remedy has been long and favorably known under the name of—Syrup of Figs—and has attained to world-wide acceptance as the most excellent of family laxatives, and as its pure laxative principles, obtained from Senna, are well known to physicians and the Well-Informed of the world to be the best of natural laxatives, we have adopted the more elaborate name of—Syrup of Figs and Elixir of Senna—as more fully descriptive of the remedy, but doubtless it will always be called for by the shorter name of Syrup of Figs—and to get its beneficial effects always when, when purchasing, the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package, whether you simply call for—Syrup of Figs—or by the full name—Syrup of Figs and Elixir of Senna—as—Syrup of Figs and Elixir of Senna—is the one laxative remedy manufactured by the California Fig Syrup Co. and the same heretofore known by the name—Syrup of Figs—which has given satisfaction to millions. The genuine is for sale by all leading druggists throughout the United States in original packages of one size only, the regular price of which is fifty cents per bottle.

Every bottle is sold under the general guarantee of the Company, filed with the Secretary of Agriculture, at Washington, D. C., that the remedy is not adulterated or misbranded within the meaning of the Food and Drugs Act, June 30th, 1906.

 Deafness Cannot Be Cured by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. No cases out of ten are cured by local applications, which is nothing but an inflamed condition of the mucous surfaces.

**If You Read This**  
 It will be to learn that the leading medical writers and teachers of all the several schools of practice recommend, in the strongest terms possible, each and every ingredient entering into the composition of Dr. Pierce's Golden Medical Discovery for the cure of weak stomach, dyspepsia, catarrh of stomach, "liver complaint," torpid liver, or biliousness, chronic bowel affections, and all catarrhal diseases of whatever region, and of whatever nature. It is a specific remedy for all such chronic or long standing cases of catarrh affections and their resultant, as bronchitis, throat and lung disease, except consumption) accompanied with severe coughs. It is not so good for acute colds and coughs, but for lingering, or chronic cases it is especially efficacious in producing perfect cures. It contains Black Cherry bark, Golden Seal root, Bloodroot, Stone root, Mandrake root and Queen's root—all of which are highly praised as remedies for all the above mentioned affections by such eminent medical writers and teachers as Prof. E. H. Bowdler, Jefferson Medical College; Prof. Hare of the Univ. of Pa.; Prof. Finley Sillwood, M. D., of Bennett Medical College, Chicago; Prof. John King, M. D., of Cincinnati; Prof. J. M. **AWAY WITH THE RUBBISH.**  
 Some people's minds are like a second hand shop; they contain things of considerable value mixed with a great deal of rubbish. There is no system or order in them. These minds retain everything—good, bad or indifferent. They can never bear to throw anything away, for fear it might be of service at some time, so that their mental storehouses are clogged with all sorts of rubbish.  
 If these people would only have a regular "mind cleaning" now and then, and throw away all the rubbish, and systematize and arrange what is left, they might amount to something; but no one can do good work with his mind full of confusion, says Home Chat.  
 Get rid of the rubbish. Do not go through life burdened with non-essential, meaningless things. Everywhere we see people who are handicapped because they never will let go of anything. They are like the over-careful housekeeper who never throws anything away for fear it may be of use in the future, and whose attic and woodshed and every cupboard and corner in the house are piled up with rubbish which "might be wanted some time." The habit of throwing away rubbish is of inestimable value.

There are subjects upon which we cannot reason; we can only feel.  
**CHANGE IN FOOD**  
 Works Wonders in Health.

It is worth knowing that a change in food can cure dyspepsia. "I deem it my duty to let you know how Grape-Nuts food has cured me of indigestion."  
 "I had been troubled with it for years, until last year my doctor recommended Grape-Nuts food to be used every morning. I followed instructions and now I am entirely well."  
 "The whole family like Grape-Nuts, we use four packages a week. You are welcome to use this testimonial as you see fit."  
 The reason this food was helped by the use of Grape-Nuts food, is that it is predigested by natural processes and therefore does not tax the stomach as the food has been using; it also contains the elements required for building up the nervous system. If that part of the human body is in perfect working order, there can be no dyspepsia, for nervous energy represents the steam that drives the engine.  
 When the nervous system is run down, the machinery of the body works badly. Grape-Nuts food can be used by small children as well as adults. It is perfectly cooked and ready for instant use.

**Perfect Womanhood**  
 The greatest menace to woman's permanent happiness in life is the suffering that comes from some derangement of the feminine organs. Many thousands of women have realized this too late to save their health, barely in time to save their lives.  
 To be a successful wife, to retain the love and admiration of her husband, should be a woman's constant study.  
 If a woman finds that her energies are flagging, that she gets easily tired, dark shadows appear under her eyes, she has backache, headache, bearing-down sensations, nervousness, irregularities or the "blues," she should start at once to build up her system by a tonic with specific powers, such as **Lydia E. Pinkham's Vegetable Compound**  
 the greatest woman's remedy for woman's ills, made only of roots and herbs. It cures Female Complaints, such as Dragging Sensations, Weak Back, Falling and Displacements, Inflammation and Ulceration, and all Organic Diseases, and is invaluable in the Change of Life. It dissolves and Expels Tumors at an early stage, Subdues Pains, Nervous Prostration, Exhaustion, and strengthens and tones the Stomach. Cures Headache, General Debility, Indigestion, and invigorates the whole feminine system. It is an excellent remedy for derangements of the kidneys in either sex.
