He Liked Pig Latin

Nealie when a little tot was visiting a farmyard. His mother helped him up to look at a pen of small pigs. As he looked in, a little pig near him jumped up, putting his fore feet against the side of the pen, and gave a quick grunt. Nealie turned quickly and said: "Oh, mama, tell him to say that again!"—The February Delineator.

In another column will be found the advertisement of the Nashville Seed Co. These people are not only in position to aid and encourage farmers in diversifying their crops, but are also ready to answer all requests for information on the subject of farming and trucking. There is too much cotton in the South and not enough hay, corn, live stock and garden truck.

If your blood is out of order, you run a risk of taking a germ disease.

Rheumatism, LaGrippe, Pneumonia and Typhoid Fever are germ diseases.

"Rheumacide" is an active blood purifier. It cleanses the blood of all impurities. It gives tone to the entire body.

Pure blood prevents germs from taking hold of the vital organs and expels them from the system.

"Rheumacide" is put up in tablet and liquid form, and is sold by druggists at 25c, 50c, and \$1 per bottle. Liniment, 25c.

GROWTH OF SUNDAY SCHOOLS

Nearly 23,000,000 Children Are Now Studying the Bible.

Whether in city or country, housed in its own magnificent building or in a dilapidated mountain shack, with thousands of children or with barely a baker's dozen, the Sunday school is to-day considered the strategic center of the great church militant. The Sunday schools of the United States alone are attended by about 11,500,000 pupils and 1,500,000 teachers. Given a voice in affairs of church or state, this would represent no mean influence. The latest statistics of the Sunday schools of the world show 22,739,323 little Christians working their way through the grades of Bible study, learning the needs of the mission field and being graduated into church membership.—The February Delineator.

Important Information

With the twenty-second of February looming up in the middle distance, the young teacher thought she saw a good chance to inculcate patriotism in her young charges. "Now, what little boy can tell me anything about George Washington?" she asked sweetly. Then selecting the boy attached to the hand which seemed to be waving the most frantically, she said, "You may tell, Willie." "Please, mum, we git a holiday on his birthday."—February Lippin cott's.

JOY WORK

And the Other Kind.

Did you ever stand on a prominent corner at an early morning hour and watch the throngs of people on their way to work? Noting the number who were forcing themselves along because it meant their daily bread, and the others cheerfully and eagerly pursuing their way because of love of their work.

It is a fact that one's food has much to do with it. As an example: If an engine has poor oil, or a boiler is fired with poor coal, a bad result is certain, isn't it?

Treating your stomach right is the keystone that sustains the arch of health's temple, and you will find "Grape-Nuts" as a daily food is the most nourishing and beneficial you can use.

We have thousands of testimonials, real genuine little heart throbs, from people who simply tried Grape-Nuts out of curiosity—as a last resort—with the result that prompted the testimonial.

If you have never tried Grape-Nuts it's worth while to give it a fair, impartial trial. Remember there are millions eating Grape-Nuts every day—they know, and we know, if you will use Grape-Nuts every morning your work is more likely to be joy work, because you can keep well, and with the brain well nourished work is a joy. Read the "Road to Well-being" in every package.—There's a Reason.

TUBERCULOSIS MEET

Convention Held in Charlotte Organize for Extermination

PLAN A VIGOROUS WARFARE

Assembled to Make War on the Great White Plague.—Tuberculosis, its Prevalence, Costliness and Fatality—Remedies Pointed Out.

At 10 o'clock Tuesday morning in the Selwyn Hotel in Charlotte, the North Carolina Convention for the Prevention of Tuberculosis, assembled. After the preliminaries were done in due form the doctors plunged into their subject with great earnestness and zeal. Space will permit only the gist of the arguments in favor of a vigorous warfare against the "great white plague."

Dr. J. P. Monroe said Tuberculosis is the greatest enemy of modern people and that it must be exterminated. He held out hope to the afflicted that cures are possible.

Dr. Harper said that it is estimated that tuberculosis fatalities exceed those of war, famine, plague, cholera, yellow fever and small-pox, all combined.

It was set forth that even in our own nation 558 people die daily of the disease and that North Carolina shares only too fully in the proportion.

Its courses are understood to be, hereditary tendency, lack of sufficient clothing, living in infected houses (which should be disinfected) lack of ventilation, lack of cleanliness, unsanitary environment, lack of proper food, etc., which can be summed up in the term, ignorance of the part of the people as to the nature of the disease and the means of prevention and cure of it.

Poverty was given as a cause and a result of the malady.

The cost of the dread disease as brought out is an eye opener. When it is considered what is the average earning capacity of victims, together with costs of treatment while lingering, an average estimate of \$8,000 each is placed. Probably 200,000 people die in the United States every year of this malady. Thus \$1,600,000,000 worth of productive energy is cut off from our nation every year.

The remedies advocated so unambiguously and forcibly are popular education on the subject, means of treatment of patients and power to enforce laws of health.

To educate the people Dr. Williams advocated a small, well bound, neat book of about 50 pages, composed in readable, attractive style, also a smaller printed pamphlet as well as other forms of literature. These should be gotten up by the legislature and distributed by county cooperation. These books should be taught in the schools, the teacher having had suitable training, and also frequent lectures should be delivered in the schools on the subject.

Hospitals, sanitariums and colonies seem to be the means of treatment for infected. These, it was set forth, should be maintained partly at least by taxation in order that no one would wait too long to apply for help through a feeling of dependency but could claim it as a right.

To any objection on the score of costliness is rebutted the immense loss now sustained by the ravages of the disease.

A city like Wilmington it was estimated, would have about 80 deaths a year. The cost of the sickness and death, together with the earnings of these persons in normal condition, and average life being about \$8,000 would bring the city's loss up to \$640,000 annually. It is estimated too, that in a hospital or sanitarium at a cost of \$175, the average life of the afflicted would be lengthened by ten years.

It is a recognized fact that there are those who would not submit to laws of safety to their fellow men such as burning all sputum and taking treatment where such could effectually benefit them and be a means of safety to others. In such cases law and its proper execution was thought a necessary expedient.

Among contributors of papers, etc., were Dr. I. W. Faison, Charlotte; Dr. J. E. Brooks, of Aberdeen; Dr. William M. Jones, of High Point; Dr. S. Westry Battle, U. S. N.; Dr. W. J. McAnnally, of High Point; Dr. A. J. Crowell, of Charlotte; Dr. James A. Burroughs, of Asheville; Dr. Charles T. Harper, of Wilmington; Dr. John Roy Williams, of Greensboro; Dr. W. N. Lambeth, of the University of Virginia; Dr. Charles L. Minor, and Dr. Paul Paquin, of Asheville.

What the Convention Was

It was not a doctors' convention. The doctors were the leaders and teachers, but the membership of the "North Carolina Society for the Prevention of Tuberculosis" is made up of all the citizens in the State who want to see the extermination of Tuberculosis and will band themselves together and give a little time and money to carry on the war. The membership fee is \$1.00 per year and every citizen of the State should be enrolled. Send your name and gift to Dr. C. A. Julian, Thomasville, N. C.

Four Articles in Its Creed

1. Tuberculosis is our greatest enemy.
2. Tuberculosis can be prevented.
3. Tuberculosis can be cured.
4. Tuberculosis must be exterminated.

How People Get Tuberculosis

Dr. Minor: "We know that practically the only danger of infection arises from the expectoration of those suffering from pulmonary tuber-

culosis, in their sputum is found the germ in large numbers and when dried, reduced to dust, and blown around, it can under favorable conditions (but not easily, it is true, for it with difficulty can infect man) produce the disease in those in whom it succeeds in getting firm lodgment.

"Street spitting we cannot hope for a long time if ever to stop, but if we can only teach that to spit on a sidewalk, and not into the roadway, is improper, we must and probably can trust our good friend the Sun to continue at the old stand undisturbed, out doors at least, the bad effects of man's carelessness.

"It is indoor spitting that is dangerous and which chiefly spreads the disease, and this we cannot too vigorously attack and seek to eradicate.

"Let the spitting habit be once stopped and let all sputum be properly disposed of where it can do no harm and scientists all recognize that in fifty years or less tuberculosis would be a rare disease."

How to Prevent Tuberculosis

1. Destroy all sputum.
2. Disinfect all houses where there have been cases of tuberculosis. This should be done under the supervision of the Health authorities of the town or city.
3. Let the State see that all houses are built in such a manner that the inmates will have plenty of fresh air and sunlight.
4. Educate the people to the necessity of properly ventilating their sleeping rooms, stores, shops and offices.
5. Dr. Lambeth says: "Let the public school add to its curriculum a course on feeding the human animal. Time could easily be provided for this, moreover, a little less study of the dead languages and a little more study of the living man would make it all the better for our bodies and little worse for our education. Let the course include the physiological importance of nutrition, the nutritive values of all the available foods, the economic value of substance offered for sale as food, and methods of preparing the cheaper foods in a more palatable manner."

In other words: Pure air, proper food and plenty of it; and the destruction of all sputum will prevent tuberculosis.

Tuberculosis Can be Cured

1. An early diagnosis is essential. The patient should know the truth. The doctor should tell him the truth; and no time should be lost in seeking wise and competent treatment.
2. Some cases can be successfully treated at home. The best places are the hospitals, sanitariums, colonies, resorts and dispensaries.
3. Medicine does not hold a very large place in the treatment. It is largely a matter of properly regulated living for the patient. The physician should be the teacher and the patient the pupil in a school of health. Implicit obedience on the part of the pupil is the only hope. Hundreds are being cured in this way.

4. The convention asks the State to help by providing a "North Carolina Training School for the Treatment and Prevention of Tuberculosis." The idea is to give a short course of instruction to the patient and then send him home and let others come, till finally the good news is spread all over the State.

What the State Should Do

Dr. Williams: "I advocate that we request the State to furnish sufficient funds to provide literature for circulation among the people, in which will be incorporated the instructions which should be widely distributed, sent into all homes, and so written as to be easily intelligible.

"I advocate the publication of a book, of forty or fifty pages, covering in brief, the subject of tuberculosis, compiled so as to be easily intelligible to the most ignorant reader. Let it be attractively gotten up, so as to be worthy of a place in the library of our people.

"The State should provide the necessary funds for the publication of such a book, and for the distribution of it. It should provide for supplementing the book with illustrated lectures, to be delivered by competent men all over the State.

"This book should be placed in the schools; and teachers who have been trained for the purpose, should be selected to interpret it to the children. The child has an impressionable brain, and this needed instruction would be sown in a fertile soil, to bring forth, in a few years, an abundant harvest of good for the control of this disease."

Georgia Lumber Company Gets Big Verdict Against South.

Me. Cor. Ga., Special.—The Stuart Lumber Company was Tuesday awarded a verdict of \$9,428.43 against the Southern Railway at this suit was instituted in connection with the famous Tif Lumber Company suit versus the Southern Railway et al. alleging overcharges. Special Master in Chancery Taltry submitted the report.

Oppose Increase in Navy

Boston, Special.—A remonstrance against a further increase of the United States navy, signed by 224 clergymen of various denominations in Boston and vicinity was sent to Congress Monday. It is the belief of the ministers that naval preparations have grown so enormously as to become a distressing burden on the richest nations and an actual menace to the peace of the world.

Governor Chamberlain Elected Senator in Creole

Sam. Or., Special.—Gov. George E. Chamberlain a Democrat, was on Tuesday elected United States Senator to succeed C. W. Fulton, receiving a majority of each House of the Legislature, which voted in separate session.

BABY'S SKIN ERUPTION CURED.

Was So Sore, Irritating and Painful That Little Sufferer Could Not Sleep—Scratched Constantly—Cuticura's Efficacy Proven.

"When about two and a half years old my daughter broke out on her hips and the upper parts of her legs with a very irritating and painful eruption. It began in October; the first I noticed was a little red surface and a constant desire on her part to scratch her limbs. She could not sleep and the eruptions got sore, and yellow water came out of them. I had two doctors treat her, but she grew worse under their treatment. Then I bought the Cuticura Remedies and only used them two weeks when she was entirely well. This was in February. She has never had another rough place on her skin since. I am now fourteen years old. Mrs. R. R. Whitaker, Winchester, Tenn., Sept. 22, 1908."

Potter Drug & Chem. Corp., Sole Props. of Cuticura Remedies, Boston, Mass.

By a European process flour is compressed into blocks for preservation. The treatment kills all form of larval life and prevents ravages of insects.

Red, Weak, Watery Eyes Believed by Murine Eye Remedy. Compounded by Experienced Physicians. Conforms to Pure Food and Drug Laws. Murine Doesn't Smart; Soothes Eye Pain.

Each day should find us doing things better than previously. Acquire the habit of promptness in every matter, large or small, which is left to your care.

Do not neglect constipation, for this condition poisons the blood and leads to chronic ill health. Gardolite Tea, the mild herb laxative, corrects constipation, keeps the blood pure, and the health good.

I asked my stenographer whether it was David or Solomon that wrote, "I said in my haste all men are liars." "I don't know," she said, "but if he had lived around here he might have said it at his leisure."

Piles Cured in 6 to 14 Days. Pazo Ointment is guaranteed to cure any case of itching, blind, bleeding or protruding Piles in 6 to 14 days or money refunded. 50c.

Learn to show a thorough interest in a customer or any person approaching you; try to look at the matter from his standpoint as well as your own.

OFTEN THE CASE.

Women Struggle Hopelessly Along, Suffering Backache, Dizzy Spells, Languor, Etc.

Women have so much to go through in life that it's a pity there is so much suffering from backache and other common curable kidney ills. If you suffer so, profit by this woman's example. Mrs. Martin Douglas, 52 Cedar St., Kingston, N. Y., says: "I had a lame, aching back, dizzy spells, headaches, and a feeling of languor. Part of the time I could not attend to my work and irregularity of the kidney secretions was annoying. Doan's Kidney Pills brought me prompt relief."

Sold by all dealers. 50c a box. Foster-Milburn Co., Buffalo, N. Y.

Took Him on Probation. Elizabeth's father had died when she was a tiny baby, and for four years she had ruled her mother and every one with whom she came in contact. Much to her surprise she was one day introduced to a "new papa." She looked him over carefully, then, after much coaxing, she climbed upon his knee and listened as he told her of the many nice things he would do for her mother and her. Finally asking whether she would love him just a little. She looked him squarely in the eye and said: "Yes, if you do all you promise, I may like you, but I tell you now, if you try to be boss around here, we just won't have you for our husband!"—The February Delineator.

Entirely Well of Eczema—Tettering Did the Work. "I had eczema on my chest for seven years and it looked like a piece of rusty iron; the torture was almost unbearable. One of my salesmen offered to pay for the medicine if it did not cure me. I used less than three boxes and am entirely well."

Clem Kinard, Ruffin, S. C. Tettering eczema. Eczema, Tettering, Ring Worm, Ground Itch, Itching Piles, Infant's Head, Pimples, Boils, Rough Scaly Patches on the Face, Oily Itching Sores, Dandruff, Canker Sores, Scabies, Corns, Chills and every form of Skin Disease. Tettering 50c; Tettering Soap 25c. Your druggist, or by mail from the manufacturer, The Shuptrine Co., Savannah, Ga.

Advice in an advertisement is like a stick frozen in ice; the skater stumbles over it but nobody stops to dig it out.

Mrs. Winslow's Soothing Syrup for Children teething, softens the gums, reduces inflammation, allays pain, cures wind colic. 25c a bottle.

A boy thinks more of a sore toe than all the rest.

Breaks a Cold Promptly. The following formula is a never failing remedy for colds:

One ounce of compound syrup of Sarsaparilla, one ounce Toris compound and half pint of good whiskey; mix and shake thoroughly each time an use in doses of a tablespoonful every four hours.

This will frequently cure an acute cold in twenty-four hours. The ingredients can be gotten at any drug store.

There probably is a wrong side to everything—except maybe the right woman.

Every Woman Will Be Interested. If you have pains in the back, urinary, bladder or kidney trouble, and want a pleasant herb cure for women's ills, try Mother Gray's Australian Leaf. It is a reliable regulator. All Druggists 50c. Sample FREE. The Mother Gray Co., Le Roy, N. Y.

Many a pleasant flow of language is interrupted by an idea.

Only One "Bromo Quinine" That is Laxative Bromo Quinine. Look for the signature of E. W. Grove. Used the World over to Cure a Cold in One Day. 25c.

If you cannot whip a man any other way you may flatter him.

Itch cured in 20 minutes by Woolford's Sanitary Lotion. Never fails. At druggists.

The average man is the one who believes he is above the average.

TRISOLIN CURE

Cures Where All Else Fails. Cures Eczema, Itching Piles, Ring Worm, Ground Itch, Infant's Head, Pimples, Boils, Rough Scaly Patches on the Face, Oily Itching Sores, Dandruff, Canker Sores, Scabies, Corns, Chills and every form of Skin Disease. Tettering 50c; Tettering Soap 25c. Your druggist, or by mail from the manufacturer, The Shuptrine Co., Savannah, Ga.

JOHN WHITE & CO. LOUISVILLE, KY. Highest market price paid for FURS and HIDES. Wool on Commission.

ONION SEED 60 cts. a lb. Largest growers of onion and vegetable seeds in the world. Big catalog free; or send 10c in stamps and receive catalog and 100 samples each of onions, carrots, celery, radishes, 100 each lettuce, rutabaga, turnips, 100 parsley, 100 tomatoes, 100 melons, for 50c each. For more seeds, write for our color booklet, \$1 of any man's money. Or, send 25c, and we will add one package of Earliest Peep O'Day Sweet Corn. SALZER SEED CO., Box A. C., La Crosse, Wis.
