

# Let Me Tell You Something

A woman who is sick and suffering, and won't at least try a medicine which has the record of Lydia E. Pinkham's Vegetable Compound, is to blame for her own wretched condition.

There are literally hundreds of thousands of women in the United States who have been benefited by this famous old remedy, which was produced from roots and herbs over thirty years ago by a woman to relieve woman's suffering.

Read what these women say:

Camden, N. J.—"It is with pleasure that I send my testimonial for Lydia E. Pinkham's Vegetable Compound, hoping it may induce other suffering women to avail themselves of the benefit of this valuable remedy.

"I suffered from pains in my back and side, sick headaches, no appetite, was tired and nervous all the time, and so weak I could hardly stand. Lydia E. Pinkham's Vegetable Compound made me a well woman—and this valuable medicine shall always have my praise."—Mrs. W. P. Valentine, 902 Lincoln Ave., Camden, N. J.

Erie, Pa.—"I suffered for five years from female troubles, and at last was almost helpless. I tried three doctors but they did me no good. My sister advised me to try Lydia E. Pinkham's Vegetable Compound, and it has made me well and strong. I hope all suffering women will just give Lydia E. Pinkham's Vegetable Compound a trial for it is worth its weight in gold."—Mrs. J. P. Endlich, R. F. D. 7, Erie, Pa.

Since we guarantee that all testimonials which we publish are genuine, it is not fair to suppose that if Lydia E. Pinkham's Vegetable Compound had the virtue to help these women it will help any other woman who is suffering from the same trouble.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman does justice to herself who will not try this famous medicine. Made exclusively from roots and herbs, and has thousands of cures to its credit.

If the slightest trouble appears which you do not understand, write to Mrs. Pinkham at Lynn, Mass., for her advice—it is free and always helpful.

A good news item is of course a luxury, but it is a great deal more than that. It has a large force of bright men who are ardently gathering all sorts of news. It would be a tolerably dull man who could not now and then find opportunity for profit or improvement in some of this news. No man should read the Observer for a year without finding opportunity to make more than \$25 to \$100. Many do find opportunity to make \$1000, \$5000 and \$10,000. The Observer's news gatherers tell of every new move that they can find, which of course means industrial interest. If there is a new house to be built they tell about it, then the brick men, the lumber men, hardware men and others who read the Observer get the first chance at the business.

**How's This For Mud?**  
Of all the yarns that ever came down the line, regarding deep mud, the following should be entitled to the blue ribbon. It happened in the place where mud originated. A man was walking along the roadside one summer day and noticed a fairly good looking hat out in the road. Reaching out with his cane, he gave it a cut and was startled to hear a voice exclaim: "Here, what the ducce are you doing? Then he made the astonishing discovery that the owner of the head-piece was under the hat, up to his ears in mud. "Great Heavens!" exclaimed the man who had hit the hat. "Is that mud as deep as that?" "Deep!" cried the victim. "Why, man alive, I'm standing on a load of hay."—May Lippincott's.

**POOD FACTS**  
What an M. D. Learned.

A prominent Georgia physician went through a food experience which he makes public:

"It was my own experience that first led me to advocate Grape-Nuts food and I also know, from having prescribed it to convalescents and other weak patients, that the food is a wonderful restorer of nerve and brain tissue, as well as muscle. It improves the digestion and sick patients always gain just as I did in strength and weight very rapidly.

"I was in such a low state that I had to give up my work entirely, and went to the mountains of this state, but two months there did not improve me; in fact, I was not quite as well as when I left home on Grape-Nuts food.

"My food did not sustain me and it became plain that I must change. Then I began to use Grape-Nuts food and in two weeks I could walk a mile without fatigue, and in five weeks returned to my home and practice, taking up hard work again. Since that time I have felt as well and strong as I ever did in my life.

"As a physician who seeks to help all his sufferers, I consider it a duty to make these facts public."

**Trial 10 days on Grape-Nuts.** when the regular food does not seem to sustain the body, will work miracles.

## ROOSEVELT IN AFRICA

### Former President and His Party Arrive at Mombasa.

### HUNTING TO BEGIN AT ONCE

Crowds Gathered to Catch Sight of Roosevelt But There Was No Demonstration.

Mombasa, British East Africa.—Ex-President Theodore Roosevelt arrived here on the steamer Admiral. Mr. Roosevelt was in the best of health, as were all the members of his party.

The people of Mombasa were in a great state of expectancy throughout the day of the ship brought them in crowds to vantage points where they might catch a glimpse of the distinguished visitor. The admiral, however, came slowly up the harbor, and it was dark when the expedition, accompanied by his son, Kermit, and the captain, made a landing.

They were brought ashore in the commandant's surf boat and carried to a place of shelter in chairs on natives' shoulders.

There was a perfect deluge of rain, but in reality the expressions of regret at the weather, Mr. Roosevelt said he was glad to get ashore in any kind of weather.

The former president seemed highly pleased when he observed the military guard drawn up on his honor at the pier. He replied to the guards' salute by doffing his hat and smiling broadly. The crowds on shore pressed eagerly forward to see the noted American. The people were not in any way demonstrative.

It had been the intention of the party to remain in Mombasa for two days, but the floods have been heavy, and it was deemed advisable to leave immediately for the interior.

The acting governor of the protectorate, Frederick Jackson, and his wife, preceded to one of the clubs. As far as possible the governor and his associates will meet the special instructions of his majesty, King Edward VII to show every consideration to the distinguished traveler.

Kapiti Plains, British East Africa. Theodore Roosevelt has reached the hunting grounds and spent a night in Africa under canvas. A big camp has been established near the railroad station here for the Roosevelt expedition and Hons were prowling about in the vicinity of the tents. The camp established for Mr. Roosevelt is most elaborate. The caravan will have a total of 250 followers. There are thirteen tents for the Europeans and their horses and sixty tents for the porters. An American flag is flying over the tent occupied by Mr. Roosevelt. The caravan awaiting the Roosevelt party includes four head men, nine gun-bearers, twelve armed guards, two hundred porters and nine horses.

**DESTROY NIAGARA FALLS' POWER.**

Chicago Sanitary Canal Would Cost \$1,000,000. Chicago, Ill.—Niagara Falls would lose as a source of water power if the sanitary district of Chicago were permitted to construct the proposed sag canal and divert the channel of the Calumet river, pouring four thousand gallons of water a second from Lake Michigan into the drainage canal, according to the testimony of Engineer E. S. Wheeler, in the federal hearing before Special Examiner S. M. Morgan. Such a diversion of water would reduce the power of Niagara 40,000 horsepower a second, according to the expert testimony of Mr. Wheeler's expert testimony.

**CREATE CUSTOM COURT.**

Senate Finance Committee Amends Tariff Bill. Washington, D. C.—The senate committee on finance has perfected an amendment to the tariff bill providing for the establishment of a customs court to hear cases appealed from the board of appraisers.

The court will consist of three members to receive salaries of \$10,000 a year each. Headquarters of the court will be in the New York district, but the court may sit in any of the other eight districts, wherever required. While away from headquarters in New York, two members of the court will be competent to hear cases.

**CRUISE PLANNED.**

Navy Department Will Assist Naval Militia in Undertaking.

Washington, D. C.—Questions concerning the welfare of the naval militia of the various states were discussed at a meeting of the Naval Militia Association with Beekman Winthrop, assistant secretary of the navy.

It was decided that the militia of the southern states will cruise during the summer in one of the vessels of the navy, probably the Panther.

On February 19 last, the total strength of the combined naval militia forces of all the states was 6,222 officers and men. The fleet of naval reserves comprises twenty-five ships.

**CONVICTED WOMAN KILLS SELF.**

Mrs. Dr. Monish of Atlanta Died Rather Than Go to Penitentiary. Atlanta, Ga.—With Judge Newnam's sentence of two years and two days in the federal penitentiary at Leavenworth, Kansas, for sending obscene matter through the United States mails, still ringing in her ears, Mrs. Dr. Rosa F. Monish swallowed an ounce of prussic acid and died at her residence on Peachtree street, within three hours after her doom had been pronounced.

**CENSUS OF UNEMPLOYED.**

Federation of Labor Wants Congress to Have It Taken.

Washington, D. C.—Enumerations of America's unemployed by the census bureau will be asked for by the executive council of the American Federation of Labor. It is contended that the legislative committee of the federation make every effort to have congress adopt the provision in the census bill, providing for the taking of a census of the unemployed, and that the census reports be printed in the government printing office.

## LATE NEWS NOTES.

**General.**

### WHAT COLORS SHALL I USE?

This Question Is Important in Painting a House or Other Building.

A proper color scheme is extremely important in painting a house. It makes all the difference between a really attractive home and one at which you wouldn't take a second glance. And it makes a big difference in the price the property will bring on the market.

As to the exterior a good deal depends upon the size and architecture of the house and upon its surroundings. For a good interior effect you must consider the size of the rooms, the light, etc.

You can avoid disappointment by studying the book of color schemes for both exterior and interior painting, which can be had free by writing National Lead Company, 1902 Trinity Building, New York, and asking for Houseowners' Painting Outfit No. 49. The outfit also includes specifications and a simple instrument for testing the purity of paint materials. Pure White Lead will stand the test in this outfit will stand the weather test. National Lead Company's famous Dutch Boy Painter trademark on the keg is a guarantee of that kind of white lead.

## Woman's Beauty

Some women retain their beauty to an advanced age. But women, who regularly endure pain, age rapidly, for suffering leaves its lasting marks on them.

Nearly all women suffer more or less with some form of female trouble. It should not be neglected. Avoid the pain—treat yourself at home by taking Cardui, as thousands of other women have done. Begin at once and give Cardui a fair trial.

## TAKE CARDUI

**It Will Help You**

Mrs. Katie Burlison, Goreville, Ill., tried Cardui and writes: "I suffered with female troubles, and was so sick I could not stand on my feet. Finally I began to take Cardui, and soon began to mend. Now I am able to do all my housework and am in much better health than I was before." Try it.

**Big, Painful Swellings Broke and Did Not Heal—Suffered 3 Years—Tortures Yield to Cuticura.**  
"Little black swellings were scattered over my face and neck and they would leave little black scars that would itch so I couldn't keep from scratching them. Larger swellings would appear and my clothes would stick to the sores. I went to a doctor, but the trouble only got worse. By this time it was all over my arms and the upper part of my body in swellings as large as a dollar. It was so painful that I could not bear to lie on my back. The second doctor stopped the swellings, but when they broke the places would not heal. I bought a set of the Cuticura Remedies and in less than a week some of the places were nearly well. I continued until I had used three sets, and now I am sound and well. The disease lasted three years. O. L. Wilson, Puryear, Tenn., Feb. 8, 1908."
