# NEED MONEY FOR GOOD WORK

Plans of the National Association for the Study and Prevention of Tuberculosis.

What "A Million for Tuberculosis from Red Cross Souls" will do in providing some of the 275,000 beds needed at once in the United States for consumptives, is explained in a recent bulletin of the National Association for the Study and Prevention of Tuberculosis. There is just about one bed for every ten indigent consumptives, and if all tuberculosis persons in the country are counted, both rich and poor, hardly one for every 25 or 30. If sufficient hospital accommodations are provided only for those who are too poor to pay the full price for their treatment fully 275,000 more beds in special institutions for tuberculosis will be needed at once. The immense outlay necessary to provide and maintain so many beds in hospitals, makes it imperative, the National Association for the Study and Prevention of Tuberculosis declares, that such institutions be erected from public money, either municipal, county or state. In order to get appropriations for public hospitals for tuberculosis, agitation is necessary, and in order to create a campaign of agitation, organization is demanded. But in order that an organization may carry on an effective campaign, funds are needed.

These funds it is proposed to secure in as many communities as possible from the sale of Red Cross seals.

### WHAT HE CONSIDERED FAIR

### Mr. Olsen's Offer Must Have Come as Surprise Even to Persuasive Claim Agent

Up in Minnesota Mr. Olsen had a cow killed by a railroad train. In due season the claim agent for the railroad called:

"We understand, of course, that the deceased was a very docile and valuable animal," said the claim agent in his most persuasive claim-agentlemanly manner, "and we sympathize with you and your family in your loss. But, Mr. Olsen, you must remember this: Your cow had no business being upon our tracks. Those tracks are our private property and when she invaded them she became a trespasser. Techically speaking, you, as her owner, became a trespasser also. But we have no desire to carry the issue into court, and possibly give you trouble. Now, then, what would you regard as a fair settlement between you and the railroad company?

"Vall," said Mr. Olsen slowly, "Ay baen poor Swede farmer, but Ay shall give you two dollars."-Everybody's.

A Logical Landlord.

Many a tenant will sympathize with the man in this story, from the Philadelphia Record. He was renting a small house which the landlord had refused to repair. One day the owner came to see him.

"Jones," he said, "I shall have to raise your rent." "What for?" asked Jones, anxiously.

"Have taxes gone up?" "No," the landlord answered, "but I see you've painted the house and put

in a new range and bathtub. That, of course, makes it worth more rent."

#### The Difference.

"I don't see any difference between you and a trained nurse except the uniform," said her sick husband. "And the salary," she added, thoughtfully .- Harper's Bazar.

The Southern Railway has been ollecting live stock cars to be taken o Taylorsville to handle a large hipment of cattle from Taylorstille to Rock Hill. A large portion of the irove was purchased from Mr. R. L. Doughton, in this district.

Actor's Body Found.

The body of Robert Barton Pahr. he young actor, who was drowned at Wrightsville Beach while in surf bathing, was found near the mouth of a creak in Myrtle Grove sound by two fishermen. It was badly nutilated by sharks and crabs and entirely nude. One foot was gone. The face however, was not disfigurd. The remains were sent to Baltimore.

whole crew, in fact. "A church visitor, after listening to

Jack's complaints one day, said: "'Yes, of course, you have had bad health, we know that; but one thing Mayor Wynne, Dr. H. A. Royster | at least you ought to be thankful for, and that is our pastor's kindness in sending you all this bread and meat and jelly and blankets, and so on.

Don't you think it is good of him to look after you so well?' "'Good of him?' said Jack, impatiently. 'Why, what's he for?' "

Wrong Guess.

It was exhibition day at No. 3, and as the parents of Jack Grady, the dullest pupil, were listening hopefully, the teacher tried her best to help the boy. "How did Charles I. of England die?" she asked, assigning the easiest question on her list to Jack. As he looked at her, with no indication of a coming answer, the teacher put her hand up to her neck. Jack saw the movement and understood its meaning, as he thought. "Charles I. of England died of cholera," he announced briskly .- Youth's Companion.
