

H. A. LONDON, Editor.

Tomorrow is Thanksgiving Day—a day that is set apart every year in the United States by our civil authorities and sanctioned by long custom...

The people of the United States, above all other people, have the most cause for having and properly observing Thanksgiving Day, for they are the most favored and blessed of all the people in the world...

And while the people of the United States in general have so much to be thankful for, the people of North Carolina are especially favored and blessed...

In giving thanks for the blessings enjoyed by us let us try to make others happy, and to cause others to feel thankful tomorrow. Strive to show the sincerity of your thanksgiving by opening your heart and your purse in aid of those less favored...

A PRIVATE citizen, who had never sought or held any public office, died at Wilmington on last Saturday, whose long life of usefulness and uprightness may well be held up for emulation by the youth of the State...

Government After Big Swindlers.

New York, Nov. 21.—In raids so important that Postmaster General Hitchcock took charge in person, his inspectors fell on two concerns this afternoon which they charge with swindling the public out of more than \$40,000,000 by fraudulent use of the mails.

Sheldon H. Barr, president of Barr Bros.; Eugene H. Barr, secretary and treasurer of the firm, and Frank L. Tobey, its vice president, were arrested in the first raid and held in \$20,000 bail each. The government charged that the firm sold between \$40,000,000 and \$50,000,000 of mining and oil stock worth little or nothing.

Charles L. Vaughan, a director of the Continental Wireless Telegraph and Telephone Co., incorporated in Arizona, was taken in the second raid and held in \$10,000 bail. Inspectors say his company has sold stock to the amount of at least \$1,000,000 which has brought in no return to the investors.

Both raids today are further evidence that the government in its warfare against alleged interstate swindlers means business and no longer will be content with issuing fraud orders, denying them the use of the mails, but will press for conviction on criminal charges.

Fierce Fighting on Mexican Soil. Mexico City, Nov. 21.—Fierce fighting occurred today at Durango, Torreon, Parral and Gomez Palacio, the latter town falling into the hands of the rebels. Three hundred Federal troops at Gomez Palacio are said to have gone over to the insurgents, who have now turned their attention to attacking the loyal forces at Torreon.

Child's Premonition of Death. New York, Nov. 20.—"Barbara," said Mrs. Mary Begensberger to her daughter of 3 this afternoon as she was dressing the child for Sunday school, "I want you to be a good girl today because I had a tooth drop out this morning and that's a sign somebody is going to die in the family."

Suffragettes Fight Police.

London, Nov. 18.—The militant suffragettes reopened hostilities against the government today and marching 16,000 strong on the Parliament buildings, gave the police a lively fight.

The suffragettes had determined if possible to force the police cordon about the House of Commons, and reaching Premier Asquith, to insist upon the adoption of a woman's suffrage bill. The police, however, were too strongly entrenched and the women who tried every means in their power to force the line were thrown back.

Repeatedly they retired breathless and disheveled, only to have their places on the fighting line taken by reserves. The police were ordered to make as few arrests as possible but by three o'clock only one woman and two men were in the police cells.

Crippen's Petition for Clemency Denied. London, Nov. 21.—Dr. H. H. Crippen must die on the gallows Wednesday for the murder of his wife, Belle Elmore Crippen. His last hope of escape was swept away today when home Secretary Winston Churchill held ineffective the petition praying commutation of Crippen's death sentence.

Robbed at Point of Pistol. Norfolk, Va., Nov. 21.—A bold daylight robbery occurred in the business center of this city today, when two young men entered the office of Dr. L. B. Fry, and at the point of a pistol bound him hand and foot to a chair. After taking all the money in the office, the men hastened away, one of them shouting, "Farewell, Doc; better be quiet about it."

Typhoid Fever at Naval Academy.

Annapolis, Md., Nov. 20.—Notwithstanding the precautions that have been taken to stamp it out typhoid fever continues to increase among the midshipmen at the Naval Academy. Eight additional cases were taken from the midshipmen's sick bay to the naval hospital yesterday and today, making the total number of midshipmen now suffering from the malady twenty.

The cause of the outbreak remains a mystery and plans are now underway for a governmental inspection of the dairy from which an extra supply of milk was recently obtained. The theory has been advanced that the trouble is due to the fact that the 3,000,000-gallon reservoir in which the drinking water is stored is completely covered over, excluding both light and air from this supply.

A Chilly Election Bet. New York, Nov. 16.—In the cold, gray dawn of the early morning this fall—John Gear, who thought that Henry L. Stimson would be elected Governor of New York, took off his clothes, put on a bathing suit and jumped into the icy East river today.

Not Sorry for Blunder. "If my friends hadn't blundered in thinking I was a doomed victim of consumption, I might not be alive now," writes Dr. T. Sanders of Harrodsburg, Ky., but for years they saw every attempt to cure a lung-racking cough fail. At last I tried Dr. King's New Discovery. The effect was wonderful. It soon stopped the cough and I am now in better health than I have had for years.

Saves an Iowa Man's Life. The very grave seemed to yawn before Robert Madsen, of West Burlington, Iowa, when after seven weeks in the hospital, four of the best physicians gave him up. Then was shown the marvelous curative power of Electric Bitters. For, after eight months of agonizing suffering from liver trouble and yellow jaundice, getting no help from other remedies or quacks, five bottles of this matchless medicine completely cured him.
