Five masked men held up and rob bed Southern railway's fast mail train at White Sulphur Springs, six miles north of Gainesville, Ga. In the express car were two safes, one containing \$50,000 and the other only \$700. Explosives were placed in both, but the fuse in the smaller went off quicker and knocked the fuse out of the larger, and in their haste the robbers made a get-away without further attempt to get the larger spoils.

By a vote of 21 to 12, the Alabama senate passed the Parks local option bill just as it came from the house. Governor O'Neal signed the bill, and it is now a law.

The Alabama senate passed the bill creating a state banking department and providing for the rigid inspection of all state banks. It was slightly amended as it came from the house, and the bill will become a law.

Henry Parminter, veteran of the Mexican and Civil wars, and the oldest citizen of North Carolina, lacking but 15 days of having attained the age of 108, died at his home in Charlotte, N. C., of grip. His wife died in 1909 at the age of 101. Among his descendants are several great-greatgrandchildren. He was hale and hearty up to a few days of his death, and retained eevry sense accurately.

Indictments alleging embezzlement of the funds of the old Appomattox Bank Trust company of Petersburg, Virginia, to the amount of \$135,766, were returned against Charles Hall Davis, a former president, and Carter Bishop, cashier of the institution. Nine counts, six alleging embezzlement, two false entries and one false statement of bank's condition, were returned against Bishop. There are eight counts against Davis, all charging him with being an accessory before the fact.

Resolutions opposing the adoption by congress of the Canadian reciprocity treaty were adopted by the board of directors of the New Orleans Progressive Union. The proposed treaty was regarded as being harmful to the interests of Louisiana, and the board urged the union to call upon the state delegation at Washington oppose the ratification of the treaty.

The price of eggs, storage and fresh, which has been dropping gradually for some time, sold down from 1 to 4 cents per dozen lower in New York City. State, Pennsylvania and nearby hennery whites sold at 20 to 23 cents, and Western gathered whites at 18 to 21 cents. Refrigerator stock was demoralized and was quoted at 10 cents to 12 cents. The weakness in the egg market is due to the open conditions hold good throughout the board of equalization.

Commercial union, followed by arnexation to the United States, is the inevitable meaning of the pending reciprocity agreement as interpreted by the conservative opposition in the Canadian parliament. This sentiment deminated a speech made before the Canadian parliament by George E. Foster, who, under the conservative government, was finance minister and tariff maker. Mr. Foster argued that as the result of reciprocity Yankee trusts and money interests would own or control Canada's natural resources.

Not in the "Pauper Class." Senator Ivie arose to a question of personal privilege and called attention to the report of the state treasurer, which he charged was unfair to certain counties in the state by reason of the fact that it did not give those counties credit for the taxes paid direct into the state treasury as well as by sheriffs, thus placing these counties in the pauper list, when they should not be so called. Senator Long, arising to a question of personal privilege, said he wanted to be classed with the plaintiffs in this case, as his county had suffered the humiliation of the name "pauper" unjustly. Senator Bassett felt sure ample justice would be done to all counties in a revised report which he understood was being prepared and when disposition is made of a joint resolution on this subject now in the hands of the committee on propositions and griev-

CHANGES IN P. O. DEPARTMENT

Promotions Given at Washington to Citizens of North Carolina. Washington.-A large number of changes in the postoffice department have been announced. Among them

was that of John W. Bulla of North Carolina to succeed Clarence Votan as assistant superintendent of the railway mail service. The place is worth \$1,800 a year. It was explained by high officials that the appointment of the new assistant superintendent of railway mail service does not necessarily mean that their duties will be confined to that branch of the work. Under the reorganization, which became effective last November, the assistant superintendents are placed in the general inspection service and can be assigned to the inspection of postoffices if it is deemed advisable. Hardy T. Gregory of North Carolina has been transferred from the inspector service to assistant superintendent of salaries and allowances at \$2,000 per annum and \$4 per diem, vice Richard T. Covert, resigned.

Col. N. A. McLean is Dead. Lumberton.-The death of Col. Neal Ach McLean at Raleigh came with shocking suddenness to the people of Lumberton. He died from an attack of apoplexy. Colonel McLean was a well-known and prominent attorney and for years had been division counsel for the Atlantic Coast Line.

All the honors within the gift of his county had been given Colonel McLean, and he bore them cleanly and proudly. His last public service was as senator, and from this he retired to resume the private practice of law. He was one of Robeson's wealthiest citizens, having amassed considerable property in the town and county. He was about 65 years old.
