

LOCAL RECORDS.

A second-hand no-top buggy and one-horse wagon for sale cheap. Address The Record.

County Assessor J. B. Council is here for a few days going over the township books with the assistant assessors of the various townships.

Dr. J. H. Ihrie (dentist) will be at Pittsboro the first Monday in each month for one week prepared to do all kinds of dental work.

When in need of heavy groceries, such as meat, lard, sugar, flour, meal, shipstuffs, corn or oats, try R. J. Moore, Bynum, N. C. It will pay you to see him.

An old colored man of this township, named Plenty Clegg, died yesterday. He was noted for making baskets, shuck mats and bottoming chairs and will be much missed.

Deputy Sheriff W. H. Griffin yesterday carried to the Eastern Hospital at Goldsboro a colored woman named Gracie Peoples, of Hickory Mountain township, who recently became violently insane.

We regret to hear of the death last Friday of the wife of Mr. Richard R. Smith, of Hadley township, who had been an invalid for a long time. She was 71 years old and was highly esteemed by all who knew her.

Mr. Harlowe Taylor is the champion turtle hunter in this community. On last Saturday he caught nine large turtles besides bagging a large number of bullfrogs, and on Monday he caught nine more fine turtles.

Mr. Simon Mobley, of Hickory Mountain township, died last Monday aged about ninety years. He has been quite a noted character and somewhat eccentric in his habits and speech, and his presence in any crowd was generally soon made known.

The Bible class for men and ladies, conducted by Rev. H. O. Nash, will meet in the old Ramsey hotel building this afternoon at 5 o'clock, and at the same hour every Wednesday afternoon thereafter. Those interested are invited to attend these meetings.

On last Monday Deputy Sheriff Clarence J. Hackney, of Baldwin township, brought here and turned over to Sheriff Lane a blockade still of 30-gallons capacity which he had captured. This is the second illicit still which Sheriff Hackney has broken up.

The recent rains came almost too late to help the gardens much, which were literally burned up and caused quite a serious loss to many families, for a good garden is a great help. Much of the corn also had suffered greatly, in many fields the stalks being withered and stunted in growth.

The annual meeting of the Woman's Missionary Society of Sandy Creek Association will be held with the Baptist church at this place on the 7th, 8th and 9th of July. A cordial welcome will be extended all visitors by the hospitable people of this community, and a large attendance is expected.

Squire R. M. Burns, who is as discerning a judge of animal nature and habits as he is of the many law cases tried by him, says that when two horses are standing in the pasture with their tails to each other's head they do that in order to brush the flies off each other. Had you thought of that?

The largest crowd ever seen in Chatham is expected at the Fourth of July celebration at Siler City, and extensive preparations are being made for their entertainment and amusement on that occasion. Many amusing "stunts" are on the programme and a jolly good time is promised everybody who attends.

The RECORD's "war anniversaries" ought to be clipped out every week and put away for future reference by all who take any interest in the true history of the War between the States. These clippings may prove of more value many years from now than even now and would make a "scrap-book" worthy of preservation.

The farmers have hauled up nearly all their wheat and oats and soon the hum of the thrasher will be heard throughout the land. Wheat-threshing is hot and dusty work, and yet it is quite a pleasant occasion, for the "threshers" are always fed on the "fat of the land," preparations being made days in advance for the expected feast. For the children on the farm there is no greater delight than to see the threshers at work and their coming is looked for to with infinite pleasure.

The days are now the longest and the nights are the shortest of the year, being the summer solstice.

Our enterprising townsman, Mr. T. M. Bland, has bought a gasoline traction engine with which to run his wheat thresher. This is quite an improvement on the old horse-power or even the steam engine whose sparks sometimes have set fire to the wheat straw.

Mr. Walter Hawkins, of Jacksonville, Florida, spent Sunday with relatives here.

Miss Annie Jerome, of South Mills, Camden county, is visiting Misses Mary and Fannie Noe.

Our handsome young countyman, Mr. Harry Hannah, of Siler City, has been here on a short business (?) trip.

Masters Radcliffe and Jack Lanus left Friday on a visit to their uncle, Mr. Hasten Poe, at Morehead City.

Mrs. J. C. Pardo and daughter, Miss Jane Pardo, of Sanford, are visiting Rev. and Mrs. H. O. Nash at the Episcopal rectory.

Mr. and Mrs. J. Elmer Long, of Graham, arrived Friday on a ten-days' visit to the latter's parents, Capt. and Mrs. T. L. Peay, near here.

Messrs. Fred. W. Bynum and Fred. C. Williams left Monday for Rock Hill, S. C., to attend the marriage of the former's sister, Miss Alice Bynum, to Mr. Peter Ihrie which takes place tomorrow night.

The editor of THE RECORD, accompanied by his wife, will attend next week the annual meeting of the North Carolina Press Association to be held at Lenoir. Thirty-six years ago next week they went on their bridal trip.

Our former countyman, Rev. R. P. Eubanks has accepted the rectorship of the Episcopal church at Statesville and will move there July 1st. For the past two years he has been assistant rector of Christ (Episcopal) church at Raleigh.

Rev. R. B. Lineberry, pastor of the Pittsboro Baptist church, left Sunday for Philadelphia to attend the meeting of the Baptist World's Alliance in session there this week. His expenses for the trip were paid by generous members of the congregations which he serves.

Mr. Arthur H. London, accompanied by his sons, Masters Will and Arthur, and Mr. Fred. C. Williams, left Monday for Charlotte in his "Hudson 33" automobile, arriving there Tuesday morning. The party was accompanied as far as Lexington by Mr. B. Noe and son, Henry Noe, in the former's new Hudson roadster.

Fish and Owl.
A wonderful fish and owl story is told by Mr. D. E. McIver, one of the most reputable citizens of this township and whose character is above suspicion even though he tells so wondrous a tale. He says that some time ago he set a fishing line in Rockyriver and next morning when he went to it he found a catfish caught by the hook and also wound in the line, and perched on the pole was a screech owl. Instead of flying at the approach of Mr. McIver the owl remained quietly resting on the fishing pole on top of the water, and when the pole was drawn in to the bank the owl was found to have been caught by its legs tangled in the fishing line.

Mr. McIver suggests that after the catfish had been caught by the hook it struggled to get loose and was entangled in the line, and, rising to the surface of the water, was seen by the owl which dashed at it, and in the struggle for the fish was also entangled in the line.

THE RECORD is not a candidate for the editor's mendacity medal (which is understood to have been won already by another), and, although the above tale is rather "fishy," yet it is vouched for by a credible witness.

Marriage Postponed.
Yesterday afternoon there was quite an excitement in our quiet old town, especially among the female portion, when it was rumored that there was a "runaway couple" in town. A young lady and gentleman arrived about 3 o'clock in an automobile and went to the Exline House, and immediately the young man hurried to the court-house and obtained a marriage license for Mr. G. N. Weller (whose age was given as 21) and Miss Alle Belle Cox (whose age was given as 19), and both hailing from Sanford.

A preacher was sent for and soon Rev. V. A. Royall was in readiness at the hotel to tie the knot, but after waiting for an hour or more the couple got into their car and went whizzing out of town, leaving the preacher and the waiting company a disappointed crowd. It seems that the young lady decided to postpone the marriage in spite of the urgent entreaties of the expectant groom. This forcibly illustrated the truth

of the old saying, "There is manv a slip between the cup and the lip."

Peculiar Accident.
A colored woman named Annie Monroe, a daughter of Henry Gilbert, a very respectable colored man of this township, met with a peculiar accident on yesterday morning, which came near proving fatal. It seems that she had climbed to the loft of her house and while walking around in some way fell through the loose flooring to the floor beneath striking the side of her head and neck on the blade of an axe, cutting off a part of her ear and inflicting a very serious wound.

She was at once brought to town and Dr. Farthing took fifteen or twenty stitches in the side of the woman's neck, the gash cut by the fall being seven or eight inches in length. It was a very narrow escape from instant death.

Fortune Teller Arrested.
Raleigh Cor. Charlotte Observer.
Mrs. Jennie Hunter, alias Madame Hunter, who was arrested in Baltimore this evening on a warrant from Raleigh charging her with obtaining money under false pretenses, worked a number of superstitious and credulous people here for considerable sums of money as a fortune teller.

Some of the inhabitants of Raleigh have been greatly exercised over rumors that the bodies of eighteen dead infants had been found in the city reservoir from which the city is supplied with water. Investigation showed that there was no truth in the rumor.

Gives His Blood for His Wife.
Washington, June 19.—United States Senator Luke Lea of Tennessee, to save the life of his stricken wife, heroically sacrificed a quart of his blood at the Georgetown hospital yesterday and tonight Mrs. Lea's recovery, hope of which had almost been abandoned, is practically assured. The anxious youngest Senator of the nation lies near the bedside of his wife recuperating his strength.

Mrs. Lea's condition, serious for some time, became alarming Sunday after an operation the day before. Her strength, because of lack of blood, was gone and vitality was fast ebbing away. Senator Lea, upon learning of her condition, demanded that a transfusion operation be performed and prepared at once to submit to the ordeal. Attending physicians and surgeons made arrangements immediately and the operation which followed was declared to have been successful.

W. H. Masters, bookkeeper for Swift & Co., in Salisbury, received a dangerous shock from lightning during a severe electric storm, which passed over that section of the State last Saturday night. He was entering the front gate of his boarding house when he was knocked unconscious to the ground. He was attended by a physician and soon rallied and will recover.

Some of the inhabitants of Raleigh have been greatly exercised over rumors that the bodies of eighteen dead infants had been found in the city reservoir from which the city is supplied with water. Investigation showed that there was no truth in the rumor.
