Among the largest peppers we have ever seen were two presented to THE RECORD by Mr. B. M. Poe, of this place. They were of the bell pepper variety and together weighed nearly a pound, being the size of large horseapples.

One of the largest mortgages ever recorded in this county was filed for registration here this week. It was a mortgage for \$50,000,000 from the Southern Bell Telephone and Telegraph Co. to Bankers Trust Co. and it was 75 printed pages in length. The registration fees amounted to \$27.

We regret to hear of the death of Mr. Pressley Pearson, which occurred last Wednesday at his home in Williams township, following a short sickness. He was 73 years old, was an ex-Confederate soldier and was one of our county's best citizens. His remains were interred at Lystra Baptist church on Thursday.

County Superintendent of Schools R. P. Johnson estimates that the general school fund in this county this year will amount to about \$20,000. This does not include the amount raised by special taxation in the special tax districts. Eight years ago the general county fund amounted to \$11,000 and this was before Lee county was created.

We are requested to announce that the funeral of the late Oliver McMath will be preached on the 20th of this month at his former home in Hickory Mountain township. Rev. Dr. W. H. Moore and Rev. E. C. Sell will conduct the services. Mr. McMath died over two years ago and it seems rather strange to have the funeral services so long after his death, but such was his wish.

We regret to hear of the death of Mr. Andrew Headen, of Hickory Mountain township, who died on last Monday in the 81st year of his age. He had never married and was somewhat peculiar in his habits. He was remarkably accurate on dates and read a great deal. He was highly esteemed by all who knew him and his familiar figure will be missed at our courts and county commissioners' meetings which he always attended.

We regret to hear of the death of Mr. Henry Petty, of Hadley township, who died yesterday, aged 76 years.

Insure your cotton gin in the North Carolina Home Insurance Company. For rates, &c., apply to H. A. London, agent.

Our neighbors in Alamance are going to have an unusually big county fair next month. See the attractive advertisement in this paper.

On last Saturday Mattie Lambeth, a colored woman of Baldwin township, was taken to the Eastern Hospital at Goldsboro, where she had been a patient some time ago.

Nearly all the automobiles here were bought from the Carolina Garage and Machine Co. at Raleigh, whose advertisement appears in this paper, and with whom is our former countyman, Mr. J. G. Frasier.

What do you think of hunting squirrels in an automobile? And yet that is what two of our townsmen did yesterday; that is, Messrs. B. M. Poe and C. W. Hanks rode in the former's car to ex-Sheriff Milliken's (four miles from here) and then joined him in a hunt on foot through the woods. And, by the way, they had no dog to tree the squirrels, but had a negro boy who could find them better than a dog.

The many friends of Mr. J. Fletcher Mann will regret to hear of his death, which occurred yesterday at his home, about six miles west of this place. He had been in bad health for some time and his end was peaceful, being conscious to the last. He was seventy-five years old and was one of our county's best citizens. At the Confederate reunion held here on the 24th of last month a cross of honor was laid aside for him, he not being able to come here for it.

An interesting war relic has been presented to the Confederate museum at this place by our former townsman, Mr. Thos. B. Fowler, now of Burlington. It is a canteen found by him in August, 1905, on the battlefield of Chickamauga in the woods midway between the Brothers old house and Snodgrass Hill where there had been most desperate fighting. The canteen is indented on both sides and has a cut about two inches long on one side as if made by a sword or sabre.

Our esteemed Brother Phillips, of the Greensboro Daily News, has requested THE RECORD to explain the harvest moon and to tell when it will get full. Accordingly, and in accordance with our annual custom, we will say that the harvest moon is that moon that is full near the autumnal equinox.

The peculiar phenomenon about the harvest moon is that it rises immediately after sunset for several consecutive days. This phenomenon is owing to the small angle made by the ecliptic and the moon's orbit with the horizon at this season of the year. It was first called the "Harvest-Moon" by the farmers of the North of England, whose harvests were gathered about this season of the year and the bright light of the full moon for several consecutive days enabled them to work longer in gathering their harvests.

The annual Sunday school conference of the churches on the Haw River circuit was held at Ebenezer Methodist church, in New Hope township, on last Saturday and proved a most successful occasion in every way.

Strong addresses on different phases of Sunday school work were made by the pastor, Dr. W. H. Moore, and by Rev. Asa Parker, of West Durham. Messrs. Jas. B. Atwater, N. J. Wilson, Ruffin Farrar and A. T. Holleman also made interesting talks. Mr. Farrar was president of the conference. A special feature of the occasion was the excellent singing by the three choirs representing the Mt. Pleasant, Bynum and Ebenezer churches. A bounteous dinner which had been prepared by the Ebenezer congregation was greatly enjoyed by all who were so fortunate as to be present.

On last Wednesday afternoon Mr. John P. Dark was shot and seriously wounded by Mr. Theodore F. Headen at the latter's home three miles southeast of Siler City, in Matthews township. About 100 bird shot are said to have been fired into the back and neck of Mr. Dark at a distance of 25 or 30 yards.

From what can be learned of this unfortunate affair, it seems that Mr. Dark was passing Headen's house when he was invited to come in and have a drink. Shortly thereafter Headen accused Dark of being the leader in the establishment of a public road near the former's house to which Headen was very much opposed and some heated words followed. As Dark was leaving, Headen, it is said, grabbed his gun and, without warning, fired a load of shot into Dark's back and neck. After being shot Dark was able to walk to his home, a mile away, where at present he is getting on very well considering the serious condition of his wounds. Soon after the shooting Headen was arrested on a warrant issued by R. W. Dark,

Jones, of Charlotte, the wedding to take place in the fall. Mr. Jones is a traveling salesman and Miss Hanner is one of our county's most attractive young women.

Even New York, as well as other cities, has forbidden the exhibition of moving pictures of the Beattie trial.

Noted Blockader Caught.

Henry Hancock, a notorious blockader of Bear Creek township, was captured on last Saturday morning by revenue officers, assisted by Sheriff Lane, and taken to Raleigh to jail. He was at his still when captured. Some time ago, it is said, that Hancock very seriously cut a man named Smith and many heretofore fruitless attempts had been made to effect his capture.

Hancock originally came to this county from Randolph and has been wanted by the revenue officers for about two years. On Friday night Sheriff Lane, United States Deputy Marshal Sloan and a posse went in search of Hancock, under a warrant for assault upon Smith and also for manufacturing and retailing liquor.

Arriving at the still, they stationed themselves and remained in waiting all night. About sunrise Saturday morning Hancock came up and began to partake of the beer, when Sheriff Lane and Mr. Sloan rushed upon him and together had a lively chase after Hancock for some five hundred yards before they captured him. He completely gave up upon being arrested, and was brought to Siler City, where he was tried before United States Commissioner Reese, and in default of bond was committed to the Raleigh jail to await trial.

Being wanted by both the Federal government and the State, it was agreed that he be tried before Commissioner Reese and confined in the Raleigh jail in default of bond and the question as to whether the State or the United States government should have first jurisdiction be determined later.

The still which was captured was a complete double-worm still and more than 400 gallons of beer were destroyed by the officers. This makes the eighth blockade still that has been destroyed by Sheriff Lane and his deputies since he became sheriff last December.

Rich Gold Mine.

Spencer, Sept. 8.—A solid gold nugget, 99 per cent pure, was found on the mine of Geo. Troutman on Tuesday. The mine is located about five miles north of Albemarle and is operated by W. L. Cotton and A. C. Mauney. The nugget was picked up by Mr. Troutman. The mine has only been in operation for two weeks, but it is reported that nuggets are picked up daily from the size of an ordinary pea to two and three ounces. The nugget found by Mr. Troutman weighed 9 1/2 ounces and is valued at \$300.

Wake Forest Big Opening.

Wake Forest, Sept. 11.—All records for attendance were broken on the opening day of the school and today the total registration is 365, which is by far the largest registration this early in any session. It is hoped that by the end of the month the total registration will exceed the 400 mark. Everything points to a successful year in every department of the college.

An election was held in Maine on last Monday upon the question of voting out the clause of the State constitution prohibiting the sale of liquor, and the prohibitionists won by 300 majority.

Not a Word of Scandal.

Marred the call of a neighbor on Mrs. W. P. Spangh, of Manville, Wyo., who said: "She told me Dr. King's New Life Pills had cured her of obstinate kidney trouble, and made her feel like a new woman." Easy, but sure remedy for stomach, liver and kidney troubles. Only 25c at G. R. Pilkington's.

At Cokeville, Wisconsin, on last Monday the bank was entered by two masked men, who "held up" the officers and locked them in the vault, and, after securing what money they could find, the robbers escaped.

J. P., but before trial effected his escape and has not since been recaptured.

Use Split Log Drag.

From the Davidson Dispatch. The roads are bad now and they are going to be worse. It has been demonstrated time and again in Davidson county that an expensive split log drag will make the reddest, softest road dry and passable. An example of it may be seen on the Salem road, north of Lexington, through the farm of Grimes brothers, where systematic dragging has been carried on for many months. The road is smooth, compact, well-crowned and no water stands on the surface. The average country road, with a few hours work, would look as well and with a little systematic dragging would make as good a road.

Try it. It will not cost you much. The drag cost but little and you can do the work when it is too wet to plow. Organize a split-log drag club and drag the road from your home to the church, to the neighborhood store and to the school house. You will be surprised at the change it will make in the life of the neighborhood.

Don't wait until the roads get hard and dry again. The split-log drag does not work well in dry weather. Just as soon as the rain slacks up a bit, get busy and smooth out the ruts, crown up the old dirt roads and begin to enjoy life. It will pay you.

Make Your Room New. Mantels, chairs, wood work and small rooms can be quickly painted by any one with a small can of our Home Finish Domestic Paint, in all colors, 15 to 25 cents. Makes all interior wood work bright as new.

On last Sunday the dead body of Miss Myrtle Hawkins, of Hendersonville, was found in a small lake near that city. A Birthday Dinner.

Editor of The Record: It was on the 27th day of August that quite a number of relatives and friends gathered at the home of Mr. and Mrs. Emsley Welch to celebrate their 81st and 86th birthday by presenting them with a basket birthday dinner.

By 9 o'clock in the morning buggies and carriages were coming in and by 11 quite a crowd was there. A large table, beneath the oak trees in the grove, was heavily laden with the contents of baskets and boxes that were brought in by friends and relatives and soon all had gathered around the table with Mr. and Mrs. Welch, seated side by side, at one end of the long table, with a few very old relatives and friends that were up in their seventies seated to the right and left, while the rest were standing around the long table. The birthday dinner to Mr. and Mrs. Welch was presented by one of their nephews in a most appropriate speech.

After dinner several short talks were made that were much enjoyed. We only wish we could spend more days like this one. REMUS. Harper's X Roads, Sept. 6.
