Former U. S. Postmaster Recommends Milam.

Gentlemen:—My niece suffered for many years with a trouble pronounced by her physicians as Uric Acid Raeumatism, and although he treated her, she never obtained relief.

Being well acquainted with MILAM and knowing it had been used successfully very frequently in similar cases. I determined to put her on it. She took six bottles with the happiest results. I regard her as being entirely relieved, and will always take pleasure in recommending MILAM for Uric Acid troubles. Yours truly,

Norfolk, Va., July 23, 1910. About five weeks ago I was induced to take Milam for an aggravated case of Rhematism, for which I had spentover \$3.000 for all known remedies and tried many doctors, went to Hot Springs, but received no benefits whatever. For fifteen years I have been a sufferer, each spring I have been in bed have been a sunerer, each spring I have been in bed and incapitated for work until this spring, which, I am glad to say. I have been attending to my busi-ness, feel fine, splendid appetite, and feel confident that I will be a cursed man from rheumatism. I wish to say that Milam has done all you claim it will do in my case, so far, and I look forward to a speedy recovery, and would not take five times the amount of the price of the medicine for what it has dune for me so far. done for me so far. LESSON FOR MAY 5.

POVERTY AND RICHES.

LESSON TEXT-Lk. 6:20-26 and 16:19-31. GOLDEN TEXT-"A man's life consisteth not in the abundance of the things he possesseth."-Luke 12:15.

Last week we were studying the fundamental principles of this new kingdom Jesus came to establish. Today our study presents another of his seeming paradoxes, viz., the blessedness or the happiness of poverty, hunger and persecution. Spoken primarily to the twelve, Jesus intended these words for all the people--present and prospective. Jesus is distinctly the poor man's friend. He knew the meanwhich they have to draw from, it is more ing of hunger and thrist, of weeping and mourning, and so contrasts the joy that shall be to these "happy ones" with the "woe" that shall come to those who from out of their joy and their abundance fall to respond to the needs of mankind.

> What It Is and Why. The last half of the lesson is intended to illustrate the teachings of the first. Let us look at the illustration.

"A certain rich man.' He was not of sufficient importance even to mention his name. How few rich men ever succeed in really perpetuating their names. Not one succeeds in any measure at all except as in some manner he emulates the life and teachings of Jesus. How few monuments really perpetuate names. Character alone is obtainable by mail. Write for what lives. This rich man, however, did not lose out simply because he was a rich man. Verse 25 tells us why he was in anguish. His life had been that of a selfish seeker and he had had his reward. Now conditions have changed. Once clothed in purple and faring sumptuously, now he is the beggar. Ignoring the cry of need at his gate now he is compelled to make his cry afar off.

"A certain beggar named Lazarus." It is better to be a beggar vainly seeking a few crumbs and to rest in Abraham's bosom than to live in luxurious ease, ignoring the cry of the needy and to live in hell hereafter. Lazarus did not gain glory hereafter because he was a beggar, but rather because of his character. Angels announced the coming of the Son of Man, angels welcomed the returning of this son of manking. Which of the twain. Dives or Lazarus, really enjoyed life? Eternity is a long time, it begins where imagination ends. The name Lazarus really means "God-helps" and God always does help the poor.

Lazarus had some friends for we ead that the dogs showed their sympathy. It is always true that those poor as poverty are most ready to respond to the cry of need, and out of their penury will give the most abundantly to relieve distress.

Leaves All Behind.

"The rich man died also." Thus ended his life of ease and luxury for shrouds have no pockets. "How much did he leave? He left it all." All of his loved ones, all of his hopes were left behind. There is something ap-I was a great sufferer from Rheumatism and de-sided to try MILAM. I bought six bottles, and am now on my fourth bot-man who trusts only to his wealth. man who trusts only to his wealth. having no faith in God. Millions for a moment of time. The sarcasm of Jesus' words is quite apparent, "and he was buried." Only a clod of earth, no longer useful, of the earth, earthy, bury him, get him out of sight. But did this end all? By no means, for when he reached the other side he did not lose consciousness nor reason. No soul sleeping there. He saw, he observed, he felt, he remembered, he reasoned. Back upon earth he had brothers who were following his same mode of life. Here he was suffering, crying for "mercy," for an Danville, Va. alleviating touch of cold water, yet in that cry there was no note of repentance. He and his brethren had lived for the tongue and had pampered it, Guaranteed now it, the seat of taste, of bold words, etc., is crying for cooling relief. But would those behind repent even if one were to rise from the dead? No, ex-We are headquar- cept that they might escape a like torment. The desires of their hearts Fruits, Potatoes and would be the same. Being out of Vegetables. If you state's prison is of itself no particular wanta reliable firm and honor. The message of Jesus strikes deeper than outward forms and ceremonies. It is the heart motive whereby we are to be judged. Dives sought to excuse or to justify himself (v. 30), but Abraham tells him plainly that both he and his brethren had had sufficient light. If they will not listen to Moses (the Pentateuch) and to the prophets neither will they repent even though one care from the dead. The disciples were poor in both this

> world's goods and one of them, Matthew, adds that the happy ones are those who are poor in spirit also. They knew the meaning of hunger and of privation and were ready to learn of him. Jesus is not so much in this illustration trying to give us a picture of the hereafter, of the future life as he is to show the results of our living plainly that there are different states in this present life. He shows us the result of our conduct in the life we now live. Riches are a temptation, a temptation to gain by fraudulent means and to spend foolishly. Many a young man is cursed by great riches, all honor to those who overcome that handicap. The temptation for men is to trust to the arm that secures the riches and not to the strong arm of God. "Corporate wealth is the supreme peril of America;" so spoke a judge of the Supreme court of the United States. Why is this so? Because it tends to selfishness; it tends to the abandonment of faith in God; to the breaking down of any attempt to live the golden rule. The strength of America is not represented by the dollar mark but it is in that true altruism that is to be found only in the hearts of those who are poor in spirit. That great mass of our population who are not rich in this world's goods

but who are rich in faith and love.

THE OLD PLEA He "Didn't Know It Was Loaded."

The coffee drinker seldom realizes that coffee contains the drug, caffeine, a severe poison to the heart and nerves, causing many forms of disease, noticeably dyspepsia.

"I was a lover of coffee and used it for many years, and did not realize the bad effects I was suffering from its use. (Tea is just as injurious as coffee because it, too, contains caffeine, the same drug found in coffee.)

"At first I was troubled with indigestion. I did not attribute the trouble from small garden seeds will grow. to the use of coffee, but thought it arose from other causes. With these attacks I had sick headache, nausea and vomiting. Finally my stomach was in such a condition I could scarce ly retain any food.

"I consulted a physician; was told all my troubles came from indigestion, but was not informed what caused the indgestion. I kept on with the coffee, and kept on with the troubles, too, and my case continued to grow worse from year to year until it developed into chronic diarrhea, nausea and severe attacks of vomiting. I could keep nothing on my stomach and became a mere shadow, reduced from 159 to 128 pounds.

"A specialist informed me I had a could do nothing for me, and I became SWELLINGS, FRESH WOUNDS, BOILS, convinced my days were numbered.

"Then I chanced to see an article setting forth the good qualities of Postum and explaining how coffee injured peotrial. I soon saw the good effects-my headaches were less frequent, nausea and vomiting only came on at long intervals and I was soon a changed man, feeling much better.

"Then I thought I could stand coffee again, but as soon as I tried it my old troubles returned and I again turned to Postum. Would you believe it, I dld this three times before I had sense enough to quit coffee for good and keep on with the Postum. I am now a well man with no more headaches, sick stomach or vomiting, and have already gained back to 147 pounds." Name given by Postum Co., Battle Battle Creek, Mich.

THE SECRET OF LONG LIFE.

Do not sap the springs of life by neglect of the human mechanism, by allowing the accumulation of poisons in the system. An imitation of Nature's method of restoring waste of tissue and impoverishment of the blood and nervous strength is to take an alterative glyceric extract (without alcohol) of Golden Seal and Oregon grape root, Bloodroot, Stone and Mandrake root with Cherrybark. Over 40 years ago Dr. Pierce gave to the public this remedy, which he called Dr. Pierce's Golden Medical Discovery. He found it would help the blood in taking up the proper elements from food, help the liver into activity, thereby throwing out the poisons from

the blood and vitalizing the whole system as well as allaying and soothing a cough. No one ever takes cold unless constipated, or exhausted, and having what we call mal-nutrition, which is attended with impoverished blood and exhaustion of nerve force. The "Discovery" is an allround tonic which restores tone to the blood, nerves and heart by imitating Nature's methods of restoring waste of tissue, and feeding the nerves, heart and lungs on rich red blood.

"I suffered from pain under my right shoulder blade also a very severe cough," writes Mrs. W. Dorn, of New Brookland, S. C., to Dr. R. V. Pierce, Buffalo, N. Y. "Had four different doctors and none did me any good. Some said I had consumption, others said I would have to have an operation. I was bedridden, unable to sit up for six months—and was nothing but a live skeleton. You advised me to take Dr. Pierce's Golden Medical Discovery and Dr. Pierce's Pleasant Pellets. When I had taken one bottle of the 'Discovery' I could sit up for an hour at a time, and when I had taken three bottles I could do my cooking and tend to the children. I took fourteen bottles in all and was then in good health. My weight is now 167 pounds.
