

ROOSEVELT indignantly denied in 1904 and denounced as utterly false the assertion made by Judge Parker (the Democratic candidate for President) that the trusts and corporations had contributed large sums of money to secure the election of Roosevelt.

The investigation by a committee of the New York Legislature, four years ago, proved conclusively that several of the wealthiest insurance companies in New York had contributed immense sums of money to help elect Roosevelt in 1904.

A committee of the United States Senate has been for some time, and is still, engaged in investigating the matter of contributions by corporations and others to the campaign funds of the political parties, and the sworn evidence there taken fully proves the assertion of Judge Parker made in 1904.

And yet Roosevelt had denounced as false Judge Parker's assertion about the trusts helping to elect him!

And this same Roosevelt, who was thus elected by and with the money of the trusts in 1904, now pretends to pose as the great reformer and that his old party is too corrupt for him!

The killing of several marines of the United States navy by the rebels in Nicaragua naturally arouses the passions and patriotism of our people, and brings forcibly home to them the question as to what is the duty of our government in the matter of intervening in the troubles that so frequently occur in those miserable little Central American States.

It is said that Chairman Webb, of the Democratic State executive committee, is not able to secure as many speakers as he wishes because so many of our speakers are "stumping" the State in behalf of the senatorial aspirants. If this be true it is a very unfortunate condition, and it is sad to think that any Democrat in North Carolina is more willing to speak and canvass in behalf of his favorite for senator than for the success of his party. Men and brethren, this should not be!

THE modern Greeks seem to be as patriotic as they were in the days of ancient Greece. The prospect of a war with Turkey has aroused the Greeks residing in the United States and thousands of them are preparing to return to their native country to battle in her behalf.

Lee County News: We can say this much for Chatham county: If the whole county is as good as the section from Merry Oaks by Moncure, Gulf and Carbon-ton, then we cannot blame a Chathamite from inflating his lungs to their fullest capacity when he tells where he is from.

Fortunes in Faces. There's often much truth in the saying "her face is her fortune," but it's never said where pimples, skin eruptions, blotches or other blemishes figure it. Impure blood is back of them all, and shows the need of Dr. King's New Life Pills.

One day last week the thirteen-month-old child of Mr. Rufus Mixon, in Beaufort county, fell in an old well, but was rescued by its mother who saw it fall in and climbed down the side of the well and grabbed it as it was sinking the last time.
