The commissioner of internal revenue has various important duties to perform. He has general superintendence of the collection of all internal revenue taxes, the enforcement of internal revenue laws; employment of internal revenue agents; compensation and duties of gaugers, storekeepers and other subordinate officers; the preparation and distribution of stamps, instructions, form blanks, hydrometers and stationery.

The office of the commissioner of internal revenue is considered a firstclass assignment. It pays \$6,000 a year and controls much patronage. Royal E. Cabell came in under Taft.

THINKS THE ASSEMBLY BILL MIGHT BE VIOLATION OF TREATY RIGHTS.

Viscount Chinda, Japanese Ambassador Holds Long Conference With Secretary Bryan Over The Situation At The War Department.

Washington.-President Wilson and Secretary Bryan, following the precedent of previous administrations made known their views on the international character of the legislation now pending in California by which Japanese would be prevented from owning land in that state.

In a telegram to Governor Johnson, Secretary Bryan expressed the view of President Wilson that the California assembly bill might be construed as a violation of treaty obligations with Japan while the senate's measure as drawn would not be objectionable, if alien and legislation is to be enacted at all. In this the federal government recognizes the sovereign right of California to legislate according to her own judgment but the message counselled caution:

The telegram and other information that the provisions in the assembly bill, to which aliens "ineligible to citizenship" would be prohobited from owning land were regarded here as a distinct discrimination against Japanese who at present are denied the right of naturalization. The language of the senate bill restricting ownership of land to citizens of the United States "or aliens who have declared their intention of becoming citizens" is approved by the president and he were as follows: For the amendment, has discovered that this is the phraseology of the statutes already in force Kentucky, Washington, Missouri and Salisbury.-Salisbury lodges of the the District of Columbia.
