damply to my fingers. A stray wisp of hair was tickling my nose and my hands were too full of dripping umbrella and swaying strap to brush it away. I could feel that my forehead was wrinkled up, and my mouth drawn down. I thought of all the unpleasant things that had ever happened to me, and, glaring at the unrelenting sky, I wondered why it had to rain so hard. Then, looking along the car, I saw another girl hanging to a strap. She was ever so much wetter than I. The dampness oozed out of a crack in her worn shoe; the bare hands that gripped her umbrella and strap looked cramped and tired, and two straggly locks of hair tickled her rather small, inoffensive nose. But as I looked at her and pitied her, she glanced up and caught my eye, and she smiled at me! Then, somehow, seemed warmer and more friendly. I Christian Herald.

THICK, GLOSSY HAIR FREE FROM DANDRUFF

Girls! Beautify Your Hair! Make It Soft, Fluffy and Luxuriant-Try

Try as you will, after an application of Danderine, you cannot find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most, will be after a few weeks' use, when you see new hair, fine and downy at first-yes-but really new hair-growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is immediate and amazing-your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable luster, softness and luxuriance, the beauty and shimmer of true hair health.

Get a 25 cent bottle of Knowlton's Danderine from any store and prove in building up the true excreting kid- that your hair is as pretty and soft ney tissue, in restoring normal action as any-that it has been neglected or and in regulating bladder irregularities, injured by careless treatment-that's all. GO BACK TO MOTHER NATURE

Scientists in Their Discoveries Uncover Lead That May Mean Much to the Race.

If the green plant in sunlight can elaborate from water and carbon dioxide one of our chief food substances, starch, there is no reason why the biological chemist should not discover the secret of this process and imitate it on a commercial scale. Starch, I believe, has never been synthetized, but some sugars have been so constructed. Two years ago Stoklasa and Sdobnicky made the remarkable discovery that by the action of ultraviolet light on nascent hydrogen and carbon dioxide sugar was formed. Such discoveries as this suggest the means by which we are to throw off GALLSTONES Internal our slavery to the green plant, and I am convinced that in time this over-throw will become so complete that our staple foods will be the products. of the biological chemist.-Popular Science Monthly.

SAGE TEA AND SULPHUR DARKENS YOUR GRAY HAIR

Look Years Younger! Try Grandma's Recipe of Sage and Sulphur and Nobody Will Know.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray; also ends dandruff, itching scalp and stops falling hair. Years ago the only way to get this mixture was to make it at home, which is mussy and troublesome.

Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Hair Remedy." You will get a large bottle for about 50 cents. Everybody uses this old, famous recipe, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and a short breath, often gives entire relief draw this through your hair, taking in 15to 25 days.
