Pittsboro gardeners should not worry about planting beans too soon. There will be plenty of cold snaps during February.

If the farmers did not improve their opportunities for plowing during the past pretty weather of January, then it was their fault.

Some little excitement was created on the streets here yesterday when a couple of mules ran away. No one was hurt and no damage done.

Although the afternoons have become much longer since Christmas, yet the mornings are almost as short as then and the sun seems to be as late in rising.

Last week there were some of the signs of spring—the blue birds were singing, the owls hooting, the hens cackling, the frogs croaking and the flowers budding.

Girls who wish some light and paving work should be interested in the advertisement of the Scott-Mebane Manufacturing Co. of Graham, which is published in another column.

A respectable colored man of this place named Alonzo Rives, died very suddenly last Monday. He had been in his usual good health and was talking to another colored man when he suddenly turned around and dropped dead. He was about sixty years old and was highly thought of by our best citizens.

His old friends in Chatham will regret to hear of the death of Mr. D. Taylor Johnson, who died from a stroke of paralysis last Sunday at Raleigh. He was born and reared in the eastern part of this county, but removed to Raleigh nearly forty years ago and became one of the most prominent merchants of that city.

Some revenue officers from Raleigh made an unsuccessful raid in this county last Friday morning. They arrived here Thursday night and left about 3 o'clock next morning and drove about seven miles, to a place about a mile north of Hickory Mountain church, and found where a still had recently been operated but had been removed in time to escape capture.

The attention of our readers is called to the advertisement of the Bank of Sanford on this page, which has recently increased its capital stock to an amount in excess of any of our neighboring banks. Its success is highly creditable to its good management under its president, Mr. S. P. Hatch, who was born and reared near this place and is well known to many of our readers.

County Teachers' Meeting.

The Chatham county teachers' association met here last Saturday in the high school building, and was called to order by Mr. F. M. Williamson, principal of Pittsboro high school. The following vacancies were filled: Principal Earl R. Franklin, of Merry Oaks, was elected vice-president and Principal Chas. O. Small, of Siler City, was elected recording secretary.

Mr. Williamson, the president, explained the object of this association in a very interesting manner.

Mr. Franklin made an address on "The Relation Between the Elementary Schools and the High Schools." To the teachers present this was full of instruction. I would be glad to see it printed in our county papers.

Owing to the heavy rain the night before, many teachers were unable to get here, and the attendance was small, yet the meeting seemed to be especially enjoyed by all present.

Several every-day-school problems were then discussed in a "round table" manner.

The meeting was a profitable one.

The next meeting is to be held at Siler City, and notice of the time will be given later.

The county vice-presidents to preside over the five sections of the county are as follows: The Western Section—Principal Chas. O. Small—meetings to be held at Siler City. The Southwestern—Rev. G. C. Lawrence, at Eastern Academy.

R. P. JOHNSON, Corresponding Secretary. Pittsboro, Feb. 2.

Talk Up Your Town.

Talk about the advantages of your town instead of trying to figure up the disadvantages, says the Franklin Press. Speak of the bright side of your business in place of the imaginary dull side. There is nothing goes without being propelled. You injure yourself, your business and your town by getting into the dumps. When your liver is out of order, go the woods or some other hiding place until you are better. The world looks blue to a man with a bad digestion. Cure yourself first and then everything else will appear all right.

New High Schools.

The erection of thirty new rural high school buildings in North Carolina in 1913, at a cost of five to thirty thousand dollars each, is shown in the report of Prof. N. W. Walker, state inspector of secondary schools, to the president of the state university. The report adds that there are now in operation in the state 211 of these rural high schools, with an enrollment of 7,946 pupils in the high school grades. The increase of four-year schools in 1913 was from 28 to 50; the number of three-year schools decreased from 82 to 51, and the two-year schools jumped from 89 to 101.

Former Senator Jos. C. S. Blackburn, of Kentucky, has been appointed to the Lincoln memorial commission to succeed the late former Senator Culom, of Illinois.

B. R. Avent has been confirmed by the Senate as postmaster at Jonesboro.

Two Squirrel Stores.

A citizen of Pittsboro owned a muzzle loading gun. He with two or three others went squirrel hunting. The owner of the muzzle loader became separated from the rest in the woods and while rambling around espied a squirrel sitting on the limb of a dead tree, about thirty feet from the ground. When Muzzle Loader got near enough to shoot at the squirrel he blazed away at him, and the squirrel deliberately walked into a hole in the body of the tree. The gun was loaded, the squirrel came out, and again he was shot at and again he walked back into his hole. This firing was kept up until Muzzle Loader had shot away ten cents worth of powder and a pound of shot.

Muzzle Loader hunted up the rest of the crowd, told them what he had done, borrowed some powder and shot, took the boys back to the dead tree and posted them around it. In a few minutes a squirrel came out of the hole, perched himself on the limb—and barked every one shot. This time the squirrel ran into his den and that was the last seen of him. This is an actual fact.

While cutting timber on Mr. Ed. Perry land near Pittsboro last Thursday, Mr. R. W. Winfrey had quite a little experience. When the tree fell a bunch of squirrels and two 'possums ran out of a hollow. For a few minutes the ground was black with squirrels. Mr. Winfrey got two of the squirrels out of fourteen and the two 'possums.

THE SCHOOL NEWS.

MISS HENRIETTA MORGAN, Class Editor.

The weather last week was delightful and was especially appreciated by those who had to walk or ride a long distance to school. Many spent a great part of the recesses in taking walks. But alas, the poor old bridge between the schoolhouse and the street is still losing planks!

We regret that Miss Naomi Sturdivant, of the senior class, has left us. It seems that the seniors like clerking. She is going to Hopedale, N. C. We wish her success.

We are glad that Miss Henrietta Morgan, who has been sick for several days, is well again and back in school.

Several of the pupils of the fifth and sixth grades have given pictures to beautify their room. This show of interest is very commendable.

We expect to have a good ball team at Pittsboro this year. Boys of all sizes seem to be taking an interest in playing ball.

Also the triangular debate to be waged by Pleasant Garden, and Pittsboro is now claiming much attention. Our boys seem to be working hard, and they are really enthusiastic.

A play entitled "Mrs. Briggs of the Poultry Yard" will be played here sometime in February by the members of the senior class and others. The proceeds will go toward the building of the library.

The Poe literary society was much encouraged by having visitors last week.

A Child Commits Suicide.

From the Watauga Democrat.

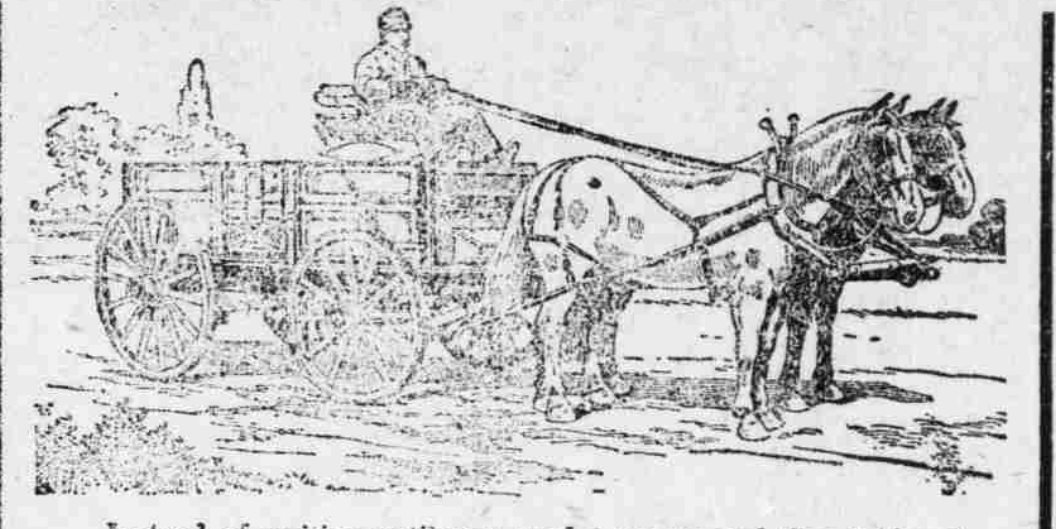

One of the saddest tragedies of which we have heard occurred near Trade, just beyond Zionville, this county, early last week. The story, as we get it, is that a 12-year-old boy, by the name of Wallace, got into a little quarrel with a younger brother and left the room in a pet. The family supposed that he was out looking after some wood, but as he did not return after an absence of two or more hours, search was instituted, and the missing lad was found at the barn dangling to the end of a rope, silent in death, having committed suicide by hanging.

The 8-year-old child of Clarence Davis, of Vance county, was shot and instantly killed by the 10-year-old son of Thomas Loyd last Saturday. The children were playing with an old pistol in the Davis home, when the pistol was discharged, the ball striking the Davis child in the right arm and passing entirely through the body and the left arm. Death ensued in a very few minutes. The shooting was purely accidental.

In an address in the First Baptist church at Durham last Sunday before 1,000 men, Judge Jeter C. Pritchard, of Asheville, registered his protest against the tango and the turkey trot dances and the silk skirt. "The Conservation of Manhood" was the subject on which he spoke.

Every Weber Wagon We Sell Is Inspected Four Times

Instead of waiting until you need a wagon and then taking the first that is offered you, find out in advance which wagon will give you the best service. Buy the wagon that will stand up for the longest time and be easiest on your horse's back. That wagon is a Weber. Here's why. Each Weber wagon is thoroughly inspected. The lumber used is selected from large purchases of first grade oak and hickory for wheels and gears, the finest yellow oak bay popular for box sides, and long leaf yellow pine for bottoms. Every stick of this lumber is carefully inspected, and each part cut from it is again inspected when it is shaped and ironed. The third inspection is made just before the wagon is painted, and insures perfect fitting of every part. The final inspection is made when the wagon is ready for delivery. Four inspections to make sure that you get just what you pay for when you buy a Weber wagon. Drop in the next time you come to town and look over our line of Weber wagons. We are proud of them.
