"How are Your Bowels?" A Simple Remedy that Guarantees Good Bowel Action.

Trace the origin of the commoner ills of life and almost invariably you will find that constipation was the cause. It is not to be expected that a mass of fermented food can remain in the system beyond its time without vitiating the blood and affecting the nerves and muscles. It congests the entire body. The results are colds, fevers, piles,

headaches, and nervousness, with its accompanying indigestion and sleeplessness. There is only one thing to do, and that is to remove the trouble; and when nature seems unable to do it, outside aid is necessary. Girls! Try This! Makes Hair Thick, Glossy, Fluffy, Beautiful-No More Itching Scalp.

Within ten minutes after an application of Danderine you cannot find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you see new hair, fine and downy at first-yes-but really new hair-growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, fust moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is amazing-your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable luster, softness and luxuriance.

# No Rest-No Peace

There's no rest and but little peace for person whose kidneys are out of order. Lame in the morning, suffering cricks in the back and sharp stabs of pain with every sudden strain, the day is just one round of pain and trouble. It would be strange if all-day back-ache did not wear on the temper, but it is not only on that account that people who suffer with weak kidneys are nervous, cross and irritable.

Uric acid is poison to the nerves, and when the kidneys are not working well, this acid collects in the blood and works upon the nerves, causing headache, dizziness, languor, an inclination to worry over trifles, and a suspicious, short temper. Rheumatic pain, neuralgia, sciatica,

lumbago, neuritis and gravel are further steps in uric acid poisoning. Don't neglect kidney weakness. An aching back, with unnatural passages of the kidney secretions, is cause enough to suspect the kidneys. Use

Doan's Kidney Pills, a remedy which has been used for years, the world over, for weak kidneys, backache, irregular kidney action and uric acid

mendations throughout the country prove their worth.

Queer Reasons for Pride. Some weeks ago when the Volturno

Do they hide in shame from their fellows, fearful that they may be recognized and their infamy proclaimed? Not necessarily. A public librarian was once visited by a man who came to him for a book on notable shipwrecks. He searched the pages eagerly, then pointed out a passage referring to a seaman who tried to take a woman's place in a lifeboat, and had been shot by the captain. "I'm that man," he declared, proud that his exploit should appear in print, and offered to show the shot wound to support his claim!

ANOTHER COFFEE WRECK What's the Use When There's an Easy Way Out?

Postum now comes in two forms: Regular Postum-must be well Instant Postum-is a soluble pow-

"At a snail's pace" is a common expression and usually signifies very slow gait, but what do you suppose is the actual speed by a snail in trav-

We can give it to you in accurate One foot in four minutes, or at the

rate of one mile in 16 days, if traveling continuously. These are figures given by George Zahnizer, a civil engineer of this city,

taken from actual observation. A short time since Mr. Zahnizer was standing along the Western New York & Pennsylvania railroad waiting for a train. He had nothing in particular to do and "killed a little time" by timing a snail which was creeping along the

ground. That snail traveled just exactly one foot in four minutes, Mr. Zahnizer says, and computing distance at the days for that snail to move a mile.

Look, Mother! If tongue is coated, give "California Syrup of Figs."

Children love this "fruit laxative," and nothing else cleanses the tender stomach, liver and bowels so nicely. A child simply will not stop playing to empty the bowels, and the result is they become tightly clogged with waste, liver gets sluggish, stomach sours, then your little one becomes cross, half-sick, feverish, don't eat, sleep or act naturally, breath is bad, system full of cold, has sore throat, stomach-ache or diarrhoea. Listen, Mother! See if tongue is coated, then give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated waste, sour bile and undigested food passes out of the system, and you have a well child again. Millions of mothers give "California Syrug of Figs" because it is perfectly harmless; children love it, and it never fails to act on the stomach, liver

and bowels. Ask at the store for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Adv.
