As soon as the ceremony is over and the members of the family have congratulated the bride and groom, the newly married ones will leave for the South on a honey moon trip which probably will last untill the first week in January. The president and his bride must be back in Washington before January 7 in order to act as host and hostess at a city. Mrs. Edith Bolling Galt has been known for a good many years as one of the most perfectly gowned women in Washington. She is a handsome woman and always dresses in exquisite taste. Her gowns always have been chosen with rare care and almost perfect judgment. For some time Mrs. Galt has been busy in selecting her trousseau, being aided in this most important work by her mother, Mrs. Bolling, a woman of excellent discernment. Mrs. Galt's trousseau already has arrived in Washington. Its selection was a matter of months and some controversies arose as to what might be called its origin. There were stories to the effect that French supply houses resented supplying anything through German-American middle men. Most of the stories were baseless, and it can be said that almost wholly Mrs. Galt's wedding out fit is of American origin.

Resume White House Functions. Dark green and orchid are the pre dominating hues in the gowns of the bride-to-be, for, as has been said, orchids are Mrs. Galt's favorite flowers. There are traveling gowns, street gowns, and evening gowns, the latter of which will be seen throughout the coming winter when the White House is to be reopened for a series of oldtime entertainments. The four great official receptions, which were omitted last winter, will be resumed, and there will be afternoon teas and many mu-

The second winter after the death of Mrs. Tyler the president met Julia, the daughter of a Gardiner who lived on an island in Long Island sound. The president fell desperately in love with the young woman and soon they became engaged and were married quietly at the Church of the Ascension in New York city.

The Cleveland Marriage. Grover Cleveland did not marry un til fairly late in life. He married Frances Folsom, the daughter of his law partner, whom he had known when she was a little girl at an age when she had called him "Uncle Cleve.' Mr. Cleveland and Miss Folsom were married in the Blue room at the White House.

For a long time it was thought that President Wilson would be married in the White House. For some reason or other people took it for granted that Mrs. Galt would prefer a cere mony in the executive mansion. From the point of view of womankind it seemingly is a compelling thing to be able to speak of a White House wedding as one of the participants. Mrs. Galt, however, held to the thought that a woman should be married in her own home rather than in that of her husband. She did not believe in breaking the American home precedent in such matters, a world's precedent in fact. Washington generally oncedes that she showed good taste in her quick determination that her own house should be the scene of the
