Too Ill to Walk Upright. Operation Advised. Saved by Lydia E. Pinkham's Vegetable Compound.

This woman now raises chickens and does manual labor. Read her story: Richmond, Ind.—"For two years I was so sick and weak with troubles from my age that when going up stairs I had to go very slowly with my hands on the steps, then sit down at the top to rest. The doctor said he thought I should have an operation, and my friends thought I would not live to move into our new house. My daughter asked me to try Lydia E. Pinkham's Vegetable Compound as she had taken it with good results. I did so, my weakness disappeared, I gained in strength, moved into our new home, did all kinds of garden work, shoveled dirt, did building and cement work, and raised hundreds of chickens and ducks. I cannot say enough in praise of Lydia E. Pinkham's Vegetable Compound and if these facts are useful you may publish them for the benefit of other women."—Mrs. M. O. JOHNSTON, Route D, Box 190, Richmond, Ind.

### SURPRISE BY WOMAN LAWYER

Opponents at Bar at First Held Her Cheaply, But Soon Began to Take More Time Preparing Cases.

Anna Moscovitz, a successful woman lawyer in New York city, has had many amusing experiences with her opponents, we are told in the American Magazine.

"They are invariably overpolite, calling her 'my fair adversary' and 'our feminine opponent.' At first they held her cheaply, but when Miss Moscovitz began to win case after case, New York lawyers began to take more time in preparing their briefs.

"One distinguished lawyer walked up to her and said she had defeated him because he had thought so little of a woman lawyer that he had been a little careless with his case. She met him in court a few weeks later, and he came over, shook hands, smiled, and said, 'I'm ready this time.'

"Witnesses, judges, attendants, in fact, everyone connected with courts, looked at Miss Moscovitz with great curiosity at first. Witnesses would not talk to her, and one day a man walked up to her in court and said, 'Do men really give you cases to try?'

"'Sometimes,' the little lady answered, smiling at the question.

"'Do they pay you?'

"'Sometimes,' was again her rejoinder.

"'Then they must be fools.' And he walked away."

### Odd Bits From Novels.

"He stood as if carved from stone," says another writer. No wonder! He had just been chiseled out of his rocks.

BRILLIANT AND SERVICEABLE COSTUME BLOUSE.

Just as we come to the conclusion that there is not a possibility of anything new in blouses, something happens in that line that has not happened before. A charming and brilliant design makes its unexpected entry, differently cut, differently constructed or showing a new management of color which sets it apart from all that have gone before. As long as the unlooked-for comes to pass in this fascinating way we will keep right on buying blouses, come what will in the way of one-piece frocks.

A star among the new arrivals in blouses is shown in the picture. This blouse is a beautiful and brilliant green in georgette crepe, with all seams and edges bound with satin to match.

The sleeves are cut in one with the yoke in a way that is clever and becoming, forming unusual lines that are emphasized by the satin binding. The fastening at the front is managed in the most inconspicuous way with small, satin-covered buttons, set at close intervals, on the hem and snap fasteners doing the real work. There is a moderately large collar, bound with satin, and the plain sleeves are finished in the same way at the wrist.

Bits of Paisley embroidery, sparingly used, are set on the sleeves, at the neck, and at the front of the belt, and look as rich as jewels against the vivid green background that seems, of all colors, the best suited to them. For the tourist this is perfection in a costume blouse, because of its color, which does not soil easily, and because of its brilliance and style. It will look well with a white or gray or tan skirt and cause the beholder to forget a black one. With a handsome black hat it is equal to almost any demand in the way of dress, where something of formality is required. Experience proves these thin, fragile-looking blouses to be as durable as heavier ones and easier than any other to carry along on a journey.

## How to Get Red Cross Members.

When a Red Cross chapter has been formally organized, as directed in a former article, then—and never in any case before—should a public meeting be called and a membership campaign begun. In cases where a public meeting is called first, there is usually a great amount of enthusiasm aroused, hundreds and thousands of persons desire to become members and begin work at once—and there is no way to accommodate them. Sometimes the best men are not chosen leaders, and in any case the proper organization is hampered.

Then, because the people cannot be enrolled and put at active work at once, their enthusiasm wanes, and by the time the chapter is formally organized and ready to proceed, interest has abated.

But when a chapter has been properly organized, and officered by men and women in whom the community has implicit confidence, and a membership campaign definitely mapped out in advance, public meetings, press notices and all the forms of advertising which a live committee may devise, will be found of great advantage.

In the same way, the officers and members of the executive committee should learn everything possible about the Red Cross, its purposes, its methods and the way in which its work is carried on, and be ready to answer all questions before any public campaign is undertaken.

In the pamphlet on organization and activities (which may be procured from the magazine and information bureau, American Red Cross, Washington, D. C.) we learn that "any resident of the United States, of good character, is eligible for enrollment as a member of the Red Cross." A newly formed chapter therefore may attempt to enroll nearly all the people in its locality as members. In recent campaigns for membership six classes of members are specified as follows:

- \*Annual member, dues.....\$1.00
- \*Sustaining member, dues annually.....2.00
- \*Contributing member, dues annually 5.00
- \*Sustaining member, dues annually.....10.00
- \*Life member one payment.....25.00
- \*Patron member, one payment.....100.00

All classes started above include annual subscription to the American Red Cross Magazine.

In the May issue of the Red Cross Magazine there is an article on "How to Run a Membership Campaign." A letter to Mr. H. J. Hill, director of membership extension, at the national headquarters, American Red Cross, Washington, D. C., will bring all the necessary information. This is a work in which women can serve America in this time of trial.

### Belts of Many Kinds.

Belts this season are loose, comfortable things, wide, narrow and medium, made in plain cloth, in silk and in satin or in beads. Sometimes they blossom into sashes, and look lovely on afternoon gowns; often they are modest little bands in cloth, about an inch or an inch and a half wide, which cross over in front and button at the side or which just loop at the ends and hang loose. The bead belts on the new chemise dress are almost works of art, and hang, girldelike, down the skirt. Then there is the loosely draped belt, which encircles the slightly raised line of the tailor-made, and which has only one danger, that of looking a little clumsy. It is only suited to the slim figure.

Well, Well!

## "Doans Saved My Life"

"I Had Given Up Hope" Says Mr. Dent, "But Doan's Kidney Pills Cured Me Permanently."

"My kidney trouble began with back-ache, which ran on about a year," says W. H. Dent, 2213 Reynolds Street, Brunswick, Ga. "My back got so I was at times unable to sleep, even in a chair. Often the pain bent me double. I would be prostrated and someone would have to move me. Uric acid got into my blood and I began to break out. This got so bad I went to a hospital for treatment. I stayed there three months, but got but little better. Dropsy set in and I bloated until nearly half again my size. My knees were so swollen the flesh burst in stripes. I lay there panting, and just about able to catch my breath. I had five doctors; each one said it was impossible for me to live.

"I hadn't taken Doan's Kidney Pills long before I began to feel better. I kept on and was soon able to get up. The swelling gradually went away and when I had used eleven boxes I was completely cured. I have never had a bit of trouble since. I owe my life and my health to Doan's Kidney Pills."

### Water-Wagon Revolutionists.

In the course of a conversation with one who was in Petrograd at the time, staying at the hotel which served as headquarters for the revolutionary party, I heard two or three significant facts, says a writer in the Westminster Gazette. One throws light on the morale of the troops, who carried out the coup d'etat. The Hotel Astoria, three doors off, had served as a nest for the reactionaries, and was sacked by order, but when the troops came to its extensive wine cellars, they carried every drop of its contents to the street and poured them into the gutter.

## Lemons Whiten and Beautify the Skin! Make Cheap Lotion

The juice of two fresh lemons strained into a bottle containing three ounces of orchard white makes a whole quart of the most remarkable lemon skin beautifier at about the cost one must pay for a small jar of the ordinary cold creams. Care should be taken to strain the lemon juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan and is the ideal skin softener, smoothen and beautifier.

Just try it! Make up a quart pint of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands. It should naturally help to whiten, soften, freshen and bring out the hidden roses and beauty of any skin. It is wonderful for rough, red hands.

Your druggist will sell three ounces of orchard white at little cost, and any grocer will supply the lemons. Adv.

### A Real Providence.

Mr. Youngusband reached home late for dinner.

# GALOMEL WHEN BILIOUS? NO! STOP! ACTS LIKE DYNAMITE ON LIVER

I Guarantee "Dodson's Liver Toner" Will Give You the Best Liver and Bowel Cleansing You Ever Had—Doesn't Make You Sick!

Stop using calomel! It makes you sick. Don't lose a day's work. If you feel lazy, sluggish, bilious or constipated, listen to me!

Calomel is mercury or quicksilver which causes necrosis of the bones. Calomel, when it comes into contact with sour bile, crashes into it, breaking it up. This is when you feel that awful nausea and cramping. If you feel "all knocked out," if your liver is torpid and bowels constipated or you have headache, dizziness, coated tongue, if breath is bad or stomach sour just try a spoonful of harmless Dodson's Liver Toner.

Here's my guarantee—Go to any drug store or dealer and get a 50-cent bottle of Dodson's Liver Toner. Take a spoonful and if it doesn't straighten you right up and make you feel better and vigorous I want you to go back to the store and get your money back. Dodson's Liver Toner is destroying the sale of calomel because it is real liver medicine; entirely vegetable, therefore it cannot savorate or make you sick.

I guarantee that one spoonful of Dodson's Liver Toner will put your sluggish liver to work and clean your bowels of that sour bile and constipated waste which is clogging your system and making you feel miserable. I guarantee that a bottle of Dodson's Liver Toner will keep your entire family feeling fine for months. Give it to your children. It is harmless; doesn't gripe and they like its pleasant taste.—Adv.

### How Did He?

The absent-minded professor from the university town was in Indianapolis over Saturday, attending a convention. While here he took a tour of the larger department stores. In one of them he was much perplexed.

He read the sign over the door of the elevator:

"This car express to fifth and sixth floors. Up only."

Absently he read the sign again. Then the car door opened, and he asked the elevator boy, "If this elevator goes only up how on earth did you get down here?"

The elevator boy grinned, frowned, scrutinized the man closely and then said in a dignified voice: "Oh, I just came down."—Indianapolis News.
