All men who previously had been rejected were ordered to present themselves for re-examination and within twenty-four hours all not utterly incapacitated were on tire way to the training centers. THANKSGIVING PROCLAMATION

Washington.-President Wilson issued his 1917 Thanksgiving proclamation, calling upon the nation, even in tion, calling upon the nation, even in the midst of the sorrow and great MAY BE MADE IN FEBRUARY GENERAL DIAZ SUCCEEDS HIM KERENSKY FLEES THE CAPITAL GARDENS PRODUCE \$11,000 peril of a world shaken by war, to thank God for blessings that are better than mere peace of mind and prosperity of enterprise.

The proclamation, fixing Thursday, November 29, as Thanksgiving Day,

"THANKSGIVING-1917. "By the President of the United States of America.

"A Proclamation. "It has long been the honored custom of our people to turn in the fruitful autumn of the year-inpraise and thanksgiving to Almighty God for His many blessings and mercies to us as a nation. That custom we can follow even now in the midst of the tragedy of a world shaken by war and immeasurable disaster, in the midst of sorrow and great peril, because even amidst the darkness that has gathered about us we can see the great blessings God has bestowed upon us, blessings that are better than mere peace of mind and prosperity of enterprise.

"We have been given the opportunity to serve mankind as we once served ourselves in the great day of our Declaration of Independence, by taking up arms against a tryranny that threatened to master and debase men everywhere, and joining with other free poeples in demanding for all the nations of the world what we then demanded and obtained for ourselves. In this day of the revelation of our duty not only to defend our own rights as a nation. but to defend also the rights of free men throughout the world, there has been vouchsafed us in full and inspiring measure the resolution and spirit of united action. We have been brought to one mind and purpose. A new vigor of common council and common action has been revealed in ui. We should especially thank God that in such circumstances, ir the midst of the greatest enterprise the spirit of men have entered upon, we have, if we but observe a reasonable and practicaable economy, abundance with which to supply the needs of those associated with us as well as our own. A new light shines about us. The great duties of a new day awaken a new and greater national spirit in us. We shall never again be divided or wonder what stuff we are made of.

"And while we render thanks for those things, let us pray Almighty God that in all humbleness of spirit we may look always to Him for guidance; that we may be kept constant in the spirit and purpose of service; that by His grace in our minds may be directed and our hands strengthened; and that in His good time liberty and security and peace and the comradeship of a common justice may be vouchsafed all the nations of

the earth. "Wherefore, I, Woodrow Wilson, President of the United States of America, do hereby designate Thursday, the twentyninth day of November, next, as a day of thanksgiving and prayer and invite the people throughout the land to cease upon that day and in their several homes and and places of worship to render thanks to God, the great ruler of

REVOLUTION IN RUSSIA ON VERGE OF COLLAPSE

Troops Loyal to Kerensky Are Marching to Capital.

London.-The Bolsheviki revolution in Petrograd is reported to be apapproaching collapse. Regiments loyal to Premier Kerensky are marching on the capital ,and fighting is under way in the city, according to reports reaching here from Petrograd. An organization which has adopted the name of All-Russian committee for saving the country and the revolution announced that the defeat of the Bolshaviki movement was a matter only of

days or hours. The town of Tsarkoe-Selo, 15 miles south of Petrograd, where former Emperor Nicholas lived much of the time, is said to have been captured by loyal forces, after which the rebels retired to Petrograd in disorderly mobs.

Paris .- A wireless dispatch from Haparanda in Sweden, near the Finnish border, says that Premier Keren-

The wireless message, which escaped the censorship of the Bolsheviki by being sent from Haparanda, says Premier Kerensky left Petrograd Tuesday for general headquarters, being concealed in the bottom of an automobile ambulance. It is understood he was accompanied by General Alexieff, former commander-in-chief, and

by Foreign Minister Terestchenko. Premier Kerensky now has 200.000 men devoted to him," the dispatch continues. "It is believed h is going to Moscow to reestablish his government there and march on Petrograd. This possibly may be unnecessary as the latest news from Petrograd says a battle is going on in the streets and that the Cossacks have joined the minimalists and are mastering the maximalists."

In baking only three pounds of sugar will be allowed for a barrel of flour, instead of an average of six pounds now used, and two pounds of vegetable oil shortening must be used instead of six pounds of ard or oil. The food administration expects to save 100,000 000 pounds of sugar and the same amount of lard.

Lexington.-The Erlanger mill village steps to the front with a gardening record that beats the United States according to all available statistics for the year 1917. Under the supervision of Miss Linda Clement, a United States department of agriculture expert, this village entered the mill garden contest conducted under the eye of Dr. P. P. Claxton, of the United States bureau of education. The records have been counted up at Erlanger and the net results was a saving of eight thousand dollars in garden truck used on

the table. In addition to this the people of the village have canned 14,468 quarts of vegetables, practically all from these gardens, and in addition 2,103 containers of jelly and 384 quarts of preserves. The value of the canned stuff, at very conservative estimate in view of present prices, is three thousand dollars. Mrs. Burt was second with \$86, and Mr. Freeman with \$78.79 was third. The average yield of gardens was \$45. After the prizes were awarded, a ten dollar gold piece was presented to Miss Clement by the gardeners as a token of appreciation of her work in assisting them to such a splendid victory over high living costs. In addition to her gardening work, Miss Clement has conducted a greenhouse at Erlanger, which is doing its full share in beautifying the homes
