

The convicts in our state prison have contributed a nice little sum of money to the Y. M. C. A. work among the soldiers.

SUPPORT for the families of our soldiers is being provided for by the government of the United States so that they may not suffer while the soldiers are absent from home.

The atrocities and cruelties perpetrated by the Germans will never be fully known.

The hands of boys have been cut off because they might some day become soldiers.

If everybody could know the extent of Germany's brutality in this war the whole civilized world would join in trying to protect her victims.

THE people of this country cannot do too much in aiding our government in its vigorous prosecution in our war with Germany.

Sanford Express: We are informed that a farmer came to Sanford during the fair last week, sold a bale of cotton and with more than one hundred dollars in his pocket went the rounds of the gambling booths at the carnival.

Editor of The Record: Mr. London has asked that one of the Chatham girls tell the people of Chatham something about the State Normal College.

THE people at home ought to be willing to contribute all that is possible for the comfort of the soldiers who suffer from the hardships and bloodshed of the war.

THE BASE HOSPITAL.

Lieut. Milliken is Kept Quite Busy.

The following interesting letter was written to his parents near here by Lieut. Jas. S. Milliken, who is in the medical department at Camp Jackson, near Columbia, S. C.

To day (Nov. 5th) is my especially busy day, for I am officer of the day. I have charge of the whole base hospital unit.

The hospital is situated in a square and it is a mile around the square, the supply rooms, hospital depot and administration buildings are around this square.

It is now only 4 p. m. and I am nearly broken down. Have been chasing all day. This letter has been interrupted several times and may not be finished until tomorrow.

Attended a dance at the Columbia Country Club Saturday night and while there I met four French officers who have been detailed here to Camp Jackson to teach our soldiers trench warfare and throwing hand grenades.

I have a ward assignment and am kept pretty busy. Cannot get off like I could at first. They are gradually lightening up on us.

An auxiliary to the Red Cross chapter of Greensboro has been organized with about 400 members.

Our Y. W. C. A. is also doing a great work. Just now it is actively engaged in the effort of the Students of America to raise \$1,000,000 for the war relief fund.

Letter From a Soldier.

Editor of The Record: As each of us has been requested to write our home paper in behalf of the army branch of the Y. M. C. A., I take the liberty of sending you a pamphlet which is self explaining.

About 15 years ago I wrote you a letter. At that time I was in the Philippines. Again the country calls, and even though I am over the draft age, I feel it my duty to respond.

With best wishes, yours truly, AUSTIN A. LASTER, Amb. Co. No. 22, M. O. T. Camp Greenleaf, Ft. Oglethorpe, Ga.

A FAMILY MEDICINE

In Her Mother's Home, Says This Georgia Lady, Regarding Black-Draught. Relief From Headache, Malaria, Chills, Etc.

Ringgold, Ga.—Mrs. Chas. Gaston, of this place, writes: "I am a user of Theodor's Black-Draught; in fact, it was one of our family medicines, also in my mother's home, when I was a child."

Theodor's Black-Draught has been in use for many years in the treatment of stomach, liver and bowel troubles, and the popularity which it now enjoys is proof of its merit.

Theodor's Black-Draught has been found a valuable remedy for these troubles. It is purely vegetable, and acts in a prompt and natural way, regulating the liver to its proper functions and cleansing the bowels of impurities.
