A German Republic.
I cannot easily believe in a German revolution, and still less in a German republic. I shall, at all events, not live long enough to behold the latter. But I feel convinced that, long after we shall have quietly rotted in our graves, they will, in Germany, battle for a republic, with speech and sword. For republicanism is an idea, and the Germans have never yet given up an idea until they have fought it out to its ultimate result.—Heine.

HOW MRS. BOYD AVOIDED AN OPERATION

Canton, Ohio.—"I suffered from a female trouble which caused me much suffering, and two doctors decided that I would have to go through an operation before I could get well.

ON GUARD

At this time of the year people feel weak, tired, listless, their blood is thin, they have lived indoors and perhaps expended all their mental and bodily energy and they want to know how to renew their energy and stamina, overcome headaches and backaches, have clear eyes, a smooth, ruddy skin, and feel the exhilaration of real good health tingling through their body. Good, pure, rich, red blood is the best insurance against ill of all kinds. Almost all diseases come from impure and impoverished blood. It is to be noticed in the pale or pimply face, the tired, haggard appearance or the listless manner.

Drink hot water a half hour before meals, and for a vegetable tonic there is nothing better than Dr. Pierce's Golden Medical Discovery, the old-fashioned herb and root remedy, which has had such a fine reputation for fifty years. It contains no alcohol or narcotics. It is made from Golden Seal root, Blood-root, Oregon grape root, Queen's root, Black Cherry bark, extracted with glycerine and made into tablets and liquid. Tablets sixty cents, at most drug stores. In order to insure pure blood and to build up the system try this tonic known as Dr. Pierce's Golden Medical Discovery. Get it now!

Robert's Position.
Robert was an honor to the force. He did not make the acquaintance of cooks, nor did he fall asleep on duty. He was ambitious and yearned for the time when he would be able to prefix the magic words "Chief Constable" to his surname. One day recently he arrested a man on a charge of assault. On the case coming before the magistrate he inquired as to who made the allegation against the prisoner.

Forward stepped the zealous Robert, who, with a sweeping salute, replied: "Me, your worship; I'm the alligator!"—London Tit-Bits.

"My mother, who had been helped by Lydia E. Pinkham's Vegetable Compound, advised me to try it before submitting to an operation. It relieved me from my troubles so I can do my house work without any difficulty. I advise any woman who is afflicted with female troubles to give Lydia E. Pinkham's Vegetable Compound a trial and it will do as much for them."—Mrs. MABIE BOYD, 1421 6th St., N. E., Canton, Ohio.

Explosion.

George N. Turner, for 40 years a clerk in a Nashville grocery store, was the victim of a peculiar joke. The store was crowded with customers and loafers and Turner was very busy. A young man came in carrying a jug and asked for one-half gallon of vinegar. After working several minutes with a frozen vinegar pump, Turner began to fill the jug. When it was about full the jug "exploded" and Turner was covered with vinegar and soda. The latter had been placed in the bottom of the jug while the young man was talking to a crowd of boys. Turner says he was sure he was blown up by a German bomb.—Indianapolis News.

"Being exposed to extreme heat when working as an engineer, and then going outdoors to cool off, caused my kidney trouble," says Carl Goering, 8513 N. Orkney St., Philadelphia, Pa. "In cold weather and when it was damp, my joints and muscles would swell and ache and often my limbs were so badly affected it was only with great misery I was able to get around. For a week I was laid up in bed, hardly able to move hand or foot.

"Another trouble was from irregular and scanty passages of the kidney secretions. I became thin and weak and had to give up my work. Headaches and dizzy spells nearly blinded me and I went from 205 to 209 in weight. Nothing helped me and I felt I was doomed to suffer.

THE RED CROSS NURSES OF EUROPE ARE GIVING TOASTED CIGARETTES TO THE BOYS

To anyone who doesn't know of the wonderful advances that have been made in the preparation of smoking tobaccos in the last few years it may sound strange to speak of toasted cigarettes.

Strictly speaking, we should say cigarettes made of toasted tobacco; the smokers of this country will recognize it more readily by its trade name, "LUCKY STRIKE"—the toasted cigarette.

The American Tobacco Company are producing millions of these toasted cigarettes and these are being bought in enormous quantities through the various papers of the country and forwarded through the Red Cross Society to the boys in France.

This new process of treating tobacco not only improves the flavor of the tobacco but it seals in this flavor and makes the cigarettes keep better.

The Red Cross nurse is always glad to have a cigarette for the wounded soldier, as, in most instances, that is the first thing asked for.—Adv.

Caviar to the General.

Although some packers of caviar in New York report that spoonbill caviar is being marketed here in bulk as low as 75 cents a pound, the market generally remains at \$1.25 for prime quality, and a few sales are reported at \$1. The quantity has been limited from all sources and, indeed, operators here have not been buying heavily. There has been a scarcity of lake caviar in bulk, and packers report that the prevailing price for this grade has been usually \$1.50 a pound.—Fishing Gazette.

Girls! Use Lemons!

Make a Bleaching, Beautifying Cream

The juice of two fresh lemons strained into a bottle containing three ounces of orchard white makes a whole quarter pint of the most remarkable lemon skin beautifier at about the cost one must pay for a small jar of the ordinary cold creams. Care should be taken to strain the lemon juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan and is the ideal skin softener, smoother and beautifier.

Just try it! Get three ounces of orchard white at any pharmacy and two lemons from the grocer and make up a quarter pint of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands. It naturally should help to soften, freshen, bleach and bring out the roses and beauty of any skin. It is simply marvelous to smoothen rough, red hands. Adv.

Conservation.

"Mercy on us!" ejaculated Mrs. Flint, in the midst of her reading. "Here in the paper is a piece by a professor proving by the Scriptures that this war means the end of the world in April, and—"

"Well, if that's the case, I guess I'd just as well put off going to the dentist," returned honest Farmer Flint. "If what the professor says is true I won't need any new teeth. These old ones probably will answer for such gnashing as I'll have to do."—Kansas City Star.

End of the Lesson.

"My boy, you can take a lesson from the dog that is trotting by your side, and to whom I point as an example. He doesn't drink, he doesn't smoke, he doesn't swear—"

"But if you don't stop yer pointin' at him, mister, he'll do some chewing presently."

Their Medicine Chest For 20 Years

IT is characteristic of folks after they pass the allotted "three score years and ten," to look back over the things that are gone and thoughtfully live them over.

I find myself, at seventy-one, frequently drifting back a quarter of a century, when I see myself in the little drug store I owned at Bolivar, Mo., making and selling a vegetable compound to my friends and customers—what was then known as Dr. Lewis' Medicine for Stomach, Liver and Bowel Complaints.

For many years while I was perfecting my formula I studied and investigated the laxatives and cathartics on the market and became convinced that their main fault was not that they did not act on the bowels, but that their action was too violent and drastic, and upset the system of the user; while others would act only on the lower or large intestines, and that they were not thorough enough in their action, some simply acting on the upper or small intestines, while others would act only on the lower or large intestines, and that they almost invariably produced a habit requiring augmented doses.

I believed that a preparation to produce the best effect must first tone the liver, then act on the stomach and entire alimentary system. If this was accomplished, the medicine would produce a mild, but thorough cleansing of the system without the usual sickening sensations, and make the user feel better at once.

After experimenting with hundreds of different compounds, I at last perfected the formula that is now known as Dodson's Tonic, which I truly believe goes further and does more than any laxative on the market today. The thousands of letters from users have convinced me I was right, and that the user of Dodson's Tonic is a family medicine, even though he may have used it for twenty-five years, never has to increase the dose.

My knowledge of medicine and the results of its use in my own family and among my friends, before I ever offered it for sale, caused me to have great faith in Dodson's Tonic from the very start.

And now as I find myself nearing the age when I must bow to the inevitable and go to another life, my greatest pleasure is to sit each day and read the letters that reach me, and from people as old or older than I, who tell of having used Dodson's Tonic for ten, fifteen or twenty years, and how they and their children and grandchildren have been benefited by it. It is a comforting thought, my friends, for my own success, one has done something for his fellow man. My greatest satisfaction, my own success, one has done something for his fellow man.

My greatest satisfaction today, is the knowledge that tonight more than one million people will take a Dodson's Tonic (No. 25) and will be better, healthier, happier people for it. I hope you will be one of them.

After experiments with hundreds of different compounds, I at last perfected the formula that is now known as Dodson's Tonic, which I truly believe goes further and does more than any laxative on the market today.

The other day two youngsters were walking along the street together. The father of one of the boys was a policeman, and his companion, who knew this, said to him:

"What is your father's number?" "No. 25," replied the boy.

The questioner then said: "I nearly saw him last night." "How was that?" asked the policeman's son.

"I saw No. 24!"—Pearson's Magazine.
