Snow, Rain, Wind, Cold.

Last week was a mixture of most all sorts of weather. It was cold, it rained, the wind blew hard part of the time, and not being satisfied late Thursday afternoon it began to snow and for two hours or more the flakes fell thick and fast, and this on the 11th of April. Old inhabitants say that snow has fallen here as late as April 27th. At any rate, snow in April is getting too late in the season to be falling around here and causing people to go about drawn up in a knot.

At Durham the storm did considerable damage to telephone poles and wires, 200 or more poles being pulled down by the snow and wind. Nearly all over this state and Virginia come reports of severe weather and heavy falls of snow.

But the "sun do move" and we are still living and suppose everybody is happy because it was no worse.

Chatham at the State Convention.

On account of the unusually stormy weather last Wednesday, only a very few of Chatham's delegates attended the State Democratic convention in Raleigh. Since the primary now choose all party candidates for state as well as county officers, however, there was really very little for the state convention to do. The following were chosen members of the various committees:

R. H. Hayes, member of the state executive committee, Spence Taylor on the congressional committee, Junius Wrenn on the judicial committee and J. B. Atwater on the senatorial district committee.

Mr. Walter D. Siler represented the fourth congressional district on the platform committee.

Further Call to Colors.

Provost Marshal General Crowder has made another draft call for 49,843 registrants from May 1 to 10. This is in addition to the 150,000 called to report within five days from April 26 and increases to more than 300,000 the number of selectmen ordered to camp since late in March. Of the new allotment North Carolina's quota is 481, of which number only four men will be furnished by Chatham county.

W. J. Bryan at Sanford.

Hon. W. J. Bryan will speak in the Star tobacco warehouse at Sanford on April 24th at 1 p. m. His subject will be "The War." This will be a rare opportunity for the people of this part of the country to hear America's most fluent orator. One-half of the proceeds from the lecture will go to establish a graded school library. Adults, 75 cents; children, 50 cents.

Mrs. Mary Thomas Passes.

Tuesday of last week Mrs. Mary Thomas, widow of the late George W. Thomas, died at Moncure at the residence of her son-in-law, Mr. Vance Ray. She was about 72 years of age and a member of the Gum Spring Baptist church, at which place her remains were interred last Wednesday.

County Commencement.

The county commencement which was to have been held last Saturday will be held next Saturday, April 20. All the contestants are asked to be here promptly. Please tell every one that you can. Yours very truly, F. M. WILLIAMSON, County Superintendent.

Prosperous Richmond Farmer.

Laurinburg Enterprise. Mr. J. F. Diggs, one of Richmond county's leading farmers, says he has already planted 175 acres in corn out of a proposed 300 acres in that cereal. Six hundred acres will be put in cotton and next week will find more cotton in than corn. There are 125 acres in oats on his farm, and 100 in rye. Only about 15 acres of the rye will be saved, he said, the balance was put in for grazing purposes. He has two farms, both of which make 2,000 acres. Mr. Diggs does not confine himself to corn, cotton, oats and rye, but raises registered cattle and hogs for which he finds a ready market. He also does an extensive dairy business.

Federal Law for Lynching.

A county in which a lynching occurs would be subject to forfeiture of from \$5,000 to \$40,000 under the terms of a bill introduced in the House of Congress by Representative Dyer, of Missouri, having as its object the protection of citizens in default of state protection. A mob killing would be deemed murder and drastic penalties would be provided for state and municipal officers who fail to make reasonable efforts to prevent lynching or suffer prisoners to be taken from them for lynching, and for prosecutors who fail to prosecute such cases.

Poor Health of Young Men.

"I am appalled," writes Dr. L. E. Farthing, quarantine officer of Pittsboro, to the state board of health, "to find so large a number of our young men in poor health and worse still with diseases or conditions that could have been easily remedied. It is indeed pathetic," writes the doctor, "to have men say, 'Doctor, you will have to sign my name for me as my eyes would not let me go to school,' when glasses brought his vision almost to normal, or to find one with faulty, undeveloped features and a mentality below the standard, and upon looking into the nasopharynx to find adenoids possibly now somewhat atrophied but with their evil work already done for that young man. When I see this I feel that something must be done. We are a liberty loving people and like to boast of our liberty, but there is a vast difference between liberty and neglect, and I feel that the present deplorable physical condition of our young men is a case where liberty lapsed into neglect. I believe that if our forefathers could speak they would say that this was not the liberty ideal for which they fought, but would say instead that if the standards and ideals they had in view had been attained something would have been done to improve these conditions. 'We hope to have medical inspection of school children in our county this year, for I am of the opinion that this is one of the best ways to overcome these conditions.'"

Electric Lights.

Editor of The Record: I saw a letter in your paper headed "Lights for Pittsboro," signed Citizen. I will say I will be glad to see the move carried out. It spoke of different places where the power could be obtained. I am interested in the property at Tysor's mill and will state that I would be glad to sell, or if you people at Pittsboro don't wish to lay out too much money in the start I will put it in as stock. If you people mean business, why let us put our heads together and our shoulders to the wheel and push the light business to the front and our county seat will have lights. We will all be proud of it and the wasted power will be doing us all good. Very respectfully, ROBERT L. TYSOR, Cumnock, April 8.

The School News

JULIA JOHNSON, Class Editor. We were all very glad to have Sergt. Obie Harmon to visit this school Monday morning. He made a short but instructive talk in the chapel on the courtesy we should pay to the flag. His description of life in camp was so interesting that at the moment we could think that life outside of camp was not near so real or worth while, and we wished that we could be real soldiers too.

The weather last week interfered with the attendance. Now that spring has come the larger children are stopping to help with work on the farm. Nevertheless we hope that every pupil in the 5th, 6th and 7th grades will be here county commencement day to take part in the parade. Every child is urged to be here for the final examination next week, if possible. School work has never been more important than now and it is hoped that the unusual conditions brought on by the war will be an impetus to school work, not a drawback.

The 3rd and 4th grades have invested \$771.50 in war savings stamps and liberty bonds.

Watts Farthing has the largest individual investment in the school. Those pupils who have made the honor roll for the past week are: Mary Dell Bynum, Billie Johnson, Willie Morgan, McKinley Abernethy, Wyeth Ray.

The pupils of these grades are very much interested in the study of birds. They have written papers on the different birds. The teacher and pupils have been aided in this study by the use of a large colored map of birds given to the room by Harry Bell.

Crowded out from last week: Tuesday, April 2, the greater part of the school attended the community fair at Bynum. Wallace Farrell creditably represented Pittsboro in the declamation contest and Margaret Lanus in the recitation contest, and Thomas Morgan and Wyeth Ray in the spelling contest. The service flag received the blue ribbon. Watts Farthing received the prize in the story telling contest, and the primary grades won the dramatized story. The prizes that were given were four thrift stamps.

The Cotton Market. Cotton was quoted in Raleigh yesterday at 30c for good middling and 29 3/4c for strict middling. It was quoted at Pittsboro at 29c.

Forty-four head of pure bred Duroc Jersey hogs were recently sold at Charleston, Miss., for \$18,415, an average of \$419 per head.

Rheumatic Pains Relieved. "I have used Chamberlain's Liniment for pains in the chest and lameness of the shoulders due to rheumatism, and am pleased to say that it has never failed to give me prompt relief," writes Mrs. S. N. Finch, Batavia, N. Y., adv.

Announcement.

Being solicited by quite a number of our good people, I have decided to become a candidate for County Commissioner, subject to the action of the Democratic primary. Thanking you in advance for your support, if elected I will serve you faithfully. I am, truly yours for success, April 17, 1918. W. M. LINDSEY.

Thirty Years Ago.

Pike County (Ill.) Republican. Ladies wore bustles. Operations were rare. Nobody swatted the fly. Nobody had seen a silo. Nobody had appendicitis. Nobody wore white shoes. Cream was five cents a pint. Cantaloupes were muskmelons. Milk shake was a favorite drink. Advertisers did not tell the truth. Farmers came to town for their mail. The hired girl drew one-fifty a week. You never heard of a "tin Lizzie." Doctors wanted to see your tongue. Most young men had "lively bills." Nobody cared for the price of gasoline. The butcher "threw in" a chunk of liver. Folks said pneumatic tires were a joke. Nobody "listened in" on a telephone. Strawstacks were burned instead of baled. People thought English sparrows were "birds." There were no sane Fourths, nor electric meters. Publishing a country newspaper was not a business. Jules Verne was the only convert to the submarine. You stuck tubes in your ears to hear a phonograph, and it cost a dime.
