—Don't forget to return your income taxes, if you are liable, by March 15. Income Tax Inspector Rex L. Farmer will visit Pittsboro March 12 and 13 and Siler City on the 14th and 15th to assist taxpayers in preparing their returns.

—Thomas Taylor, a very worthy colored man, who lived just east of the corporate limits of the town, died last Sunday morning. He had a stroke of paralysis about two weeks ago and never recovered from it. He was about 68 years of age.

—A bill was introduced by Representative Spence of Randolph, by request, to annex a strip 1-1/2 miles wide and 12 miles long in Bear Creek township, Chatham county, to Randolph county. The bill was promptly killed by the committee to which it was referred.

—Papers in towns all over the state are calling on the mened men to build more dwelling houses. The same thing is needed here. Two or three families here now are roosting around in trees, so to speak, because they cannot get a hole to stick their head into. Build houses.

—On account of my physical condition I will offer for sale, to the highest bidder, on Monday, March 10, my stock cattle, hogs, corn, feed, farming tools, wagon, surrey, harness and some house things. Also good farm for rent 1919. —Henry F. Durham, Roseco, Chatham county, N. C. adv

—Officers are not having the luck after stills they had some few weeks ago. A raid was made last Friday about six miles west of here, but it was almost a water haul. They destroyed an old galvanized still that had not been in use for some time. Blockade birds are not roosting in the same place long at a time these days.

—The friends of Mr. J. M. Farrell will regret to learn that he received a slight stroke of paralysis in his right side last Saturday and has been confined to his bed since. He is improving and hopes to be out in a few days. Mr. Farrell seems to run in hard luck. It was only a few weeks ago that he fell from his buggy and broke a small bone in his leg and had sufficiently recovered to get around on crutches.

Names Wanted.
The Record wishes to secure names of all Chatham county soldiers (both white and colored) who have been killed or died in the service, at home or abroad. Their relatives will please send their names and date of death, as well as their company and regiment at once to The Record, as we wish to publish the list.

Crossties.
The question is often asked here— "Where do so many crossties come from?" From the woods, of course, but it seems like the woods would give out some time. More crossties are shipped from this point than any little or big town in the state. The work train has been hauling them from here, two or three trips a day, for the past three weeks, and yet they can hardly be missed in the yard here.

THE RELIEF FUND

Chatham Slow in Raising Her Quota

On account of the unfavorable weather during the drive for funds for the "Armenian-Syrian relief fund," and some misunderstanding as to how the campaign would be conducted, I have continued the period through this week and embracing Sunday, the 9th. Immediately after this date I desire all reports and moneys turned in promptly that I may make report to state chairman, Doctor Joyner. I sincerely hope that every church and Sunday school in Chatham will make liberal response to this appeal for aid for those suffering people.

Below I am giving the names of contributors and amounts contributed by each to date. In my next report I hope to show a good surplus:

Table with 2 columns: Name and Amount. Total reported \$302.31. Chatham's quota, \$700.00.

To Get a Bonus

According to section 1406 of the revenue all soldiers, officers, clerks and nurses are to get a bonus of \$50 if they have been honorably discharged. Those who have not received their bonus should write to Zone Finance Officer, Lemon building, Washington, stating their service since April 6, 1917, date of discharge and present address and also enclosing discharge certificate or military order for discharge if both were used. These will be returned to the sender. A good many of the Chatham boys will get bonuses.

Relics of the War

We request the returned soldiers, those who have relics of the world war, to send them to Miss Myrtle Siler, custodian, in Sheriff Lane's office, to be kept there until a suitable cabinet has been provided for their reception and exhibition. The Daughters of the Confederacy have a museum in the war building containing relics of the war between the states, and the commissioners have agreed to purchase one for the descendants and relatives of the men who followed Lee. The Daughters consider it a privilege to aid in keeping history straight, as that is their work.

Box Parties

The Bethel school party was a grand success. The pie, baked by Mrs. Moses Clark, created quite an interesting game. A nice box of stationery was awarded to the successful guesser as to what the pie was made of. One guess was, "Made of corn fodder." Another, "Made of corn silks." It was made of corn piths.

The ugliest gentleman and the prettiest lady got the cake, which brought \$52.55. The net proceeds totaled \$81.60, which will be used for the betterment of our school.

TEACHER. —The Holly Oak school gave a box supper Friday night, Feb. 21. The sale of the boxes amounted to \$34. The voting contest brought in \$32, making a total of \$66.

Just Had to Kill Him

"One day twenty negro soldiers were sent out to escort 20 German prisoners back from the front," writes a correspondent in France. "Nineteen of them returned all right, each guarding a captive boche.

"Where's your prisoner?" his commanding officer asked the twentieth. "It's this way, boss," he groaned. "He commenced telling me of his poor old mother and how she would miss him if he were kept in a prison camp, and of his wife and three little children back in Germany, and how they would cry when they learned his fate, and, boss, before God, I just had to kill that man to keep him from breaking my heart."

Working Public Roads

To Be Erected by the Co. Commissioners

A bill to be entitled an act to authorize the commissioners of Chatham county to levy a special tax for working the public roads in the various townships in the county. The General Assembly of North Carolina do enact: Section 1. That on petition of one-fourth of the freeholders of any town or township in the county of Chatham, the county commissioners of the said county are authorized and empowered to levy a tax of not exceeding forty cents on the one hundred dollars property valuation and one dollar and twenty cents on the poll, always observing the constitutional equation, for the purpose of constructing, establishing, maintaining and repairing the public highways of such township. The said petition shall state the amount of tax desired to be levied.

Memorial Tablet

We herewith publish a letter written by Mr. Ossian Lang, director of the war community service, to the Daughters of the Confederacy of Chatham county: "Ladies: Being informed of your successful work for the erection of a monument to the Chatham soldiers of the War between the States, and having learned of the splendid aid given by your organization toward the winning of the world war for democracy and decency, I take the liberty of asking your help for the inauguration of a movement to unite the people of Chatham county in the establishing of the best possible kind of a memorial or memorials to the Chatham men who have served in the victorious land and sea forces of our common country. The plan I beg to commend to you particularly is to place memorial tablets in all the common school houses bearing the names of the soldiers, sailors and marines of the several districts; and also to establish at the county seat a Chatham memorial community house as a living monument to all enlisted men of the county, this community house to be a model social center in whose benefits all the people of the county may share.

Declaration Contest

The literary societies of Wake Forest are making final arrangements for the declaration contest which is to be held in Wake Forest March 13 and 14. Every high school in the contest will be the guests of the two literary societies while in Wake Forest. The following are the rules governing the contest: Any accredited high school, city graded school, or private school is entitled to send one male representative.

Daylight Law Stands

The effort to kill the daylight saving law through congressional action failed in the Senate when senators opposed to the repealing "rider" attached to the agricultural appropriation bill raised a point of order against the measure. The point was taken on the ground that the "rider" was general legislation on one of the annual appropriation bills, and as such was out of order. Senator Gore, who was leading the movement to effect an appeal, threatened to attach the rider to the wheat price guaranty bill, but felt it was more important to the farmers to have the wheat guaranty bill go through than have the daylight saving law repealed.
