Presbyterian Synod
THE annual report made to the
Presbyterian Synod, which
met in Raleigh last week, show-
ed a gratifying growth in mem-
bership and contributions for the
past year. With a total mem-
bership of 58,066, the North Car-
olina Synod is divided into seven
Presbyteries in which 250 minis-
ters are engaged in church work.
The number of churches is
949, number of elders, 1,937;
number of deacons, 2,032. Dur-
ing last year 960 adults were
baptized and the number of in-
fants baptized was 773. The
statistics for the Sunday schools
shows a total enrollment of 47,-
705.

The total number of communi-
cants added to the church last
year on examination was 2,079,
and the total number added by
certificates was 2,007, making a
total of 4,146 additions to the
church during the year, this be-
ing an average of a fraction more
than 15 for each minister in the
Synod. The number of licenti-
ates in the Synod is 5, and the
number of candidates for the
ministry is 100.

The latest statistics available
show that during last year the
Synod of North Carolina contrib-
uted to foreign missions, \$132,-
593; assembly's home missions,
\$27,327; Synod's home missions,
\$44,713; Presbytery's home mis-
sions, \$38,503; to congregational
home missions, \$21,098; to Chris-
tian education and ministerial re-
lief, \$20,135; to Sabbath school
extension and publication, \$3,150;
schools and colleges, \$143,422;
Bible cause, \$2,552; orphan's home
\$63,097; miscellaneous benevo-
lences, \$72,664; to current ex-
penses and Presbyterian tax, \$251,-
720; for pastor's salaries, actually
paid, \$242,893.

The Church of the Covenant,
Wilmington, was selected as the
place of meeting for next year.

Pershing Wants Small Army
DISSENTING in many impor-
tant respects from the pro-
gram recommended by the War
Department and the general staff,
General Pershing has told the
military committees of Congress
that 300,000 men, raised entirely
by voluntary enlistment, should
be the outside figure considered
for a standing army.

He favored universal military
training to provide an emer-
gency reserve, but thought gen-
eral educational work should be
combined with it and military
discipline "somewhat relaxed"
so that the system would be in
complete harmony with domestic
institutions. He fixed six months
as the training period.

The department had recom-
mended an army of more than
500,000, with a system of univer-
sal training not embracing the
educational feature. Its recom-
mendation for a training period
was three months.

The Raleigh American is the
name of a very new weekly afternoon
daily which has just made its ap-
pearance in our capital city. The
editor is Mr. Edgar W. Wible, who
has had long newspaper experi-
ence. Here's wishing fame and
fortune and a large measure of
success to Mr. Wible in his
latest venture.

CALIFORNIA has ratified the
Federal woman's suffrage amend-
ment the Senate by unanimous
vote and the assembly with only
two negative votes being cast.
This makes the 17th State to ratify
the amendment.

BETTER is preparing. The
millennium is on the way. The
price of meat has dropped one-
eighth of a cent, shoe strings
selling at ten cents, and sugar
and liquor have disappeared.

The latest strike that has been
reported is the blind men in an
institution in Philadelphia. They
want higher wages. A case of
blind man's bluff, as it were.

The price of cotton is steadily
increasing. The farmer that has
cotton stored away at home in a
dry place, will be getting big
money for it next spring.

A Southern Race-Program
UNDER the above heading
the University News-Letter
has the following well-timed and
thoughtful article which we are
herewith reproducing in full:

Recognizing that the negro is a per-
manent and increasingly important fac-
tor in the development of our national
life, the Southern Sociological Congress
considers the solution of the problem of
race relations as the most delicate and
difficult single task for American de-
mocracy. We believe that no enduring
basis of good-will between the white
and colored peoples of this country can
be developed except on the fundamen-
tal principles of justice, cooperation,
and racial integrity. The obligations of
this generation to posterity demand
that we exert our utmost endeavor to
preserve the purity of our democratic
ideals expressed in the American con-
stitution as well as the purity of the
blood of both races. With this belief
the Southern Sociological Congress has
worked out a program for the improve-
ment of race relations, and we respect-
fully submit it to the conference of
governors in the earnest hope that this
body of distinguished leaders may lend
its powerful influence toward making
this program effective throughout the
union.

The report to the conference of gov-
ernors in Salt Lake City as presented
by Bishop Theodore D. Bratton, pres-
ident of the Southern Sociological Con-
gress, and Dr. J. E. McCulloch, the
secretary, is as follows:

1. The negro should be liberated from
the blighting fear of injustice and mob
violence. To this end it is imperatively
urged that lynching be prevented.

(1) By the enlistment of negroes
themselves in preventing crimes that
provoke mob violence.

(2) By prompt trial and speedy exe-
cutions of persons guilty of heinous
crimes.

(3) By legislation that will make it
unnecessary for a woman who has been
assaulted to appear in court to testify
publicly.

(4) By legislation that will give the
governor authority to dismiss a sheriff
for failure to protect a prisoner in his
charge.

2. The citizenship rights of the ne-
gro should be safeguarded, particu-
larly:

(1) By securing proper traveling ac-
commodations for the negro.

(2) By providing better housing con-
ditions and preventing extortionate
rents.

(3) By providing adequate educa-
tional and recreational facilities.

(4) By fostering cooperation between
white and colored citizens which is pro-
moted without discouraging any viola-
tion of racial integrity.

(1) By organizing local committees,
both white and colored, in as many
communities as possible for the consid-
eration of inter-racial problems.

(2) By the employment of negro phy-
sicians, nurses and policemen as far as
practicable in work for sanitation, pub-
lic health and law enforcement among
their own people.

(3) By enlisting all agencies possible
in fostering justice, good will and kind-
ness in all individual dealings of the
other.

(4) By the appointment of a stand-
ing committee by the governor for each
State for the purpose of making a care-
ful study of the causes underlying race
friction with the view of recommend-
ing proper means for their removal.

CONGRESSMAN E. Yates Webb,
of Shelby, has been appointed by
President Wilson United States
judge for the western district of
North Carolina. Judge Boyd,
recognizing the growing infirmities
of age, in a letter to the
President, requested that another
judge be appointed under the
Carlin act to relieve him of the in-
creasing work. Judge Boyd will
now be virtually retired on full
pay.

NORTH CAROLINA subscribed
to \$138,095,400 worth of liberty
bonds in the five loans with an
overpayment of \$9,327,400, ac-
cording to figures made public by
the Federal Reserve Bank at
Richmond. In addition to the
liberty bonds, the State subscribed
to \$24,449,000 of treasury cer-
tificates.

All the fools in this country
are not dead yet. The idea of a
man paying \$11,000 for one at
Hannibal, Mo., the other day.
This mammoth hog weighs 1100
pounds, is 44 inches tall and 84
inches in length.

Mr. P. LaDuke, Farmer, Says: "You
Bet Rats Can Bite Through Metal."
"I had feed bins lined with zinc last
year, rats got through pretty soon. Was
put \$18. A \$1 pig of RAT-SNAP killed
so many rats, that I've never been
without it since. Our collie dog never
touched RAT-SNAP. You try it.
Three sizes, 25c, 50c, \$1. Sold and
guaranteed by G. R. Pilkington, Pitts-
boro, adv.

It is thought the coal strike will end
in another week.
