## ALLIES AGREE TO MODIFY PROTOCOL

SEVERAL FEATURES TO WHICH  
THE GERMANS OBJECT ARE  
TO BE ELIMINATED.

## TO GO TO HAGUE TRIBUNAL

Imputation of Responsibility of the  
Huns for Sinking of Scapa Flow  
Fleet is Left in the Protocol.

Paris.—The allies have consented to modify some of the terms of the protocol putting the peace treaty into effect to which Germany has made objection.

The clause providing for the indemnity for the destruction of the German fleet at Scapa Flow has been modified so as to refer to The Hague tribunal the question whether the delivery of the tonnage demanded will cripple Germany, it is understood.

The understanding also is that the other features of the protocol most objectionable to the Germans have been eliminated. It is expected that the German plenipotentiaries will sign the protocol without much further delay.

The final paragraph of the protocol providing that even after the peace treaty has gone into effect, the allies might use military measures of coercion to ensure the execution of the treaties terms, has been eliminated entirely.

The imputation of responsibility to Germany for the sinking of the Scapa Flow fleet is left in the protocol.

## GERMAN BLOCKADE MAY BE RENEWED

URGENT SUMMONS IS SENT TO  
FIELD MARSHAL WILSON TO  
CONSULT WITH FOCH.

## HAD ENOUGH FINGER-WAGGING

Bonar Law Says Allies Can and Will  
If Necessary, Force German Rati-  
fication of Versailles Treaty.

London.—There was a persistent rumor in the stock exchange that the supreme council of the peace conference had threatened Germany that unless the final peace terms were agreed to, allied troops would occupy Essen and Frankfurt. Up to this time the market has not been affected by the report.

Official announcement that Field Marshal Wilson has gone to Paris in response to "an urgent summons to consult Marshal Foch in connection with the peace treaty," is regarded by some morning newspapers as of considerable significance. It is printed alongside the address made in Glasgow by Andrew Bonar Law, in which he said he believed the allies had the power, and if necessary, will exercise it, to insure ratification of the Versailles treaty by Germany. It is suggested that steps to exert pressure in Germany may be imminent.

"There has been enough finger-wagging at the Germans, who have come to believe it safe to defy the allies," says the Daily Mail, in commenting on the situation. "A wise and merciful course would be to tell them plainly that if within a fixed time they do not comply with the allied conditions and fulfill the treaty terms, the blockade will be renewed."

## THE SUGAR BOARD TO BE DISSOLVED

GOVERNMENT WILL PROSECUTE  
OFFENDERS UNDER TERMS  
OF LEVER FOOD ACT.

## HOLDS CONGRESS AT FAULT

Determination of Department to Abandon  
Its Program Gives Leeway for  
Further Rise in Price of Sugar.

Washington.—Abandonment of government attempts to control the distribution and sale of sugar was announced by Attorney General Palmer.

"A conference has been held between representatives of the sugar equalization board and department of justice officials in which the sugar situation was reviewed," Mr. Palmer said.

The department has neither the power nor the facilities with which to control the purchase or distribution of sugar. The only government body having this power, is the sugar equalization board, and its control terminates December 31.

"The Congress, although requested to do so, has failed to extend the life of the board. The department of justice will confine its efforts in the future to the enforcement of provisions of the Lever food control act by prosecuting all instances of sales of sugar for an unjust and unreasonable price."

Determination of the department of justice to abandon its program was said to give full leeway for a rise in sugar prices.

## GERMANY DECLINES TO SIGN PROTOCOL

ATTITUDE TAKEN CONSIDERED  
AS CONFIRMING REPORTED  
CHANGE IN SENTIMENT.

## RESIST INDEMNITY DEMANDS

Supreme Council Has Addressed Note  
of Protest to Germany Against the  
Increase of Hun Armament.

Paris.—Germany has decided not to sign the protocol presented to her by the allies as a condition of putting the peace treaty into effect, the peace conference has been notified.

It was learned that Baron Kurt von Lersner, head of the German delegation here, called on Secretary Dutasta of the conference and told him that Germany had made such a decision.

This attitude is taken as confirming reports of a sharp reaction in Germany within the last fortnight. Trained observers of German developments have expressed to members of the peace conference the view that there has been a complete transformation of the situation in Germany and that it is due to the failure of the United States senate to ratify the peace treaty.

These observers declare that while the vast majority of the Germans, before the senate's adjournment, desired the peace treaty ratified as soon as possible, they are now supporting the government's attitude in resisting the demands of the allies for indemnity for the sinking of the German fleet at Scapa Flow, recompense for which was provided in the protocol.

The supreme council has addressed a note to Germany protesting against the increase of Germany's armament, contrary to the provisions of the peace treaty.

MEN IS CURRENTLY REPORTED

Two Villa rebels are reported to have presented themselves at the federal headquarters at Parral and notified the commander there that Villa had been captured and was being held for surrender to Carranza forces.

The state of Chihuahua has already offered \$50,000 as reward.

Mexican officials here expressed the opinion that General Manzano Escobar, commander of the Jaurez district, would proceed immediately to Chihuahua City for a conference with military officials.

P. W. Caballero, who received the news of the reported capture, is here on an inspection tour in company with Colonel Paulino Fontes, director general of the National railways of Mexico.

RESOLUTION INTRODUCED TO  
SEVER MEXICAN RELATIONS

Washington.—A resolution requesting President Wilson to sever diplomatic relations with Mexico was introduced by Senator Fall, New Mexico, chairman of the senate committee charged with an investigation of the Mexican situation. ## CLOSE OF CAREER FAMOUS FINANCIER

HENRY C. FRICK, MASTER OF  
UNTOLD MILLIONS CLOSSES  
HIS EYES IN DEATH.

## RESULT OF PTOMAIN POISON

At Ten Years of Age Deceased Was a  
Simple Farmer Boy, and at 60 His  
Fortune Was Uncountable.

New York.—Henry Clay Frick died here. Mr. Frick suffered an attack of ptomaine poisoning early in November. He had nearly recovered from this when complications developed. He was 69 years old.

The career of Henry Clay Frick has formed one of the most fascinating chapters in the romance of industry in the United States. At 10, a boy on a farm in a family of only ordinary means, he was, at 60, a man of so many millions that his fortune, like those of Carnegie and Rockefeller, was largely a matter of guess work, even to himself. It has been said he was worth more than \$100,000,000, perhaps as much as \$200,000,000.

Mr. Frick built up the greatest coke business in the world, and acquired vast interests in steel that he was also one of the principal magnates in that industry, and in rounding out his career he became known as one of the world's greatest collectors of master paintings.

VATICAN AT ROME ANXIOUS

Federal agents would make no statements as to when court action might be expected but it is known that the evidence has been collected against alleged violators of the injunction.

AFTER READING OF MESSAGE  
CONGRESS GETS TO WORK

Washington.—Congress got into full swing with receipts of President Wilson's annual message and inauguration of actual legislation in both senate and house.

The message was read separately to each body with floors and galleries crowded. When it was concluded, both senate and house began on the months of work ahead of them.

The senate took up the Cummins railroad bill, hoping for its passage before the Christmas holidays. House leaders arranged for immediate attack on the annual appropriation bills carrying almost five billions as submitted by the departments.

The house adopted during the day the conference report on the Edge bill authorizing foreign trade financing corporations, and the measure now goes to the President for approval.

In the senate no formal move to read final disposition of the German peace treaty was made and the President's message made brief reference to it with a view to a special message later.
