Seeing Ourselves.

A well-known film buyer was chatting to a producer the other day and became so interested in the subject of film acting that the latter thought he ought to be tactful and offer him a part. When the film was complete the producer invited the buyer to see himself as he really was.

"Well," said Mr. Producer, "and are you going to buy the film?"

"No," replied Mr. Buyer. "I'm going to commit suicide!"

A Learned Capital.

Aarau, capital of the Swiss canton of Argovia, possesses one of the hardest working libraries in the world. Though the library consists of only 80,000 volumes—which is not so large as public institutions go in the United States—the population of the capital itself is only 10,000. With eight volumes per inhabitant, the library of Aarau has just cause to boast of itself as a miniature Athens.

Sore Eyes, Blood-Shot Eyes, Watery Eyes, Sticky Eyes, all healed promptly with nightly applications of Roman Eye Balsam.—Adv.

REVIEW RED CROSS GROWTH

Raleigh Red Cross from Being Small Auxiliary has Grown to Chapter of International Reputation

Raleigh—How the Raleigh Red Cross grew from a small auxiliary to a country-wide chapter of international reputation is interestingly told in the History of the Raleigh chapter of American Red Cross and of its Branches and Auxiliaries, a booklet now on file with the North Carolina Historical Commission.

The Red Cross in Raleigh began with 9 members in the home of Mr. William B. Grimes on August 16, 1916. It had grown to a membership of 6,491 by Christmas of 1918. Beginning as an auxiliary to make gauze bandages it grew rapidly to an organization whose efficiency can be measured by the following results: \$41,611.05 contributed in money; 132,128 articles manufactured for the soldier; educational work that not only trained efficient workers in Raleigh, but founded Red Cross work in Charlotte, Salisbury, Zebulon, Fuquay Springs, Apex, Wendell, Durham, Chapel Hill, Wilson, Henderson, Rockingham, Pittsboro, Graham and other communities; a motor corps that never failed in any emergency; a canteen service that made the name of Raleigh blessed on both sides of the ocean; and a home service department that handled the influenza epidemic both in Raleigh and in Camp Polk in 1918, and the recurring epidemic of 1920.

Asheville.—Frieda Hempel, soprano, will give a public recital in this city Monday night, May 17, under the auspices of the Rotary Club. She will be accompanied by Conrad V. Bos well known Dutch pianist.

Clayton.—Mr. A. M. Johnson, formerly county farm demonstration agent for Johnson county, with headquarters at Smithfield, has just been elected secretary-manager of the Johnson County Farmers' Cotton Warehouse, capitalized at \$500,000.

Charlotte.—Four men were received for the navy last week.

Daniel H. Breeder, Gaffney, S. C., Thomas L. Wallace, Stanley; Oscar B. Wilson, 17 Wynona ave., Charlotte, and B. G. Carson, Bessemer City, are the men accepted.

New York, (Special)—The sale of Hope Frisco, an 11-months-old black filly for \$13,500, was announced here as the record price for a trotter of her age. She was bought by Thomas W. Murphy, a prominent grand circuit driver, who was said to be acting for William N. Reynolds of Winston-Salem, N. C.

Dunn.—Plans for new buildings for chickens and machinery and for the construction of an official aeroplane landing field within the race track are now well under way by the Harnett County Fair Association. They will also strike to make the exhibits of cattle and swine, in 1920, the greatest in the state.

Salisbury.—Several new cases of smallpox have made their appearance in the southern section of the city and Dr. Armstrong, county health officer, says the disease is beginning to be a menace to Salisbury.

All children attending school in Salisbury, Spencer and East Spencer are being vaccinated.

Rocky Mount.—The announcement made by Mr. J. B. Ramsey of this city, president of the North Carolina Bankers' association, to the effect that that organization has accepted June 7-9, the dates recommended by the Rocky Mount clearing house association, as the time for holding the annual convention was met with hearty approval on the part of local bankers.

Wilson.—Through the efforts of Mr. Frank S. Hassell, after ascertaining that the official census enumerators for some cause had failed to make accurate reports, Supervisor Howard at Tarboro arranged that those who were omitted would be given an opportunity to be listed before the population of Wilson town is made known.

Mount Airy to Assist

Mt. Airy.—Over a thousand dollars was subscribed in a few minutes at a citizens mass meeting held at the city hall here to assist the farmers of the Laurel Fork section of Carroll county, Virginia, to complete a new mountain road they are building and which will connect Mt. Airy with the Hillsville Danville pike. A large delegation of Carroll county farmers attended the meeting.

The new road traverses several orchards and will be known as the Orchard Gap road.

Farmers Somewhat Fretted

Laurinburg.—A good many of the farmers of this county are much concerned about the guano situation.

Most of the guano dealers were withdrawn from the market on January 16 with instructions to book no more orders for manipulated goods on guarantee deliveries.

To further complicate matters the government inspectors are condemning engines on the S. A. L. railroad and have put two engines on the Laurinburg and Southern railroad out of commission.

Oh, What's the Use?

"More money? Why, only yesterday I gave you \$20."

"Yes, dear, but I spent that on a new hat."

"But I gave it to you to buy food. You can't feed yourself on a new hat."

"I can feed part of myself with it."

"What do you mean?"

"I can feast my eyes on it."

A Stock Chaser.

A manufacturing concern recently advertised in the papers for a "stock chaser" in the purchasing department.

Many answers were received, but one in particular showed the writer's conception of the job, for he said: "I think I am qualified to fill the position I see you advertise, as I've been a farmer all my life."

Not Yet but Soon.

Peddler—Can't I sell you a paper of pins today, lady?

Lady—No, thanks; my husband bought a new shirt yesterday.—Judge.

THE BIG OPPORTUNITY

Here is an industry with a product as staple as wheat, coal or steel—all the automobile industries of the country are running to capacity and still unable to supply the demand—and this demand is increasing by leaps and bounds. Charlotte has every possible advantage for an automobile company and none of the disadvantages under which automobile manufacturers labor in other localities.

SECURITY

Is the most important thing for investors to bear in mind. A promise of 100% a year means nothing if it never develops into more than a promise and the principal is in danger of being wiped out. The wise investor avoids such schemes and trusts his money to those who have proven trustworthy.

GOOD MANAGEMENT A Vital Necessity

The best business in the world may fail through lack of proper management. The personnel of this organization is the vital thing. The faith and integrity of those who father an enterprise is usually as important as the enterprise itself. The men behind the Wizard Automobile Company are expert, successful automobile engineers. They spent years in perfecting the mechanism of the Wizard, Jr., automobile, over 3,000 of which have been sold under contract. They offer subject to prior sale:
