### Un-Examination

## LUCKY FOR THE BUYERS

### Those Investing in Liberty Bonds Are Harvesting Profits

A double pay-day for holders for liberty bonds fell due yesterday when the semi-annual interest on the first and fifth loans came due. In North Carolina the total subscription to the first loan was \$9,413,000 and on this the interest will amount to more than \$188,000. The total subscription in this state to the victory loan was \$27,269,050 and on this the semi-annual interest will be in excess of \$540,000.

It is suggested by the United States treasury that if liberty bond interest be reinvested in government savings securities the income yield on the original investment will be materially increased.

In this federal reserve district the amount subscribed to the first and victory loans exceeded \$334,000,000. On this the interest payment, due June 15, was more than \$6,690,000.

### Crops Not So Bad

Frank Parker, agricultural statistician for this state, makes a summary of the crop for North Carolina. He states that the spring freezes caused heavy damages, but is optimistic as to the final crop as the farmers have never gotten blue and are making every effort to produce enough for home consumption. He predicts a wheat crop of 75 per cent, with the total acreage as heretofore, and the oat crop at 90 per cent of the usual crop, and the rye crop will be about 100 per cent. Prices are at normal with prospects of a good market for the fall.

### Progress of Negro

The census bureau, department of commerce, has announced, subject to correction, preliminary figures from the census of agriculture for the year 1920, for the state of North Carolina, the number of farms owned and operated by colored people, together with the value of the same. Other states are given also, but the negro predominates in this respect in North Carolina.

The total number farms owned by colored people are 74,849, comprising an acreage of 3,370,191, and there are also 53,940 farms operated by colored people, with an acreage of 45 per cent of that operated by colored owners. Of the total number of acres cultivated by these people 1,816,019 are improved and the total value of land, buildings and improvements in dollars is \$223,666,166.

The figures are not given for Chatham county, but the Record will probably receive this later and it will then be published. This progress speaks well for the colored man, and one of the reasons that the races are in better harmony than elsewhere. The negro in North Carolina is of an industrious nature and but for the few of them that retard the progress of the others would soon establish themselves as better citizens.

### Keep it up, Folks.

Last Friday afternoon was spent by the Presbyterians in cleaning off the church grounds and the burial lot. A great improvement was made.

### The New Chatham Record

The Chatham Record is one of the oldest weekly newspapers in the state. This week it appears all dressed up. It has dispensed with the former style of issuing an 8-page paper with part of it printed out of town. It is now a HOME PRODUCT of the Pittsboro shop.

Mr. Shaw, the editor, is to be congratulated upon the appearance of this week's issue, and the Journal wishes him much success in his undertaking. This week's issue is almost entirely local, and that is what the people want.—Apex Journal.

## THE FARM LOAN APPROVALS

### Action Taken on Loans by Committee--Others to Be Considered

The loan committee of the Chatham county national farm loan association have inspected the premises and have made a report on applications for loans which have already been filed, and such loans as have been approved by the loan committee and the board of directors, and sent to the federal land bank.

A large number of farmers have taken advantage of the offer made by this organization for a long term loan, extending from 5 to 40 years, which can be used for erecting dwellings and other buildings on premises and making improvements of any nature.

Another batch of applications for loans will be acted upon real soon and any farmer who wishes a loan should see Victor R. Johnson, the secretary-treasurer, Pittsboro.

### PAREGORIC

BY RAMBLER.

Close your eyes when a girl walks down the street with hardly enough clothes on to make a tail for a kite. You can't expect a fellow to have prayer meeting thoughts.

Dr. Pilkington is a forward-looking man. He says he can see beyond that part of a mail-order ad. which reads, "Don't Send a Penny."

While on a recent trip through an adjoining state Ed. Hinton says that the best thing he saw during the journey was a ticket back to Pittsboro.

A young man well known in Pittsboro, now living in Moncure, has fallen out with his girl at Merry Oaks. He says she knows more about eyelids than she does stove lids.

Henry Hatch says according to his way of thinking that it isn't a question whether skirts are worn long enough. He says when they are worn long enough they're too short to begin with.

A Pittsboro young man called on his sweetheart the other night and complained of his chair being hard. She told him to move closer to the lamp; it would throw a soft light on it.

The men have an advantage over the women in one thing. In church services the choir winds up the songs with "ah-men," but never with "ah-women."

While returning from Raleigh in his sedan, Dr. R. M. Farrell ran out of oil and after exhausting every effort to get a supply and failing he finally filled his engine at Moncure with castor oil. He traveled less than a mile before his car passed three Fords.

### Everybody's Doin' It Now

The record has gained more than 50 subscribers during the past ten days and we welcome them to our list. We hope to have every man, woman and child in Chatham county reading the Record before Christmas. Remember that during the month of June you can get the Record for one year for only \$1.00.

666 has more imitations than any other Fever Tonic on the market, but no one wants imitations.

## LUCY ANDERSON A BRIDE

### A Popular Young Couple Married in St. John's Episcopal Church

A wedding of much social interest throughout North Carolina was solemnized in St. John's Episcopal church in Fayetteville at 8:30 o'clock last Thursday evening when Miss Lucy London Anderson, daughter of Mr. and Mrs. John Huske Anderson, and Thomas Myers Wooten, both of Fayetteville, were united in marriage. The ceremony was performed by Rev. Archer Boogher, rector of St. John's.

There were no bridesmaids, but intimate girl friends, usually assigned this honor occupied special seats reserved for them. These were Misses Margaret Rawlings, of Wilson, May Latta Moore, of Wilmington, Carolyn Northrup, of Wilmington, Mary Louise Everett, of Rockingham, Elizabeth Cross, of Raleigh, Margaret Springs, of Georgetown, S. C., Bettie Fell, of Trenton, N. J., and Hester Lilly, Hannah Lilly, Laura Kyle Underwood, Margaret Huske and Katie Southerland, of Fayetteville.

The bride entered by the center aisle on the arm of her father. Her gown was a lovely creation of kitten's ear satin embroidered in pearls and with a bertha of old Duchess lace, a tulle veil caught with orange blossoms, and a string of pearls worn by the brides of her family for five generations. Her show-er bouquet was of bride roses and lilies of the valley. Master Ruffin Horne acted as the bride's page, carrying her court train.

Proceeding to the chancel steps, the bride and her father were met by the groom and his best man, John Underwood, Jr. Here the rector performed the betrothal service the final part of the ceremony being performed at the altar rail.

Mendelssohn's wedding march was played as the bridal party left the church.

Following the ceremony a reception was held at the home of the bride's parents on Green street. Among the features of the reception none was more admired than the beautiful wedding cake, artistically decorated by the bride's grandmother, Mrs. Henry A. Lorton, of Pittsboro.
