J. B. Clegg, of lower Center township presented the editor with some nice late Keifer pears Monday, and also gave us two fully developed Harvest pears of the second crop.

N. M. Hill of this place also had a light second crop of pears on his trees.

**Pays For Property.**

Guy Haden was indicted by the Kirk Holt Hardware Company last week for disposing of mortgaged property. The case was heard before Squire J. R. Blair. After hearing the evidence and upon the recommendation of the solicitor, the defendant was allowed to pay the debt and costs. The evidence was meagre and the settlement seemed to be satisfactory to all concerned.

**Has Competitive Buyers.**

The old cotton platform on Chatham street, in Sanford, has been repaired and enlarged and made an official place in Sanford for the weighing and buying of cotton. Competitive buyers have been secured for that place and the market is now paying a price for cotton equivalent to any town in the state. This means a great deal to those Chatham county people that patronize the Sanford market.

**Not Dead Yet.**

Last Saturday night Leon E. Smith was buried eight miles off of Sanford, owing to the condition of the body it could not be kept out of the ground until Sunday. The body was found side of the railroad track near Mullins, S. C., in a dreadful mangled condition. On the same day, Saturday, Smith who was working near Wilmington, heard of his death and went to the city to learn the particulars. Now the authorities have a case on hand to determine just who it was they buried near Sanford.

Mr. Poe is a modest gentleman and we hope this small tribute hurriedly said will not offend him.—Hamlet Record.

Everything possible is being done to complete the work on the school building this week in order to be ready for the opening of school. It is hoped now that school can begin next Monday, but if the work cannot be finished the opening will be postponed for a week. The teachers for this year are Mrs. Nash, of Buchhorn, and Miss Leona Luther, of Bon-sai. Both are splendid instructors and we are looking forward to a most successful school year.

The desultory work period of the Cherokee Brick Co. seems to be at an end for awhile at least. Orders for bricks come in almost daily. The company is taxed to meet the demand and is running regularly with a full force. Naturally this work may sometimes become monotonous to the regular workmen but to one who is not familiar with brick making, there is nothing more interesting or instructive than a day spent on the yards. Visitors are always welcome at the plant.

May the Comforter abide near the loved ones of the deceased and may they feel they have one less tie on earth and one more in heaven. May they, too, realize that God doeth all things well, that He is too kind to be unkind and too wise to make a mistake.

Work on T. B. Beal's four room bungalow is progressing nicely.
