MT. ZION.
Guns were firing in the woods all day Thanksgiving. I guess there will not be much game left for Christmas.
Masters Claiborne and Marion Harmon, of Raleigh, spent the week-end with their grand parents, Mr. and Mrs. C. Harmon.
Miss Janie Clegg, of Siler City, spent Thanksgiving at home.
Miss Olivia Harmon, of Mt. Tabor, was at home on a short visit last week. She attended the Teachers Assembly in Raleigh.
Mrs. J. W. Griffin and son, Carey, spent Thanksgiving with Mr. and Mrs. Glenn Dorsett, of Sanford.
Miss Mary Petty is visiting her niece, Mrs. W. W. Stedman, near Moncure.
We are very sorry to learn that Mrs. Jenks got her barn, crib and all the feed burned one day last week. Sparks from the train set it on fire.
W. B. Thomas has recently had acetylene lights put in his home. They give a beautiful light. There are other families through here who have acetylene lights and they like them.

Progressing Nicely.
It is said that the work on the dam at Lockville, being erected by the Hurley Brothers, of Troy, has been far advanced toward completion, owing to the continued drought during the latter part of the summer. This will be good news for the folks in Pittsboro as we expect to get electric current from this point where the work is completed.

CORINTH

On last Friday Dr. Fuquay the dentist had arranged to be at Brickhaven school and then to look after the children's dental work at Corinth school on Saturday. For some reason as yet unexplained Dr. Fuquay did not only fail to come to either place but failed to notify anyone at either place that he could not be there. As it was Thanksgiving holidays, both schools had given up a holiday to accommodate the dental work. Both schools are exceedingly anxious to have the dental clinic and trust that in some way the work can yet be done.
Mr. Rosemond, the C. P. & L. Co. armature winder, has a new job, that of Spanish interpreter. Carlos Morroquin, our good friend from Guatemala, phoned to a young lady in the neighborhood one day last week for a calling date which evidently was accepted on the condition that when he called he bring along an interpreter. Carlos was a fine young chap and was game, so he prevailed upon Rosemond to help him out. Rosemond, however, was not very reluctant to accept. But now the mischief has been played, for Rosemond himself is some ladies man and Carlos is about to lose out.
We have several of our good people on the sick list this week. Mrs. S. W. Harrington, Mrs. B. N. Dickens, Mrs. A. M. Pollard, and Gus Clark, Jr. All are improving now but Mrs. Pollard, who is quite sick.
Mr. and Mrs. R. S. Ashworth spent Sunday visiting relatives in Durham.

Mrs. R. L. Wilson and children returned Saturday from their visit at Ellerbe.
Miss Emma Stevens and her nephews John and Cecil Stevens from Sanford spent the week end with Mr. and Mrs. Frank Sessoms.
The Red Cross enrollment in the four school districts centered around Corinth closed with an enrollment of 27 members, 19 from Brickhaven and 8 from Corinth. This is a good cause and merits the support of every individual in the community. Authorities say that this winter now upon us will see more people die from starvation in the war devastated areas of Europe than were killed in battle during any one year of the world war. The Red Cross is still on the job and doing what it can to alleviate this suffering.
Don't forget the F. A. D. S. December 20th.

ANOTHER MURDER

Hickory Mount Township Has Another Crime to Credit.
About two o'clock Thursday morning of last week, Nathan Dorsett, colored, shot and killed Bill Pomp, a negro foreman for J. T. Platt Co.
The particulars of the killing will probably never be known, that is the real cause for the killing. The murder occurred on the farm of Will Dorsett, colored, father of Nathan, in Hickory Mt. Township and no evidence relating to the circumstances are obtainable except through the Dorsett negroes who were at the house of Nathan, where the killing occurred. It is presumed that a gambling game was in progress and that a quarrel resulted in the tragedy.
It is claimed by Nathan that the negro Pomp began a quarrel and after he began shooting that it was necessary to kill Pomp in defense of himself and other members of his family. Nathan came direct to Pittsboro, reaching here about four o'clock, asking to be taken to the penitentiary, stating that he was about to be mobbed and telling of the killing of Pomp.
A coroner's inquest held Thursday did not develop enough evidence to hold the negro and he has been discharged.
We have county officials statement to the fact that Chatham county has suffered more expense and more devilment has emanated from the farm of Will Dorsett than all the other colored people in Hickory Mt. have given.

PETER ROGERS CASE

Sam P. Hatch Dead.
Sam P. Hatch, cashier of the Bank of Sanford, is dead. That message came to Pittsboro last Saturday and it saddened many hearts where he was so well and affectionately known. Mr. Hatch left Chatham county 25 years ago to go to Lee county, to engage in work for the Seaboard railway. Two years after going to Sanford, he was made cashier of the bank of Sanford and six years ago, he became president of the same institution.
He was widely connected in Pittsboro and Chatham county, being related to the leading families here, and he was loved for his many splendid traits of character. He was 55 years old and the immediate cause of his death was angina pectoris, a disease of the heart. He died suddenly.
Funeral was held in Sanford on Sunday, Rev. W. R. Royal, his pastor, conducting the services.

There was a birthday dinner at the home of Mrs. James A. Thomas, Pittsboro Rt. 1, Sunday. There were nine of her eleven children present. She has thirty-nine grand children, and all were there except 12. Her only sister was also present, besides a host of distant relatives and friends. In all there were about 85. All of her children carried well filled baskets of good things to eat, and the dinner was enjoyed very much. This was her 68th birthday. She received many useful gifts.

THE PREMIUMS.

President of The Womans Club Makes Statement.
The president of the Woman's Club wishes to explain why she received so many prizes at Siler City Fair. The Woman's Club collected the things and wished to have the exhibit placed all together. To do this the different articles all had to be listed under one name. Then we had a chance at the prize for best exhibit as whole, and the prizes offered on individual pieces. Of course it was the natural thing to have them listed under chairman of club. Then the whole amount of prizes won by our exhibit was sent to me—amount \$16.75. I don't know myself all those who received prizes as I did not see the things after they were returned. The tags were on all the things, however, and if every one who received a prize would notify me I would like to have the list published. I, as chairman of the club and in behalf of the committee appointed to work up the exhibit, (Miss Chapin, Mrs. H. Noce and Miss Alston) wish to thank the women of the town for their cooperation in this undertaking. Every one seemed glad to help, whether or not she were a member of the club. We appreciate the spirit, and feel that it was a fine way to add \$16.75 to the club treasury.
MRS. W. P. HORTON.

Saving Securities.

Postmaster W. H. Griffin, of Pittsboro, is engaged in an effort to protect the citizens of this community from the dangers of speculative investment which last year cost the American public \$500,000,000 in fraudulent stock transactions.
To counteract this menace, the postmaster has addressed a strong letter to a number of representative citizens urging the safeguarding of their savings by investment in United States Treasury Certificates.
United States Treasury Savings securities are suited to everyone's pocket-book as they are issued in denominations of \$5, \$25, \$100 and \$1,000. These securities are insurable without cost against every form of loss to the purchaser and bear four per cent interest.
The postmaster will be glad to answer inquiries about Government Savings Securities, and invites the public to call at the post office for further information.

Gets Chatham Trade.

We visited the store of S. Berman in Chapel Hill last week and found out that a large per cent of Chatham people, particularly those contiguous to that territory were trading with Mr. Berman. We were shown through the entire \$60,000 stock of merchandise and told of the sacrifices being made. Mr. Berman is a wide-awake merchant and deserves the advancement he has secured since coming to Chapel Hill.

Death of Dr. Mann.

Dr. E. D. Mann, one of Alamance county's most prominent physicians died at his home at Saxapahaw early Sunday morning after a brief illness. Dr. Mann was born in Chatham county in 1840 and was reared on a farm, later he studied medicine, and for more than fifty years has practiced in these two counties. A large number of relatives survive, among them Mrs. J. H. Tysor, of Erect—Asheboro Courier.

Miss Hill's Work.

The Carolina Churchman, published at Raleigh, in its November issue pays a splendid tribute to the work being done at Leakesville-Spray by Miss Lillie Hill, daughter of Mr. and Mrs. N. M. Hill of Pittsboro.
Mrs. Jno. S. Cunningham, writer of the article draws a pen picture of Miss Hill's home and of the two little boys she has adopted, the work she is doing and the manner in which it is appreciated by the membership of her denomination.

Corn Shuckings.

We were just starting to write a short piece about corn shuckings when our friend, Henry F. Durham, of Roscoe, gave us some reminiscences on his experience. He stated that during this year he has attended a great many and that the cordial-spirit of fellowship that existed was a benefaction to all as well as the satisfaction of supplying the inner man with the delightful food prepared by the splendid women. He says that he hopes that it will be his privilege to attend many more, and so it will be with many other Chatham county people.

Not Boll Weevil.

Last week J. R. Copeland, of New Hope township, brought to town an insect that many thought was a boll weevil. The Record sent the specimen to Henry M. London in Raleigh, and asked that he investigate it with the agricultural department.
Mr. London writes us that the insect proved to be a vine weevil and not a boll weevil, that attacked pine trees but never cotton. He states further that Franklin Sherman, Jr., state entomologist in the agricultural department says that boll weevils have been reported to his department from Moncure, Apex and Reeves Chapel.

Bethel School.

This school began October 17th with an enrollment of 32. It has now increased to 43.
The first month we made an average of 33.1 and expect to do much better this.
The girls gave a box party the night of November 23rd which was enjoyed by all, the proceeds being \$32.90. A box of candy was given to the prettiest girl and ugliest boy. The winners were Miss Annie Lutterloh and Earnest Boone.
We are working to increase the size of our school building which is badly needed.
The community is delighted with Miss Annie Lutterloh as primary teacher. This is her first year but she is doing excellent work. The principal, W. W. Langly, is the same old fellow that we had last year who does not believe in anything but study, study, study.

Carolina Wins.

Of course everybody wants to know how the foot ball game came out in Chapel Hill last Thursday when Carolina met Virginia in combat. The game was spectacular, witnessed by ten thousand people and won by North Carolina.
