Chatham Lady Has Not Forgotten The Dark Days of World War.

Editor of Chatham Record: Will you allow me space in your valuable paper for a few words in behalf of our World War Soldier boys? The time is drawing near for the primary, and I can't see how any true-hearted American-man or woman—can vote for any man who runs We all know our boys sacrificed home, loved ones, and all that was dear to them, to cross the waters and

SALARY DUE THE CLERK

Keep History Straight.

In last week's issue of your paper appeared an article rea full statement of this matter, trusting that you will give it that publicity, with which you have treated, what appears to be intended as an attack upon the Board of County Commis-

The statute placing the county officers of this county on a salary went into effect on the first Monday in December, 1918. Unthe Clerk of the Superior Court was placed upon a salary of \$125.00 per month, and not \$100.00, as stated in your article. Under the original act, the Clerk was allowed the sum of \$100.00 per year for clerk hire, and \$2.00 per day for extra clerical help while the Court was in session. Mr. Ray, the representative from this county, deeming this sum inadequate, as was the allowances provided for the other county officers, at the session of the General Assembly in 1919, introduced and had enacted into law a measure providing that the Board of County Commissioners, in their discrethe sheriff, register of deeds

and clerk of the superior court. Since December, 1918, until he resigned in April, 1922, Jas. L. Griffin has served as Clerk of the Superior Court for a period of three years and four months.

His salary, under the law, for the sum of \$1,358.33, making a total of \$6,358.33. During this period, he has actually paid out for clerk hire the sum of

\$2,280.00. It will thus appear, that for a service covering a period of forty months, Mr. Griffin, after deducting what he has paid for clerk hire, has received from the county the sum of \$4,078.00, a salary of \$101.00 per month. It will likewise appear from the above figures, that the clerk hire for this office has cost the

county only \$33.96 per month. When it is remembered that there has been a great volume of business in all the county offices for the past few years; that the Court dockets, both civil and criminal have been at all times crowded, so much so that several special terms of court have been found necessary, it will be readily seen that the Clerk's office has been conducted at a minimum cost and expense. That the public business has greatly increased for the past few years, is abundantly shown by the fact that we are allowing the sheriff \$1,800.00 per year extra clerk hire, and are allowing the Register of Deeds \$944.00 more than was named in the original statute, and this is absolutely necessary, if the public business is to be

carried on. An inspection of the records will disclose that Mr. Griffin has received a less salary and has been allowed a considerably less clerk hire than any officer in

the court house. A. T. WARD, Chairman. S. S. EDWARDS.
