ABOUT THE CHATHAM FAIR.

-0-When the Chatham County Agricultural Fair opened last Tuesday morning, the editor of this paper had a run into with one of the gamblers that were on the grounds early to the following to say: rake in the coin from the innocent. "Congratulations to Pittsboro is in He was made to give the young man order. suppressed in New York. The real reason that these carnival shows come to a town under the auspices of some local lodge, organization, agricultural fair or local cause, is because they all violate one or more sections of the state laws which prohibit lotteries, games of chance, gambling and indecent shows, and they need the influence of some local organization to protect them from police interference. They should be outlawed and we want the effort to start right now before we even contemplate our next Fair, that no shows or gambling devices of any character will

be countenanced again in Siler City. It is the rural section that suffers because the town "boob" is usually on to all these games and is not so easily drawn into the mesh, while the country folks are left to the tender mercies of the sharps who operate the "concessions" which are inseparable features of the traveling carnival.

The traveling carnival is nothing how to make money, but they get litmore nor less than a bunch of gamblers, lewd women and robbers. Year 'Round Comfort at a Modest Cost The 1923 Buick Four Sedan-\$1395

The new Buick four cylinder, five-passenger sedan has every con-

venience and comfort of the finest closed car—and at a price that fits the purse of the average family.

The Fisher-built body is trimmed and upholstered in fine plush with hardware of a handsome pattern. Wide doors with large plate glass windows, adjustable to any position, give easy access to the roomy compartments. Silk shades, a soft dome-light and fine carpeting are all of a quality found only in higher priced closed cars.

The lower body and higher radiator and hood, give this sedan a distinguished appearance that is heightened by the crown fenders, drum type head and parking lamps.

Marked refinements in the chassis and in the famous Buick Valvein-Head engine increase the riding comfort and add materially to the inherent Buick qualities of dependability and performance.

The Buick Line for 1923 Comprises Fourteen Models:

THE LIFE OF THE COMMUNITY

It is a curious fact that half the people of any community do not know that a strong bank is the life of that community.

People cannot live under our modern social system without diversified industry, and industry cannot survive without ample and constantly increasing capital. The bank gathers the money of the community, masses it into comparatively large sums and puts it in the hands of industry that business may go along.

A bank is of volume to the extent that it can assemble money, and put it where it will do the most good. The bank that has the confidence and acquaintenance of the people, and can assemble volumes of money is the bank that is serving the community. THE PAGE TRUST COMPANY
IS A REMARKABLE EXAMPLE OF
COMMUNITY SERVICE

Ten years ago it was a little concern of about \$100,000 resources. Now, its assets go materially above four million dollars. That is an increase of forty to one.

THE FOUR MILLION DOLLARS THE PAGE TRUSTCO., is putting at the service of the people of the communities in which it does business.

Think for a minute what that \$4,000,000 has added to the financial power of the Sandholls country. Four million dollars is the difference between the present broad progress and the narrow distinction of ten years ago.
