They show a total for the State of 1,227 fires which burned 190,737 acres and caused a damage of \$642,-442.80.

Reports from Chatham county show that in 1922 this county had ten forest fires which burned over 163 acres and caused an estimated damage of \$2,820. Usually only the larger fires are noticed, and it is more than likely that the numerous small fires in the county did as much damage as the

fires mentioned in this report. Only half of the townships sent in any reports and all the forest fires were reported from Bear Creek, Gulf, Matthews and Williams townships. The cause of all fires is reported as railroads. This indicates that something should be done in this county towards having the railroad right of way burned at the proper season of the year. Chatham county is not cooperating with the Geological and Economic Survey in forest fire preven-

The weather was ideal for a game of ball and many of our citizens took advantage of it. Moncure went to the bat first but never scored. Pittsboro on its first innings made two runs. The score finally reached four in favor of Pitts-boro and seven for Moncure. The fans gathered there hated to see the home the sidewalks of that growing little its first game. Up to the seventh inning for Moncure they were still 7 and 4. Only seven innings were played. Moncure was shut out in the 7th and here's where the home team did its work. Our boys got wild and commenced to bat the ball anywhere and everywhere. Four runs were made in almost as many minutes by the home team thereby winning the game.

The score was as follows: It may be possible that there will be either a game played in Ramseur Clay Lambert and sister, Martha Ann, next Saturday or it may be played here as managers Dewey Dorsett and June People have been in communication with the manager of the Ramseur team to that effect. Let 'em come. With a little practice Pittsboro will walk the logs of all of them.

The solicitor said the two parties took Roland and his wife to Morganton, purchased tickets for them and sent them away on the train.

Solicitor Huffman wrote the Governor that he had the negro arrested within two days at Battle Creek and that the negro had agreed to come back without requisition papers. The solicitor, fearing that the negro might be released, had Sheriff W. B. Abernethy, of Lincoln, to go on to Battle Creek to hold the negro. The trial was to come up in Lincoln court on May 31st, and it seems that the solicitor considered it very important to

have the negro on hand.

In the application for a requisition, Solicitor Huffman made affidavit to the effect that the negro was wanted for bribery, alleging that the bribe was to influence his testimony as a witness and to leave the country. He the requisition was not made for the purpose of collecting a debt.
