### **ABOUT THE CHAUTAUQUA**

#### Newsy Letter From Corinth and Community.

Corinth, July 2 .- Mr. A. A. Rollins, N. and S. agent at Corinth, has been transferred to Duncan. This position carries greater responsibility and is a promotion for Mr. Rollins. He is moving his family there today. The community is sorry to lose Mr. and Mrs. Rollins but Duncan is not far away and we will have them back with us occasionally. Incidentally the correspondent will have to break in some one else to be the goat for his weekly joke unless we lay them all on our good friend, J. D. McIver. Mrs. W. A. Allen is visiting her parents, Mr. and Mrs. D. A. Clark.

Mrs. N. G. Avent, of Southern Pines is visiting her mother, Mrs. Catherine McIver, of Corinth.

Mr. Yates, of Duncan, relieving Mr. Rollins, the N. and S. agent, until the

new agent can be appointed. Ray and Roy got together again in Corinth Sunday, visited their parents and friends for the day. In the meantime let every one talk it to his friends and acquaintances and get more of our god people interested and then get them to this meeting. This is quite a big thing to tackle and put over successfully but we rely upon the fact that the people of this community have already formed the habit of making their undertakings a success. Miss Clara Cotton, of Truth, sends in a cottin bloom that she found on the farm of Mrs. J. H. Cotton on June 26th. B. N. Dickens, of Corinth sends one that he found on June 27th in his fields and Mr. H. A. Harrington, of Merry Oaks, sends one that he found in his fields on June 28. All the blooms reached the Record office in the same mail and were the first we received.

Mr. Dickens says that he sees some signs of weevils but none to hurt. We trust that Chatham will escape the ravages of this pest that has bothered so many farmers in North Carolina.

Miss Cotton is entitled to twelve months subscription, Mr. Dickens to six months and Mr. Harrington to 3 months, agreeable to our standing offer each year, and the paper is being credited to them for this period of time.

### BRICKHAVEN NEWS.

Brickhaven, July 2 .- And next Wednesday comes the glorious Fourth. While we are enjoying the barbecues cold drinks, ball games and the various other things planned for a jolly good time it will be well to pause and think for a few minutes seriously of the significance of the date-July 4and what it should mean and does mean to every American citizen. It should be the proudest day in our history and our words and deeds on that day especially should be those of a pure patriot.

Mrs. Walter Curtis and three children, Walter Joe, Stuart and little An-nie Reams, of Ahoskie, are spending this week with Mrs. O. C. Kennedy. Ben M. Utley, of Yemassee, S. C., is spending his two weekes vacation here with his mother, Mrs. J. W. Ut-

It is said liquor and gasoline will not mix, but it mixed up a crowd of negroes last Sundav afternoon about midway between Pittsboro and Bynum just beyond the Powell farm. It seems that there were seven negroes in the car on its way to Bynum and as they turned a curve in the road the car left the road and started down an embankment, spilling the darkies Saturday evening. The play was a right and left. It is thought he car turned over once or twice, as it was running to its full capacity, the wheels being on top when it stopped. The Ford was a complete wreck. ### **Does Dry June Mean Good Crop?**

Duplin Record.

The farmers used to say that a dry June always meant a good crop year. We have had little rain in this section during the month and crops really seem to be suffering especially early corn, now silking out. The dry weather should make a good melon crop, provided we do not have a wet spell at ripening time in July.
