J. M. LINDLEY, AGED 94, DIES IN CHATHAM

Leaves Eight Sons, Two Daughters,
59 Grandchildren and 35 Great-
Grandchildren.

Siler City, Nov. 21.—J. Meacham Lindley, age 94, perhaps the oldest man in Chatham county, died at his home 10 miles northeast of this place last night at 7:30 o'clock, his death resulting from a valvular heart disease and the infirmities of age. Mr. Lindley was a member of Chatham and Alamance counties' oldest and most prominent families, and was actively identified with the affairs of the county throughout a long period. He was twice married, his first wife having been Miss Roxianna Branson. One son now survives that union, Levi B. Lindley, of Liberty. His second marriage was to Miss Frances Louisa Glenn, who survives him, together with eight sons, R. H., A. S., A. O., and E. G. Lindley, of Snow Camp; Walter A., of Liberty; C. A., of Duval's Bluff, Ark.; O. N. and E. M., Lindley, of Siler City, route 4; two daughters, Mrs. E. P. Perry, of Burlington, and Mrs. W. F. Fuqua, of Siler City, route 4; one brother, D. W. Lindley, of Guilford College, 59 grandchildren and 35 great grandchildren.

The funeral service was held this afternoon at 2 o'clock at Center M. P. church, of which the deceased was a member, being conducted by Rev. G. W. Holmes, the pastor, assisted by Rev. Dock Harris, both ministers paying high tribute to Mr. Lindley as to his Christian character and his upright manner of living.

The pall bearers were his six sons and preceding them as they bore the casket to the grave were fourteen granddaughters all carrying beautiful floral designs, which were banked in profusion on the mound underneath which rested the body of this splendid man.

Another death occurred early this morning in this same section, this being Mrs. Farror Ellington, 80 years old, at her home, one mile east of Silk Hope. Surviving are her husband, two sons, Claude and Will Ellington, and one daughter, Mrs. Will Bare, of Snow Camp. The funeral service will be held at Emmaus church tomorrow at 12 o'clock and interment made in the cemetery. The service will be conducted by Rev. Mr. Gordon, of Pittsboro.

Dr. R. Harrod Durham, who is associated with the Ford hospital at Detroit, Mich., is suffering from an attack of grip. A report received by his father, W. S. Durham, this morning states the young man is recovering satisfactorily.

An infant son of Mr. and Mrs. Frank M. Stone, formerly of this place but now living in Graham, died at their home Wednesday night. Its body was brought to Loves Creek, this county yesterday afternoon for burial, this short funeral service being conducted by Rev. Richard S. Fountain.

JURY FOR SPECIAL TERM OF COURT

Girls belonging to the Polar Bear Club at Cape May, N. J., have to take a dip into the ocean every day through the winter or get married

New Way to Stop Night Coughing

Those who have suffered the tortures of sleeplessness due to continual coughing at night, and who as a result often feel utterly worn-out and useless during the day, need no longer permit their systems to be weakened and their vitality sapped by this distressing ailment. For through a very simple treatment the trouble can be stopped almost at once, and people often get their full night's rest undisturbed after the very first trial.

Here is the method: Simply get a bottle of the prescription known as Dr. King's New Discovery from any good drug store. Then to-night before retiring take one teaspoonful and hold it in your throat for 15 or 20 seconds before swallowing it. This prescription has a double action. It not only soothes and heals the soreness and irritation, but it quickly loosens and removes the phlegm and congestion which is the real cause of the cough. So your throat is left wonderfully soothed and cleared of irritating gatherings, you can sleep soundly and restfully, and the cough is usually gone in a very short time.

Dr. King's New Discovery is a remarkable remedy for coughs, chest colds, hoarseness, sore throat, spasmodic croup, bronchitis, laryngitis and bronchial asthma. At all good druggists. Ask for

OBSERVATIONS

By Rambler.

"If worn out cars keep piling up," remarked a citizen the other day, "the garage people will have to have a rummage sale to get rid of them."

"Well, this is Thanksgiving week," said a townsman, "and for one thing, I am thankful that I am living, and am thankful also that my wife hasn't got to buy her a new hat."

"If there is anything I hate worse than a snake or a dog," said a lady, "it is politics and politicians. I think the two are the greatest enemies the country ever had. And if I had my way I'd put every man that talked politics on the road, and every paper that printed political stuff I'd have them banned from the mails. They are a curse to every thing."

"Breaking up whiskey stills in all parts of the state," said a deputy sheriff a few days ago, "has been a hard job. They are like the Irishman's flea. When you think you have one of these mid-night workers under your thumb, he ain't there. You can destroy a still in one place and he'll open up in another. Big money causes these people to make supposed liquor, and they will take all sorts of chances to make the stuff. I like a dram, but I'm blest if I can stand the stuff that is made now."

"There is one thing that the people of Pittsboro is blessed with," remarked one of our business men, "and that is wood. The people here do not have to spend all they make in buying a cord of wood like they do in the large cities. Here you can get all the wood you want for \$3 and \$3.50 a cord. Some of it you can buy for \$2 a cord, and it is delivered to your house. In the large cities it costs anywhere from \$10 to \$12 a cord. And how the poor folks pay for it and pay high rents, I cannot imagine."

"You can say as much as you please about living in town," a farmer was talking the other day, "but give me the country every time. When it is cold, there is plenty of wood to burn, and when it is hot, there are plenty of shade trees to get under. When you want bread it is no trouble to load your wagon with corn or wheat and go to mill and have it ground. In the country you can raise your own meat, and in winter you can catch a rabbit anytime you want one, and you do not have to pay anywhere from 50 cents or 75 cents for it either. Give me the country every time, where I can breathe pure air, kick up my heels and holler as loud as I want to."

Jamaica ginger killed 22 people in Hamilton, Ohio.

MOTHERS WANT IT

for croupy children because it quickly clears away the choking phlegm, stops hoarse, croupy coughs and allows restful sleep. No alarming croup when Mother keeps a bottle of

There's nothing like **Dr. Miles' Nerve** to bring refreshing, restful slumber.

Buy a bottle. If it does not help you, we'll give your money back.

Your druggist sells it at pre-war prices—\$1.00 per bottle.

GINNING CREEPING UP

The report of cotton ginning in Chatham up to November 14 shows that the ginnings for this year, so much retarded, are creeping up to-

ward those of the same date last year. The number of bales ginned this year to the date named was 545, while last year to the same date it was 7,842. The figures indicate about two-thirds of last year's crop
