**New Way to Stop
 Night Coughing**
 Those who have suffered the tor-
 ments of sleeplessness due to con-
 stant coughing at night, and who
 as a result often feel utterly worn-
 out and useless during the day,
 need no longer permit their systems
 to be weakened and their vitality
 sapped by this distressing ailment.
 For through a very simple treat-
 ment the trouble can be stopped al-
 most at once, and people often get
 their full night's rest undisturbed
 after the very first trial.
 Here is the method: Simply get a bot-
 tle of the prescription known as Dr.
 King's New Discovery from any good
 drug store. Then to-night before re-
 tiring take one teaspoonful and hold it in
 your throat for 15 or 20 seconds before
 swallowing it. This prescription has a
 double action. It not only soothes and
 relieves the soreness and irritation, but it
 quickly loosens and removes the phlegm
 and congestion which is the real cause
 of the cough. So your throat is left
 wonderfully soothed and cleared of irri-
 tating gatherings, you can sleep soundly
 and restfully, and the cough is usually
 gone in a very short time.
 Dr. King's New Discovery is a remark-
 able remedy for coughs, chest colds,
 hoarseness, sore throat, spasmodic croup,
 bronchitis, laryngitis and bronchial asth-
 ma. At all good druggists. Ask for

 "I began taking Black-
 draught over fifty years ago
 and my experience with it
 stretches over a good long
 time," says Mr. Joe A. Blake-
 more, a Civil War veteran
 and former Virginian, who is
 now a prominent citizen of
 Floyd, Texas. "It is the best
 laxative I know of for old
 people. . . A good many years
 ago, in Virginia, I used to
 get bilious and I found that

**Thedford's

 was the best and quickest re-
 lief I could get. Since I came
 to Texas I have these bilious
 attacks every now and then—
 a man will get bilious any-
 where, you know—and I find
 that a little Black-Draught
 soon straightens me out.
 After a few doses, in little or
 no time I'm all right again."
 Thedford's Black-Draught
 is a purely vegetable liver
 medicine, used in America for
 over eighty years. It acts on
 the stomach, liver and bowels
 in a gentle, natural way, as-
 sisting digestion and reliev-
 ing constipation. Sold every-
 where.

COST OF HIGH SCHOOL INSTRUCTION GREAT.

To old timers who ran private high schools and had difficulty in collecting \$3. a month per high school pupil, the cost of instruction in the public high schools today seems excessive. Tabulations fund in State School Facts show a tuition cost of over 39 cents a day as the average in the public high schools of the state, while the daily cost of instruction of high school pupils in Currituck county was a little over 70 cents a day, ranging down to 22 cents a day in Lincoln county. In fifty counties the daily cost per pupil for instruction alone was over 39.3 cents. When the cost of transportation, high interest on investment, and a score of other items are counted in, the average daily cost of high school pupils is so large that the state should not be satisfied with anything but the very best results. Teachers and pupils, alike, should be required to cooperate in securing for the state real education for the \$100, or more, a year paid out for each high school pupil.

The average daily cost of elementary instruction in the whole state last year was 18.1 cents. The daily cost of high school instruction in Chatham county was 32.9 cents, about 6½ cents lower than the state.

HEALTH OFFICERS' INSTITUTE.

An Institute for the health officers of the state will be conducted at Raleigh by the State Board of Health for a week beginning Monday, December 15. The Institute will be conducted by Dr. E. F. Long and H. A. Taylor, deputy state health officers.
