**What Good Does It Do You to Know Something?**

Advertisements in all Papers and Magazines are all trying to appeal to the intelligent. Now this one is for the great majority. Reliable authority, in fact it was the Draft Boards during the War, figured out that the intelligence of the average Adult of this Country was that of a 13 year old Child. (Now that is giving us the best of it because a 13 year old Child is about the smartest thing we have in this Country), but the 13 year old Child they referred to was one who had been raised on the milk of human Kindness (which is mostly Water) and weaned on a Hard Boiled Egg. You know the smarter the Man the more dissatisfied he is, so cheer up, let us be happy in our ignorance. What do we care how little we know if we get what we want? "Bull" Durham needs no Literacy Test, it is with minority in quality, and with the majority in usage.

**SIXTY-FIVE YEARS AGO!**

In 1860 a blend of tobacco was born—"Bull" Durham. On quality alone it has won recognition wherever tobacco is known. It still offers the public this—more flavor, more enjoyment and a lot more money left at the end of a week's smoking.

**AN APPEAL FOR RELIEF FOR THE MINE SUFFERERS.**

The following telegram received by Mrs. N. M. Hill, chairman of the local Red Cross Chapter, is self explanatory:

"Mrs. N. M. Hill, A. R. C., Pittsboro, N. C.  
"American National Red Cross request your Chapter giving wide publication relative to support of Governor's request for \$35,000.00 mine disaster sufferers. All funds received should be sent to State treasurer, J. W. Cunningham, Sanford, N. C. Send report to this office showing amount sent."  
J. Arthur JEFFRIES, Asst. to Vice-Chairman.

Washington, D. C., May 31, 1925.  
Mrs. Hill makes the following appeal through The Record, in accord with the foregoing message:

Pittsboro was the first town heard of last week to raise a fund for relief for the mine sufferers. In a few hours Mr. D. L. Enl with the American Legion behind him had \$100 ready and wanted to know to whom it should be sent.

Sanford was the first on the ground with canteen service, and necessities for the rescue workers. Then General Bowley with medical corps and guardsmen from Ft. Bragg. The soldiers also led by a valiant captain of artillery worked in the mine and did service like veterans. Shortly also General Bowley had field kitchens brought up from Ft. Bragg and supplied solid and ample food not only for the army outfit but for all the miner folks and their families; and left a week's supply for the latter when the camp broke on Sunday after the last body had been found.

The ministers from Sanford, Gulf, Pittsboro and Jonesboro also were there continuously and ministered to the bereaved homes and buried the dead. A number of Salvation Army women were also on the ground on errands of mercy. And the ladies of all the officials' families, McQueens, Butlers, and Reeves and many other were tireless and unceasing in rendering aid and comfort to the workers and the mourners alike. Young Mr. Butler with Joe Richardson went in the mine after the explosion and saved six men, but a second and third explosion made it of no avail; and the two heroes themselves were saved only by a miracle.

Truly a pitiful thing was the disaster, but afterwards there were many features that were most inspiring in the behavior of all the leaders and the workers alike.

But now the widows and orphans and dependants of these men who died in the discharge of duty must be cared for, not for a week merely but some of them for years. And the sum of \$35,000.00 must be raised according to a careful and studied estimate of the Red Cross experts who have had experience in such things. Mr. J. W. Cunningham, a banker of Sanford has been appointed treasurer of the fund. He will disburse every penny on order of Red Cross officers and the national organization will bear all the "overhead" expense; and will also give \$5,000 to the state fund.

All in Pittsboro who have not already contributed will please give it to Mr. D. L. Bell, this week. Every donation will be receipted and acknowledged and accounted for in published reports in a short while.

Signed:  
Mrs. N. M. HILL, Chm A.R.C.  
A. C. RAY, Mayor Pittsboro.

**A HISTORY OF THE OLD ROCK SPRINGS CHURCH.**

On the first Sunday in May, there was held at the old Rock Springs Baptist cemetery, a mile north of Pittsboro, the annual Memorial service. There was a large crowd in attendance.

The services were conducted by the pastor of Rock Springs church, Rev. Z. B. Teel, of East Durham, who used as his text Gen. 28:10-16 and Gen. 31:13. The sermon was very impressive and was highly enjoyed by all those who heard him.

R. E. Cox, a former pastor, was also present and made a good talk, also presenting a sketch of the history of old Rock Springs church, which was read by the clerk, Mr. P. T. Farrell, and was much enjoyed. The sketch is given below for the benefit of the many readers of this paper who will be interested in the history of the old church:

**Rock Springs Church.**

"This church is located two miles north of Pittsboro in Chatham county, North Carolina, and it was probably known as the Haw River church at first; then by the "Old Fork," and finally when it was moved to its present location, it took the name of 'Rock Springs.' It was no doubt, an arm of the Sandy Creek church, at the formation of the Sandy Creek Association in 1758, and soon afterward constituted into an independent church; consequently it may be considered as the second oldest church in this association, and Bear Creek the third. The church records previous to 1817 cannot be found. In 1800 or during the next year, this church enjoyed an extensive revival of religion under the ministerial labors of Elder George Pope, Elder Elnathan Davis, we presume, succeeded him in the ministry at this place.

From 1816 to the present time, the following ministers in the order in which their names occur, have been the pastors of this church: Elders Robert T. Daniel, George Brown, Hezekiah Harman, Thomas D. Armstrong, William H. Merritt, George W. Purefoy, Jessie Sowell, and William Lineberry. The deacons have been Robert Ward, Blake Bradley, Stephen Moore, Richard Webster, Willie D. Straughan, Ransom C. Poe, Guilford Petty, Elisha H. Straughan, George W. Dismukes, and C. C. P. Dismukes. The clerks have been since 1816; Basil Manly, William Lightfoot, W. B. Straughan, S. Moore, E. H. Straughan and Joseph G. Dismukes.

Brother Basil Manly was licensed to preach at this church April 25 (This story seems not to have been brought anything like down to date.—Editor.)

**QUERY DEPARTMENT. Answers by John**

Please tell me the most lucky day to get married? Ethel, Bynum.  
Answer—We can't tell you, Ethel. We have only tried one of them.

Is it hard for a rich man to go to heaven? Sarah, Saxapahaw.  
Answer—Not as hard as it is for a poor man to stay on earth.

Is there a word in the English language that contains all the vowels? Student, Moncure school.  
Answer—"Unquestionably."

Why do so many people run away to get married? John, Siler City.  
Answer—Usually to avoid the fuss and insufferable nonsense of a wedding.

I notice in the papers that Ethyl Gas killed seven men. How did she do it? Willie M., Pittsboro.  
Answer—Perhaps she used a shot gun or Hoyt's German cologne.

Is poverty a disgrace? Anabelle, Goldston.  
Answer—No, not if the pauper is not indebted to you.

Is there such a machine that can detect it when one is lying? Jim, Sanford.  
Answer—Yes, Jim. Most men are married to them.

**BETTER MAILING WEEK.**

Postal Authorities Urge More Care in Mailing Letters and Packages.

This is "better mailing" week. Hundreds of thousands of letters and packages are lost, delayed, or go to the dead letter office each year because of poor or incompletely addressed. The cost of looking up addresses and of maintaining the dead letter office is immense. The post office authorities are doing their best this week to direct the attention of the people to the importance of properly addressing all mail packages and letters. They say that every person knows his own address if he is not certain of that of the person to whom he is writing, and that the sender's own address, on the package makes it a simple matter to return the letter or package in case it cannot be delivered to the addressee.

**"Easy on the oil, mister!"**

"If the maker of this car says to use six quarts of oil, don't use eight! The extra two won't oil your engine any better. They'll foul your plugs, drip all over everything, and make a lot of smoke for the fellow behind you. Besides, they're handing out tickets for smoky exhausts around here these days."

The Fleet Boss knows from experience the wastefulness of too much oil as well as the danger of too little. The safe rule is to use plenty of good reliable oil and to change it every 500 miles regularly. You can always depend on the high quality of "Standard" Motor Oils, for they are based on fifty-five years' experience in refining. If you believe that experience counts in oil refining as it does in every other line of business, ask for "Standard" by name.
