### THREE YEAR TOT SINGS

Children's Day at Buckhorn Fine Occassion-A Batch of Personal Notes

Corinth, June 29 .- Children's day at Buckhorn church yesterday was quite a day. The young folks had a good program and performed their

parts well. Our little three year old decorves special mention. Not in all of our time have we

distinctly as did little Madge Cross, the old time singers. Each one of

Mr. and Mrs.. Cross' four children have enviable reputations for singing. No program in public school, Sunday school, church, or any where else, is

ever dull or uninteresting when these four children have a part in it. The special day drew a crowded house. People were there from Monouro, Chatos, New Hill, Haywood, Albemarle, Holly Springs and many other places.

Brother Duvall, the pastor, made a splendid talk and seemed much pleased with the program.

Mrs. E. C. Miller and children, Jack and Arie, returned today to their home in Albemarle after two weeks visit with Mrs. Miller's sister, Mrs. R. S. Parker.

J. A. Ausley, chief operator, at the Buckhorn Plant, is off duty for a two weeks vacation. When he ge back from -- well we wor't tell just yet-maybe he will be ge erous and give us a real "newsy" news item.

Mrs. T. H. Buchanan is leaving on Wednesday along with Mrs. Jim Buchanan, of Bonsal and Mr. and Mr. A. P. Harrington, of Brickhaven, for a pretty solo at Sunday School, aca two weeks auto trip to Huntington. West Va., where she will visit her brother, Mr. W. R. Harrington.

Miss Ellen Perry who has been visiting her sister, Mrs. W. W. Horton, several days with relatives in Raihas returned to her home near Dun- eigh. can.

# of the War

Ever since the War was over Nations have been arguing over "Who won it." And if the discussion is not stopped we may have to have another War just to decide who won the last one. If we ever do go into another War, have it understood there is to be a Referee, and at the finish he is to announce "Who Won and how much." In the last War we paid Transportation both ways and rental on the grounds, and now all England and France say is, "We didn't get there soon enough." Germany dont seem to ever have uttered any complaint on the lateness of our arrival, so that just shows you, you cant please everybody, even for Humanitys sake. I must bring the word "Bull" Dur- court. Lawson died in Boston, Febham in this even if I have to drag it ruary 8 last, leaving no will. in by the horns. It just struck me, and after careful examination of complaints and statistics, I find that "Bull' Durham was the only thing coach of the Williams College foot- little daughter, Bettie, of Goldston, connected with America during the War that France and England havent been able to criticise. It must be good.

P.S. There is going to be another piece in this paper soon. Look/for it.

## SIXTY-FIVE YEARS AGO!

In 1860 a blend of tobacco was born—"Bull" Durham. On quality alone it has won recognition wherever tobacco is known. It still offers the public this-more flavor, more enjoyment and a lot more money left at the end of a weel's smoking.

Little Miss Irene Petty has been confined at home for a few days with the mumps.

There will be preaching services at Mt. Zion church on Sunday afternoon at 3:30 o'clock by the pastor, Rev. C. M. Lance, Sunday school at twothirty on preaching days.

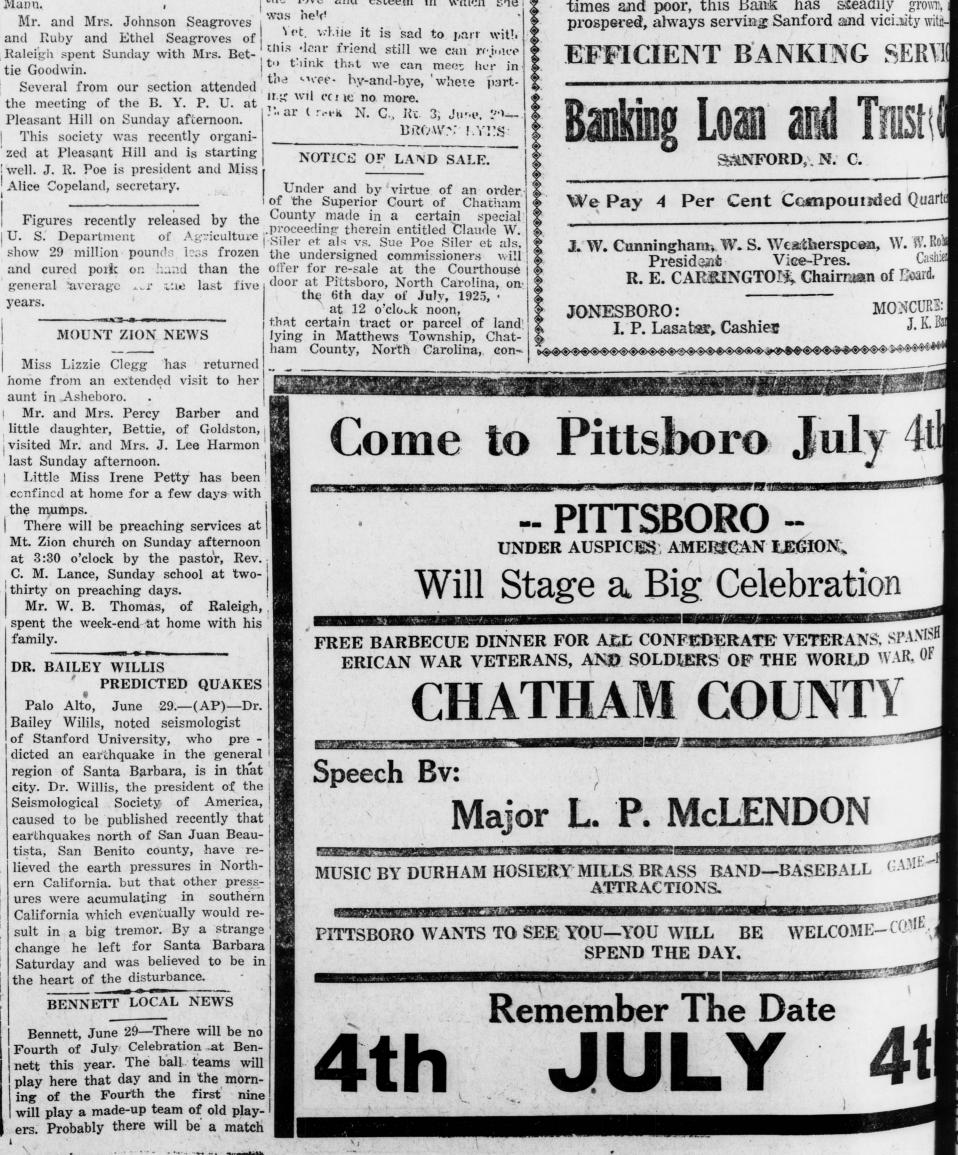

Mr. W. B. Thomas, of Raleigh, spent the week-end at home with his family.

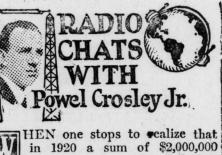

### DR. BAILEY WILLIS PREDICTED QUAKES

Palo Alto, June 29.—(AP)—Dr. Bailey Wilils, noted seismologist of Stanford University, who pre dicted an earthquake in the general region of Santa Barbara, is in that city. Dr. Willis, the president of the Seismological Society of America, caused to be published recently that earthquakes north of San Juan Beautista, San Benito county, have relieved the earth pressures in Northern California. but that other pressures were acumulating in southern California which eventually would result in a big tremor. By a strange change he left for Santa Barbara Saturday and was believed to be in the heart of the disturbance.

### BENNETT LOCAL NEWS

Bennett, June 29-There will be no Fourth of July Celebration at Bennett this year. The ball teams will play here that day and in the morning of the Fourth the first nine will play a made-up team of old players. Probably there will be a match

was spent for radio and that, this year it has been estimated this, figure will be increased to \$500,000;-000, one wonders' just where this child—and a child radio is—is going. There are those who still insist

that radio is a fad. But fads do not become universally accepted and nations do not spend millions over a period of years for fads.

T it difficult to realize that broadcasting reas introduced as recently as 1021, when \$5,000,000 was spent on radio. In 1922 that figure grew to \$60,000,000. The following year-1923-it was \$120,000,000.

Last year-1924-it has been estimated a total of \$325,000,000 was spent on radio, and this year it is believed the figure will reach the half billion mark.

And let it be remembered that that money was spent and is being spent for complete sets and parts, not for broadcasting stations which have cost hundreds of thousands to build.

N 1920 it has been estimated there were 10,000 radio receiving sets in the United States. In 1921 this number had grown to 40,000; 60,000 in 1922; 2,000,000 in 1923; 3,000,000 in 1924. Here is something that demands greater public interest. In this series of weekly talks we hope to tell of some of the things that merit public attention,
