**Another Philadelphia Fair**

(From the Chapel Hill Weekly)

Of all the individuals, firms, corporations, associations, leagues, and whatnot that send in the reading matter that nowadays goes under the all-inclusive name of "propaganda"—(every newspaper office receives cartloads of the stuff)—the one that seems to us to be carrying on the cleverest campaign is the publicity director of the Sequicentennial International Exposition in Philadelphia. And we are pleased to help him proclaim his show.

This giant fair, in celebration of the 150th anniversary of the Declaration of Independence, takes place in Philadelphia next year from June first to December first, and the managers are arranging to pile marvel upon marvel for the entertainment of the public.

We cull from the latest sheaf of bulletins a few of the announcements about the Exposition.

A stadium for athletic events is being built at a cost of \$2,000,000. It will seat 100,000 people and standing room for another 100,000. It is already two-thirds completed.

One section of the grounds will be the Gladway. Here will be on exhibition replicas of the dinosaur, the mastodon and other prehistoric animals. And dinosaur eggs that are not replicas but the real thing, found by Roy Chapman Andrews in central Asia. Then there will be Solomon's Temple, "superlative in the degree of its atten-

tion to historical accuracy and detail, reproducing the building, furnishings, and ornaments described in the Bible. A grand concourse, bazaars, and merchants' quarters will be entirely walled as was ancient Jerusalem.

The building of the ancient Chaldeans and Babylonians, the Meads, and the Persians will be reproduced, under the direction of eminent archaeologists.

The styles of women's clothes of past generations will be displayed in a great Fashion Pavilion.

Twenty-three nations have sent acceptances of the invitation to have exhibits at the Exposition. Egypt is one of the latest to accept. Included in its exhibit will be tombs, some of them 5,000 years old, and an assortment of coffins and mummies.

But the list of wonders is endless. The newspaper that set out to give even a brief word about each would have room for nothing else but the Philadelphia Sesquicentennial. Altogether, it promises to be the biggest show ever put on, and we hope we'll get to see it.

Richardson deceased, this is to notify all persons having claims against said estate to present them to the undersigned on or before October 15, 1926, or this notice will be pleaded in bar of their recovery. Those owing the estate will please make immediate payment. This 15th day of October, 1925.  
**NELLIE RICHARDSON,**  
 Administratrix.

**CROSSNORE'S APPEAL**

The Crossnore school in western North Carolina has issued an appeal for old clothes. This is the institution where the boys and girls make over old clothes and sell them, thereby earning money for their education.

"We are simply overwhelmed with boarding pupils," says the manager, "and are having to buy double-decker beds in order to house them. We must provide work for each of these boarders, for we take only those who need to be self supporting. It all depends upon the quantity and quality of clothes which are sent to us this winter, and we urge you to send all you possibly can and as often as you possibly can."

"Also we need auto knitters which were used during the war by the Red Cross and others to knit for the soldiers. We have not the money with which to buy these machines, but if they can be given to us, each one will make it possible for a boy or girl to become self supporting."

"Please act promptly for our need is very urgent."

Parcel post packages should be addressed to Crossnore School, Crossnore, N. C. Freight goes to Spruce Pines, N. C.

Transportation charges should be prepaid.

Mrs. V. R. Johnson and children leave today for Ridgeway, S. C., for a visit to her sister, Mrs. Louis Noce.

YOU WILL FIND at the Five and Ten Cent Store in Siler City many little things that you have been long wanting. A few dimes and you have them.

**The Chatham Record**

Gives the Facts about the County Government and Expenses!

Carries the News from All Parts of the County

GET IT THE NEXT FEW DAYS AT \$1.00 A YEAR

We want to add five hundred subscribers to our list before November 1. If free to get in the field the editor knows that he could build up the list very rapidly, but he cannot get out more than two or three days a week at the best. Even traveling expenses are high when he does his own work. To employ agents is expensive. We have decided that it will cost fifty cents apiece for subscriptions any way we can get them, that is, for a large list. A few naturally come at no expense. But Chatham is a hard county to work because of the fact that there is no place where the people may be seen. Comparatively few of the people come to Pittsboro more than once a year. Consequently, it is go and see them, put on a contest, or give some inducement to the people themselves to get on the list. We have decided to try the latter plan, and

**TILL NOV. 1, 1925**

will accept subscriptions at \$1.00 a year. This includes renewals. So now is your time to get the **Chatham Record** for a dollar. Don't lose a day. We have made arrangements to get the paper out more promptly and in better shape than in a long time.

You cannot afford to be without the County paper when it costs you only two cents a week.

Write, come, or send. Any of our correspondents will probably be glad to accept your dollar and send your subscription in for you.

Two years' subscription will be accepted at the same rate. Hurry up!

**The Better Buick is a Man-sized Motor Car**

People appreciate a smart-driving, easily-handled, but full-sized, man-sized car. The Better Buick for instance.

Each Buick model seats its capacity of full-grown people—in relaxed ease—without cramped legs or necks. Tall people, especially, enjoy its extra head-room and leg-room.

American men and women are above the average stature. And a smaller car than Buick is apt to be tight-fitting, low-ceilinged, crowded!

Drop in and try the ample, arm-chair comfort of a car that is right in size. Bring some of your six-footer friends. You will find another big reason why Buick is so widely considered a better motor car—another reason why there are a million and more enthusiastic Buick owners.

Or telephone, and we will send a Better Buick to your home or office for you to try.

THE SOUTHERN SERVES THE SOUTH

**All share the benefits of this gain in operating efficiency**

We are now carrying 130% more freight than we did twenty years ago, but with an increase of only 10% in the mileage run by our freight locomotives.

This increased efficiency has been made possible by the large investment of capital in more powerful locomotives, larger freight cars, greater track and terminal facilities, and the reduction of curves and grades.

The results have been—

- Better transportation service for the South;
- Higher wages for our employees;
- Freight rates lower in proportion to the general level of prices than they were before the war;
- Earning power that will attract new capital for expansion.

All share the benefits of this gain in operating efficiency.
