PAPER'S BIG DRIVE APPLAUDED:

culation Drive Staged By The Record

TIME TO ENTER STILL

Opportunity for Energetic Persons To Win Handsome Reward Still Open and Some Plan to Make Race

"The Chatham Record certainly does things."

The above statement was made by a Chatham County business man last week, after he had read of the huge circulation campaign just started by the Chatham Record. He was not, however, alone in his expression, as during the days that followed similar expressions were heard from all parts of the county, and just because of this faith the publisher of the paper pledges to continue to do things for Chatham county in a really big and effective manner.

The circulation Drive, within a few hours after its announcement, proved to be up to expectations, and a high class alignment of members entered into the work of bringing the paper's circulation up to the desired mark, that it might become established as one of the leading country papers of the entire United States. The paper already has a large country circulation in North Carolina.

Readers and club members were quick to grasp the importance to the community of upbuilding of the cir- Capital Prize. culation of the paper. Now, with the huge drive in progress, Chatham is approaching the highly desirable stage of having a paper that fully covers the field and gives a means of disseminating news and advertising fully and completely.

An example of how a lie may be started and spread is the report that several gallons of liquor was found on certain Pittsboro premises. After the report had come to the Record by several mouths, inquiry was made of the sheriff and Deputy Desern, and they pronounced the report untrue.
