with Mrs. A. P. Brooks Wednesday afternoon, July 21 at three-thirty. Even though it was one of the hottest days of the year, there were 17 of our 21 members present. The meeting was presided over by our president, Mrs. C. C. Brewer, and all records kept by Miss Myrtle Phillips, our secretary. Many business matters had to be attended to. After the dents and those of Fifth avenue, which business session, the meeting was thrown open for a general discussion of the last book in our series, which was "The Life of Christ" by Giovani Papini. The discussion was not very general, for only a few had read the book as it is rather large and came to us at a very busy time with the average housewife.

At the close of our regular meeting, little Miss Helen Brooks passed around the napkins, and then she, assisted by our hostess and her sister, Miss Ida Dark, very bountifully serv ed us with tomato sandwiches, cake, pickle and iced tea. As a favor on cach plate there was a lovely little pink basket, decorated with pink rosebuds and filled with delicious mints. Throughout the whole meeting, the interest of each member in our club

was very evident. On Friday evening, July 30, there will be a play given in the Bonlee High School auditorium, under the auspices of the Woman's Club. The play is being worked up in Siler City by a noted trained ceach who chose her characters from home talent. The play, "The Flapper Grandmother," will be given at Siler City Thursday evening and here Friday evening.

Early in the 1830s John Johnston, a Scotchman who lived in Greenwick street, began looking for a place to build a new home and selected the square. He and several friends built a block of houses running from the raiders from the North. northeast corner of Fifth avenue to University place, and for this reasen the Washington Square association credits him with being the founder of the center.

Later, William C. Rhinelander of the famous New York family, built his home on the opposite side of the avenue, facing the square. These residences of the Georgian style of architecture still stand, though changen have been made in some of them. Home of Cooper.

The Rhinelander home has been converted into an apartment building. Johnston's granddaughter, Mrs. Robert De Forest, resides in his old home at No. 7.

RESOLUTIONS OF RESPECT By the Missionary Society of Em-maus Baptist Church

To write properly of Sister Eleanor Copeland Daffron would require the best there is in literary ability. None of us feel equal to the task. Hence, these lines can afford only a partial picture of this quiet peaceable good woman.

Sister Daffron was born December 3, 1853. She professed faith in Christ about thirty-five years ago and joined Emmaus Baptist church, and has been a meek and lowly follower of our blessed Savior ever since. She was quiet, peaceable, and unassuming in her home and community. Never harming any one by word or act, but walking humbly before God, and with no enmity in her heart towards any one, her desire to love and help every one she knew and could.

She passed quietly away from us May 7, 1926 in her 73rd year to join her devoted husband, who had preceded her to the better land only about two months previous. She, as well as Brother Daffron, are missed greatly in our church and community.
