

TAX NOTICE

To The Delinquent Tax Payers of Chatham County:

You will hereby take notice, that I will on September 8th, 1927, advertise all land in Chatham county, owned by those who have not paid their past due taxes before September 1st, 1927.

I am publishing this notice, giving a definite time in which you may settle your taxes and avoid being advertised, in the hope that you will promptly make settlement for such county taxes as you may owe.

If we are forced to advertise your land for taxes, there will be added the cost of advertising. Now, then, it is up to you whether you will make a settlement before September 1st, 1927, or be charged the added cost of advertising. If you allow, by neglect or otherwise, your property to be advertised, you cannot blame me for discharging my duty as by law required.

This is absolutely the last notice that will be given with respect to past due taxes.

Trusting that you will come forward promptly and make settlement, I am,

Yours very truly,

G. W. BLAIR, Sheriff Chatham County.

THURSDAY, September 1.

Brock and Schlee, who set out from New Foundland Saturday morning after breakfast for a trip around the world, to be made if possible in 15 days, ate breakfast next morning in London. A pretty good start that.

Homer Lyon chooses not to be a candidate for congressman next year and the field is open in the Sixth district. However, if it is down there as it used to be, no man need run unless he is a six-footer. Given brawn sufficient, brain was a minor matter.

The article in last week's issue of the Record, giving the history of postal facilities, or lack of them, in Chatham county should have been credited to Judge W. D. Siler. Mr. Siler is accumulating much material for a county history. He has the historical instinct.

Redfern, a young Georgia aviator who set out to fly to Rio Janeiro, Brazil last week, is probably added to the list of those lost since Linbergh's famous flight. Much of his way was across the forests of South America, and a drop into them would probably be more serious than a drop into the sea.

Behold Alamance citizens, after all the sales of Jersey cattle in that county, came over to Siler City and bought ten of the Jerseys sold there at auction last Monday. The two highest-priced of the whole lot came from the herd of Prof. Hutchinson of Snow Camp. Chatham also furnished three bulls for the sale. The rest of the lot came from more western counties. By the way, the prices prevailing at that sale should caution those Chatham farmers who have been selling Jerseys to Harnett folk at such prices that Harnett citizens are advised to try their hands over here. A purebred Jersey is worth money. Even a two-months old bull calf brought \$27.50 at the Siler City sale.

Boll weevil depredations are sending cotton toward the 25-cent mark. It was the hope of the Record that Chatham farmers with their small areas would have the fallen forms picked up and burned from the start and thus make a full crop and get the full benefit of the high price. Chatham had very few hibernating weevil and it would have been comparatively easy to check the multiplication if every farmer had been on his guard. In the counties having large areas, poison is the only effective remedy, but things have gone along so far now that the crop of the state is bound to be very seriously cut, and even that of Chatham. But one good will result. People hereafter will believe the weevil is a real pest. The writer saw the havoc when he first entered Louisiana and needs no convincing.

As for the tax rate, the Record has waited for the publication of the accountant's budget before making any statement at all about it. The fact is, the Corporation Commission has not yet reported the values of corporation properties in the county, and it has been impossible for the accountant to determine the amount of the taxable property of the county, and, consequently, to fix the rate definitely. The budget, with rates for every department of the county business, will probably be published next week, or the week after, when a plain statement of county finances will be placed before the people of the county.

V. B. Elkins, manager of the Chatham County Fair wants as many exhibits from eastern Chatham as from the western part. He wants the person who lives in the extreme east to feel that it is as much his or her fair as the person living one mile from Silek City. If everyone takes an interest in the Fair it means better farming and more money to every person in the county. Make it your business to be a personal booster for the fair.

Chatham county will have the greatest fair October 4, 5, 6, 7 and 8th that has ever been held in this section of North Carolina.

Dr. J. B. De Shazo, skin specialist of Burlington, has the most modern equipped office to treat cancers, pelagra, and all skin diseases, that is to be found in the state. He is a regular doctor with thirty years experience and gives the same treatment that is given in the largest cities. See card in paper.

ALL ARE NOT BROKE

American savings bank deposits increased over a billion dollars last year. Let's write it this way: \$1,000,000,000.

And that's not all the money Americans saved, either. Think of the millions more saved and invested in farms, houses, reliable stocks, bonds, etc. We Spend a lot of money, we Americans, but we also Save some. We don't all go broke, not by a long shot. The Wise ones are putting aside something for a rainy day. Are you one of them?

Keep Away from Calomel!!

It is Quicksilver—Mercury

Never take calomel. It is mercury—a dangerous drug. If you are constipated, bilious, sick, head-achy, stomach sour, meals don't taste right, hot days make you drowsy and lazy, take Dodson's Liver Tone. That's all you need. Calomel salivates. That's why you have to take salts the next day to get it out of your system so it will not eat your bones. You have to stay at home a day to recuperate from the shock it gives you. No wonder Dodson's Liver

Tone is so popular. All you do is take a spoonful at night. By morning you are cleaned out good, head is clear, you feel as light as a feather; you are not sick, no danger of salivation, and you can eat anything you want. Think of that.

Get the big bottle of Dodson's Liver Tone from your nearest store. They all have it. Keep it in the house so you will have it handy to take nights before going to bed.
