In real sickness, call a physician. But many physicians urge only Castoria for those little childish disorders that need nothing more. You need never be fraid to give pure Castoria, for it contains no paregoric, no opiates, no dope of any kind. At least, this is true of genuine Fletcher's Castoriaand that is the kind doctors tell you always to buy.

Fletcher's Castoria is fine for any child. All children love to take it. Delicious tasting, and as good as it tastes. With every bottle comes a book on care and feeding of babies worth its weight in gold!
