

City-County Briefs

Mr. Ira Beall, of Asheville, has been visiting relatives in the county...

Prof. and Mrs. R. J. Saville, of State College, spent the week end with the latter's parents here.

Mrs. V. R. Johnson and children accompanied Mr. B. Nooe to Ridge-way, S. C., Friday, where she is visiting her sister, Mrs. Louise Nooe for two or three weeks.

An error occurred last week in the report of the directors of the Bank of Monroeville. Instead of the name of P. V. Budd it should have been that of H. G. Self.

And this week the negro fair is in progress at Siler City. If fairs help a town, that city should prosper. Five days last week and as many more this week!

Mr. J. C. Weeks, Jr., of the Weeks Company, went down to Clinton Sunday to prepare for moving his family to Pittsboro. They are occupying the B. M. Poe bungalow on the western border of town.

The Winnie Davis Chapter of the U.D.C. will meet at 3:30 Friday afternoon with Mrs. H. A. London. This is the regular meeting for the election of officers and the Chapter's Birthday party, the celebration of the 29th anniversary of the organization.

Prof. P. G. Farrar, principal of Lowe's Grove school, Durham county, with his family, spent the week-end with his brother, Mr. Wm. Farrar. Prof. Farrar says his school has over 400 students and seventeen teachers—some school for the country.

Mr. and Mrs. J. L. Griffin are bereaved. Chester and Mrs. Chester left them and gone to Greensboro. Chester has been in the employ of Mr. Griffin seven years, and seemed an integral part of the Griffin car. But Greensboro will have to treat Ches. mighty well or he'll be coming back in short order.

Considerable improvement has been made in the appearance of the former Chatham Motor Company quarters by the Weeks Motor Company, which is now Ford representative here. Additional equipment has been added, and the firm is prepared to take care in fine style of all repair work on cars. Mr. Estill Warren of Clinton, an experienced mechanic, is with the new firm, and Mr. Weeks, through this paper, invited all in need of repair work on their cars to bring them to his plant.

Remember, Mr. Subscriber, if you renew without expense to us, it is a real service. If all our subscribers should renew without expense of agent or postage and several 100 subscribe in the same way, the Record would be put upon a sound basis. But if it costs half the subscription money to get it, you can see that the paper is bound to be weakened. Send in your own renewal and ask your neighbor to subscribe. The Record should be in the home of every citizen in the county, and will be if he is not too little to count as a good citizen. Three cents a week gets a good paper and helps to make it better and better.

MARRIAGE LICENSE.

The following couples have secured marriage license since the Record's last report:

H. Luther Tripp, Carrboro, and Ara Crabtree, Carrboro.

Colored—Charlie Bland and Thelma Stone, Corinth; Lloyd Moore and Ellen Sturdivant, both of Pittsboro; Henry Douglas and Lizzie Stedman, Cummock; Michael I. Coble and Sarah Crutchfield, Pittsboro; Luther Alston and Minnie Fowler, Pittsboro.

A SERIOUS OPERATION

Mr. M. J. Jordan of Gulf recently underwent a serious operation at a Raleigh hospital, when a tumor weighing several pounds is said to have been taken from him. At last accounts, however, the patient was doing as well as could be expected. He is a brother of Mr. J. M. Jordan of Brush Creek, and is one of the most highly respected citizens of the county.

CLUB NOTES

The Chatham County Club at the University met Tuesday, Oct. 4. Ed. Avent, retiring president called the meeting to order and the following officers were elected:

Wyeth Ray, president; Willie B. Morgan, vice-president; Junius Durham, secretary; Fred Thomas, treasurer.

It was decided that the vice-president be in charge of banquets and that Fred Nooe and John London assist him. Regular meetings will be held the first and third Tuesday's of each month.

Ed. Avent is chairman of the initiation committee, and Royal Shannonhouse and Willie Morgan assistants. There are 26 members of the club this year, which is the largest number on the roll in its history. All the freshmen are being forward to formal initiation into the club.

Chatham county alumni of the University are welcome to be with us at our meetings at all times. JUNIUS DURHAM, Sec.

JORDAN—CORBITT.

A marriage of much interest to Chatham people and to many of other sections of the state took place Monday, when Miss Lora Jordan became the bride of Mr. David LeRoy Corbitt.

The bride is a daughter of that sterling Chatham citizen, Mr. J. M. Jordan, of the Brush Creek community, and a sister of Mr. E. H. Jordan, manager of the Hardware Store, Inc., Siler City. She has held a position in the Governor's office at Raleigh.

The groom is also a resident of Raleigh, and is a young man of considerable distinction. They will be at home at 225 Forest road, Raleigh, after October 20.

A NEW CAFE.

Pittsboro can now boast a second high-class cafe. Mr. Clyde Bland opened up for business Tuesday morning in the building formerly occupied by the Farmer's Bank.

Mr. Bland has bought the building and has remodelled the interior, adapting it to the cafe business. Up-to-date equipments have been installed and the new cafe makes a neat and attractive appearance.

Formerly there has been no cafe service in Pittsboro on Sundays. While Mr. Bland regrets that he shall have to have the business open at meal times on Sundays, he feels that the many people passing through deserve some consideration.

PRINCESS HELEN TO DEVOTE HER LIFE TO NURSE'S SCHOOL

Bucharest, Oct. 12—The beautiful Princess Helen of Rumania, her faith in humanity shattered and her hope of happiness in marriage shattered by the desertion of former Crown Prince Carol, today declared to dedicate her life to Red Cross nursing and reclamation of fallen girls. With encouragement officials of the Rockefeller foundation, she established a school for nurses in Bucharest, which she supervised and she formally dedicated today.

There are already 25 students in the school, including one American girl. Princess Helen hopes to enlist the interest of the American Red Cross in the institution since she is possessed only of the most slender means of her own to conduct the school. The Princess also inaugurated a home for wayward and destitute girls and dispensaries for sick children and mothers.

To her intimate friends the heartbroken princess confided that her love for Carol is dead and she has too little faith in mankind to re-marry. Her family, however, is eager that she shall wed again in order to divert her mind from her present sorrows.

Although Carol ignores her and never writes her from his haunts in Paris, Princess Helen speaks of the errant prince without the slightest rancor, revenge or reproach.

Since her desertion by Carol Princess Helen has lived alone with little King Michael and his pet dog in a cottage in the Carpathian mountains, like a cloistered novice in a convent, she spends her days in meditation and prayer, surrounded by books, flowers, trees and birds.

One record Chamberlin and Levine seemingly have overlooked is that of "long distance diving record." New York to a German swamp.

About Your Health

Things You Should Know

VALUES IN READING

Careful reading of "Health Hints" may be said to be highly profitable, but we should be extremely cautious in accepting advice unless its truth is self-evident.

A number of excellent physicians today write for the press, from their ample stores of experience. My daily paper carries its health column, and I read that in preference to happenings in crime or the so-called "sport page."

By reading I learn the methods employed by that most unscrupulous swindler on earth, the quack who preys upon sick people. The number of dupes convinces me that there are thousands of people who do not read enough to fit them for intelligent judgment in as serious a matter as their health.

We wouldn't be a bit surprised now if some daring young American airman hopped to Paris and back over the three-day Fourth of July holiday.

A Western Queen

Miss Blanche Grimes of Sanger, California, ruled supreme as Queen of the California Raisin Festival held this year at Fresno and attended by thousands of visitors.

SANFORD EPISCOPALIANS BEGIN WORK ON CHURCH

Sanford.—Work has begun on the new church building which the members of St. Thomas Episcopal church will erect on North Steele Street. The congregation bought the lot some years ago and have been looking forward to the time when an attractive edifice could be erected.

JURY LIST

For Criminal Term of Court Beginning October 24. The following names compose the jury list drawn for the term of court beginning October 24th, at which Judge Grady will preside.

LOVE

(By Edgar A. Guest) Fame may come in a dozen ways... Wealth is found in a score of trades... Every art to its genius pays.

Man finds love in a woman's eyes; Something tender and sweet and true, But be foolish or be wise, Sends him out in the world to woo.

And whether the maid be dark or fair, Pretty face or plain to see, If love abide with the mated pair, None in the world can happier be;

Honor and love have no degrees, Richer than others a man may be; Fame has limits and boundaries, There are rank and caste on land and sea,

She—Do you think that long skirts make a girl look taller? He—I don't know, but short skirts make the men look longer.

Silk Stockings

Have stockings in the very newest shades; your old or faded stockings given any tint in the rainbow in five minutes; with fifteen cents' worth of Diamond Dyes!

Try a pair tonight! Use Diamond Dyes and no one will dream they were tinted at home. And you can do real dyeing with just as perfect results, if you will just use the true Diamond Dyes.

Diamond Dyes

Just Dip to TINT, or Boil to DYE

Study the Man

A face to face meeting with facts—things accomplished, things left undone—and a searching out of factors which have been millstones about the neck on the road to success, has often resulted in a complete right-about-face for many a man.

FACTS - AND THE OPEN MIND. THE MOST important element in business success—T and the most difficult—is to be sure that you have all the facts before you act. TO GET them all, from every possible source, is the first objective in General Motors. The Research Laboratories contribute some. These are nuggets, left in the crucible, after hundreds of ideas that looked good have been burned away. The Proving Ground contributes others. Dealers contribute. The public contributes. Every department contributes. Through the whole organization runs a spirit of inquiry and of rigid insistence on proof. OUT OF such thinking come the new models announced from time to time by Chevrolet, Pontiac, Oldsmobile, Oakland, Buick, LaSalle, Cadillac—all with Fisher Bodies. And by Frigidaire. Each new model is a tested step forward. Nothing goes into it as a result of habit or guess or pride of opinion. Nothing counts but hard-won facts, gathered and used with an open mind. GENERAL MOTORS. "A car for every purse and purpose"
