WASTED VALUES. SWEARING OFF. CHURCHES SHOULD BE BIG LIONS AND SHEEP.

By ARTHUR BRISBANE

The greatest of all waste goes on inside the human brain, of which 999 one-thousands remain idle and unused, even in well-managed brains. Millions of brains do not work at all, only remember and repeat, never create.

But that will change. Consider what ants and other insects accomplish, having been here many million years ahead of us. We are only 12,000 years from the late Stone Age, which is the most encouraging fact in history. Give men ten to fifty million more years, with deepening convolutions and inherited knowledge, and see what they will do.

A mud wasp, as Fabre shows, is born knowing how to perform a most delicate surgical operation, difficult for a skilled man. New born human babies, 50,000,000 years hence, will know more of mathematics than Newton knew when he died, more of music than Beethoven and Bach combined.

John D. Rockefeller, Jr., who understands human nature, encourages, understands human nature, en-courages the building of Dr. Reisner's skyscraper church in New York. says "churches must be big enough to dominate skyscrapers. Material as well as spiritual dominance is needed.'

R. O. Welch, well-known citizen of this community died at his home here tonight. Death followed an illness of one week that resulted from a stroke of paralysis.

Funeral rites will be held at a o'clock Sunday afternoon at First Baptist church, of which Mr. Welch was a member. The services will suit the new governor better to wait till after the assembling of the Legislature, and as the constitution member. The services will be conducted by the pastor, Rev. J. C. Canipe. The local Masonic order, of which Mr. Welch was a member, will have charge of the service at the grave. Interment will be made in Oakwood cemetery. Mr. Welch was a traveling salesman, having been conected with the W. S. Donnon Hardware company, of Richmond, Va., for the past 25 or 30 years. The deceased was 62 years old

and he was one of the best known and most highly esteemed of the community's residents.

Surviving are the widow; two sis-ters, Miss Ida Welch and Mrs. Fannie Smith, both of this city; and two brothers, P. G. Welch, of Greensboro, and O. H. Welch, of Pittsboro.

ENTERTAINS IN HONOR OF MRS. NOOE

Pittsboro, N. C., Dec. 6 .- One of the most distinctive and charming social affairs of the post-holiday season was the bridge luncheon and shower given on Tuesday morning by Mesdames Victor R. Johnson and E. R. Hinton at the lovely colonial home of Mrs. Johnson on Hillsboro St., honoring Mrs. David B. Nooe, since the state dues have to be paid

The lower floor of the home was most artistically decorated in blooming house plants, palms and ferns, while open fires added to the attractiveness of the interior.

Lovely place cards expressing a "Happy New Year" marked the seating arrangement of the guests. Promptly at 12:30 a delicious four course luncheon was served by the hostesses. Following the luncheon bridge was played at five tables and says that she believes in the P. T. At a signal from the hostesses

Eleanor Holm of New York has been rated as the best all-round girl swimmer in 1928. She is 15 and weighs 101 pounds. Despite her youth she has broken many records.

Parent-Teacher Meeting

The Pittsboro P. T. A. wil hold its regular meeting Friday night, Jan. 18th, at 7:00.

In addition to having important business to transact there will be a program given by the school children.

The Association is very anxious for all members to pay their dues by Feb. 1st.

At 8:00 th Pittsboro basketball team will play Roxboro in the auditorium. Our boys need your sup-port Friday night. Roxboro has a splendid team, having defeated Pittsboro on the Roxboro court by a small score. A good game is expected as our boys are determined to have revenge for the defeat landed them.

FRED A. HOUSTON COMMITS SUICDE

One of Chatham's Best Citizens Slashes Throat With **Razor at Mt. Vernon Springs**

Mr. Fred A. Houston, of Mt. Vernon Springs, committed suicide Tuesday morning by slashing his throat with a razor. Mr. Houston was one of the most prominent and useful citizens of his community. He was treasurer of his church and teacher of an adult Sunday school class. He and his brother, Luther, lived together and were prosperous farm -. ers. He leaves a wife and one small son and a mother who is 84 years of age.

The family has had influenza and Mr. Houston, who had a seige of mental trouble many years ago, seemed to be troubled greatly by the disease. A gentleman who spent the night at the Houston home recently stated that the deceased paced the floor of his room throughout the night.

The burial was in the church yard of Mt. Vernon Springs church and the funeral services were in charge of Rev. Jonas Barclay.

SCHOOLS AND TAXATION

(By A Subscriber)

As our General Assembly is in session, the question is being asked by our people, What about an eight-

months school term? And people are wondering how much taxes will be raised. Now, do not misjudge me and think I am opposed to education, for I am a firm believer in education and advocate of it. But with regards to an eight-months school term, I am concerned as to whether it means having better educated children or merely a longer term for athletics, etc.

Some of our best educated men of today did not have advantage of even a four-months term. But they grasped the opportunity they did have and did not waste their time, as we are bound to see is being done today.

Now the people have stood for about all the taxation they can, and feel like asking that the slogan suggested by former Senator L. M. Blue of Scotland county and a member of the equalization board, "A dollar's worth of service for every dollar of tax money," adopted and en-

forced. For many feel that they are getting what they are supposed to be paying for. And we ask that some economy be used in order to secure funds for the lengthening of the school term if it must be lengthened. For instance, our county superintendent's salary is five or six times what that of J. L. Griffin's or R. P. Jonson's was, and they were two as good superintendents as the county

they has ever had. Besides, drove a horse and buggy and visited every school in the county, white and black, while it seems now that the high schools are the only ones that get that attention.

I know that our editor, who is a former teacher, will agree with me that many a teacher in the county now is getting two or three times as much salary as he and others got thirty or forty years ago, and yet they are not doing nearly as much work as was required of the teach-applied fertilizer intelligently applied fertilizer intelligently. ers of the earlier days.
