MR. MOORE'S SPEECH-Concluded. consenting to such a sale, as will not only foreclos the mortgage to the greatest advantage of creditors, but without detriment to the public. And those who make the objection of repudiation, seem to be perfectly at case in contemplating a sale forced upon the Company and the principal creditor, which will not only destroy the value of the property, but, forever, destroy the corporation itself, and consequently cut off every creditor for all time to come.

Sir, in advocating this measure, I am influenced by no motive which my heart is loth to confess, and which I have not frankly avowed on this floor. For years I have been of opinion that all insolvent institations of this kind ought to be sold, and pass into the hands of a new Company. My only hope of preserv-ing the Raleigh and Gaston Road for the public use, is in the change of proprietors, as I declared when the forcelosure of its mortgage was before the House. I would lend no helping hand to destroy either of the rival Virginia Companies ; and I am as ready now. if circumstances required it, to save by my best elforts, humble, I know, they are, the Petersburg Company, as I have shown myself to be, to save the Portsmouth Company: The best interests of this State demand the preservation of both.

The bill, in my judgment, compromits nothing of our dignity, or honor; yields no power to our sister State derogatory to our sovereignty, but simply holds supine. out to her, for the joint preservation of a great work of internal improvement, the same hand which we held out to her for its joint construction. If she wills its downfall, we must submit. If she can devise a less exceptionable mode of preserving it, I shall be ready to rejoice at the substitute.

We would invite public attention to the Advertisement of Mr. Cooks, contained in this paper, announcing that an Institution for the instruction of the Deaf and Dumb will speedily go into operation in this City. At the recent Session of our Legislature, an Act was passed, appropriating Five thousand Dollars a year from the School Fund, for the education of the Deaf Ferry , District Attorney, and Mr. McNulty and Dumb, and Blind. No arrangement has yet been made, we believe, for the education of the Blind, and may perhaps prove most advantageous, for the pre-

of his profession. May happiness and prosperity attend him. He has been with us for many years, and all might be appealed to, to say whether he has not contributed as much towards the comfort, the happiness and virtuous improvement of our community as any man who has lived among us. With a heart always open to the calls of distress, ready at all times, to the full extent of his means, to assist the needy; kind, gentle, benevolent, and highminded in his intercourse with all, he cannot but meet with encouragement from those amongst whom he intends to cast his lot. He will long be remembered here by many who have received the benefits of his professional skill, and had occasion to appreciate his many virtues.
