SUPREME COURT. This Tribunal assembled in this City, on yesterday.

The Forgian News which is brought by the Hibernia, is interesting if not important. The Peace prospect is favorable, evidently; and we hail, with pleasure, the speeches of Sir Robert Peel and Lord John Russell, in which they speak of their desire to terminute amicably the difforences with this country. The Corn Law Bill of the Ministry having such an impetus as it has received from the House of Commone, must, without a doubt, also pass the House of Lords. For details of the foreign news we refer our readers to another column in to day's paper.

If he is now sincere, why, in the name of wonder, did he not then assume a lofty position, and thanks to our army, and providing for the presentation of a sword to Gen. Taylor, sacrifice himself and his five thousand dollars on the altar of patriotism? Why did he not then come out like a man, and say, " true, I own five thousand dollars of this Stock, but I am too patriotic to be swayed by my private interests, when the State calls for

the sacrifice. This Road is rotten, insolvent, corrupt the Oregon inriediction bill. A motion of Mr. -I vote against it in all forms." Did he do so ? Ah ! Benton to refer the bill to the Judiciary Commitdid he ? So far from it, he skulked out of the scrape, and would not vote at all. This was poor and pitiful dodging, in one who feels so distressingly patriotic,

now the thing is all over, and can't be helped. But, the beauty of the joke is, that this fastidious young man, who turns up the whites of his eyes so sanctimoniously at Rail Roads and other Corporations. has been connected with Rail Roads and Banks, ever since he cut losse from the aprou-strings, until a fow months ago, when he made a family arrangement with the Editor of the " Standard," who generously took upon his own shoulders the responsibility of owning this odious Stock. It could not, perhaps, hurt him. This shrewd financier, cunningly sold his fifty Shares to his co-partner of the "Standard," after the Road was declared, by Act of Assembly, utterly insolvent, and directed to be sold for its debts; and when, as Mr. SHEFARD himself says, the whole Road and all its appurtenances, was not worth a dollar-when, certaiuly, the Stock itself was irredeemably worthless. This was a precious time, of a truth, to sell Rail Road Stock ! Why was it sold at all? What was it woth ? What did he get for it ? Ah ! is the shrewd young man skulking again? The Act of 1838-9 has an awful squinting at responsibility, on the part of those Stockholders who might be such, at the time the default of the Company should be as-

declared in the Session of 1844-'5, by the report of recent victories. Mr. CHERRY, and confirmed by the subsequent action of both Houses. Many people believe that those Stockholders are still liable. Did Mr. Shepard intend to shuffle himself out of this dilemma, by tranferring his Stock to the "Standard"? If that sale of Stock was made before Mr. Shepard first aspired to be a Governor, or some other great thing, was it made only to escape from this liability ? Was it an attemptweak enough, to be sure-to chisel the Old North State ! If this sale was made after he wanted to be Governor, did the 'cute young gentleman have an addititional reason, and do it, that he might ride the Rail Roads, and Gov. GRAHAN, on their account, and shake himself, and say-"I have no interest in

The whigs of this staunch old state are again in motion. Whilst they are active in all the Mr. Ilouston called up his resolution giving movements in progress for furnishing the state's quota of troops, for the Mexican war, (a regiment) they are not unmindful of their duty in other respects. The election in August next, is for a Governor and members of the Legisla-Mr. Haywood presented the proceedings of a ture, and upon the latter body will devolve the duty of electing a Senator of the United States to succeed Mr. Mangum. As to the Governor, The Senate then resumed the consideration of no doubt secure to be entertained. The popular and efficient incumbent, the Hon. WILLIAM A. Mr. S. Jones, in a late debate in the House on our foreign affairs, spoke of the army as "led on by Mr. Polk," and several times repeated the expression. What is the meaning of this !--Does Mr. Jones intend the people shall believe that Mr. Polk leads the troops into battle ! To be sure he does ; and thus is political tact, not moral falsehood. Mr. Polk is thus made a General, to answer the purpose of the next campaign. But any attempt to add to Mr. Polk's fame or glory by this war of his, will be in vain. Many of his own people execrate him for his fully and madness in bringing on a war which

It was the Annual nencement of the College, and we will premise, that the Exercises were attended by a very numerous auditory, embracing some of the most distinguished citizeus of the State. The number of Trustees, too, in attendance, was unusually large. It is gratifying to perceive, that each succeeding year imparts to this interesting celebration a fresh degree of attractiona circumstance, indicative of an improved tone of feeling, which promises the most auspicious results to the State.

The public Exercises, which commenced on Monday, were continued on each day, until the afternoon of Thursday.

On Monday night, the Valedictory Sermon was delivered by the Rev. E. M. Fonnes, of Newbern, which we did not have the pleasure of hearing, but which is spoken of in high terms of praise.

On Tuesday afternoon , Rev. F. M. HUBBARD, of Newbern, delivered an address on the Life and character of Sir WALTER RALEIGH. We did not arrive either, to hear this effort, but all who did, concur in representing it as a most chaste and finished performance, replete with historical information, and affording strong evidence of great labor and research.

On Tuesday night, the following gentlemen, selected from the Freshman Class, declaimed before a large auditory, viz:

On Wednesday morning at 11 o'clock, the Annua Address was delivered before the two Literary Sotieties by B. F. MOORE, Esq. of Halifax, and occupied just one hour in the delivery. The topics of the Address were diversified, but we shall not be wide of WM. WHITE, Jr. the mark, if we state its subject to have been-"The high claims of the University on her sons for cultivating Truth and universal Justice." The Address Presented many bold and original views, and abounded hroughout with the cogent reasoning, apt illustration and high-toned patriotic feeling, for which its author is distinguished. Though decidedly of the practical order, it was occasionally lighted up by flashes of true eloquence, worthy both the subject and the occasion. When published, this Address will attract public attention.

At 4 o'clock in the afternoon, there was a meeting of the ALUMNI AMOCIATION, at which, interesting Biographical Sketches of such Alumni, as have died during the year past, were read by different gentlemen. Downey, of Granville ; John W. Ellis, of Rowan ; James W. Laucaster, of Wayne; Henry S. Graves, of Texas; John C. Williams, of Fayetteville, and John Kimberly, of Hertford.

On the whole, the situation of the University was never more prosperous; and our earnest wish is, that it may continue to flourish yet more and more, yearly to send forth from its walls a detachment of educated men, to bless and adorn our highly favored country.

True, indeed, Mr. Editor, Mr. S. did declaim in Hillaboro' upwards of an hour and a half. Tis also true, that he had a 'strong array of charges against Gov. Wednesday evening our gallant GRANAM arrived. Thursday alternoon he addressed the citizens of Orange in an able an eloquent address, 'ut semper,' clock. in which he fully and clearly refuted the falsehoods lleged against him by his opponent. After Gov. G. had spoken, Mr. S. attempted to reply. But suffice it to say, that it was much like his former speech, in which he represented Gov. G. to have said things which he denied ever to have said. His whole speech was quite a bombast. To use a homely saying, he was completely used up, and nearly demolish-At times Gov. The Louisville Journal states a case of such criminal magnitude, that it is difficult to believe in its truth. About ten years ago a lunatic, of Monticello, in that State, was sent by his family to the lunatic-asylum at Lexington. On his arrival at that institution, or shortly afterwards, he appeared so calm and rational that the superintendent or managers sent him home. At home he became violent, and his family determined to

longer. Accordingly, they built near their own residence a very small and strong block house, and around that another, thus making a double block house. They left a narrow opening, through which they thrust the lunatic, and when he was in, they built up the opening, leaving a orifice just large enough to admit of his food being extended to him. And in that horrid prison, for ten long years of heat and cold, the wrotched lunatic has been kept by his own family, with no bed clothes, no fire, and no hope, except through the gate of death .- Exchange paper.
