VOL. XLVII. FRIDAY, AUGUST 7, 1846. NO. 44.

RALEIGH REGISTER. KALEIGH, N. C.

Tuesday, August 4, 1846.

TO OUR WHIG FRIENDS. We constitute every Whig in the State, a special Correspondent, to communicate the result of the Election in their respective Counties.

"SHOOT THE DESERTER." This is about the mildest term applied, by his political friends, to the late Senator from North Carolina, WILLIAM H. HAYWOOD, JR., Esq.

Perhaps nothing could more strongly illustrate the difference between the two parties, than the course respectively pursued towards Messrs HAYWOOD and JARVIS.

FRAUDULENT VOTING. We copy into this paper, the subjoined Act, passed by the last Legislature:

AN ACT TO PREVENT FRAUDULENT VOTING. Be it enacted by the General Assembly of the State of North Carolina, that if any person shall hereafter knowingly and fraudulently vote at any election, who by law shall not be entitled to vote at such election, he shall be liable to indictment in the County or Superior Courts of law; and on conviction, shall be fined or imprisoned, or both, at the discretion of the Court; the amount of the fine to be not less than ten, nor more than one hundred dollars; and the term of imprisonment to be not less than five, nor more than thirty days.

Ma. HAYWOOD'S LETTER OF RESIGNATION. The President laid before the Senate on Monday, the following Letter from Senator Haywood:

TO THE PEOPLE OF NORTH CAROLINA. In a few days I shall publish an Address, vindicating before you my course in the Senate of the United States, and explaining the causes of my resignation. My reasons for having delayed this publication will be frankly stated in the Address.

A KIDNAPPER CAUGHT. A daring attempt was made recently at Newbern, by an Irishman, named PATRICK O'NEAFFY, a Tailor, to carry off a slave owned by JOSHUA D. DURAND, Esq., but he was overtaken on his way to the North, at Goldsborough, and captured with his sable companion. He is now in Jail, awaiting his trial.

APPOINTMENT OF SENATOR. As considerable remark has been made in Congress, and out of it, in regard to the appointment of a Senator, in place of Mr. Haywood, we take it upon ourselves to say, that no appointment will be made by the Governor of North Carolina to fill the vacancy at this time.

LATE FROM THE ARMY. We have been permitted to make the following extracts from a Letter, addressed by Mr. J. H. HIGG, a Volunteer in Gen. Taylor's Army, and a native of this City, to his brother resident here, which contains some interesting details in relation to the condition of the Army:

"We shall remain at this place, at least a month, if not longer. We have to remain until Gen. Taylor gets a supply of Provisions, for us. He has made a requisition of 1000 Wagons, to convey the baggage, &c. The General is, himself, at Matamoros, with 9,000 troops, awaiting reinforcements to take Monterey. A Regiment left this morning for Bureta, 18 miles from this place. There are 3000 Troops here, awaiting Gen. Taylor's orders."

THE TARIFF BILL PASSED. After a period of painful suspense (says the "National Intelligencer") we have the unpleasant duty of announcing to our readers the passage of this portentous measure by the Senate.

GRAINS FROM PENNSYLVANIA. Some idea of the indignation, with which the passage of the Tariff Bill has been received in Pennsylvania, may be gathered from the following extracts, taken at random from the Papers of that State, of late parties:

STILL WHILE LIFE REMAINS WE HAVE SET SOME HOPE. Dr. Water's Balsam of Wild Cherry—No Quackery—No Deception. It cures the most violent cases of Croup, Hoarseness, Sore Throat, &c.

STONINGTON, Dec. 4, 1841. Dear Doctor—Feelings of gratitude to you, for the many mercies, bestowed by Divine Providence, in preserving me to health by the use of DR. TAYLOR'S BALSAM OF LIVERWORT.

THE INQUIRY, a Whig paper, says—The intelligence from Washington, which we publish in this morning is well calculated to excite and excite the people of Pennsylvania.

THE CHRONICLE, neutral, has the following postscript: Since the above was in type, we have learned by the Magnetic Telegraph, that the last ray of hope for the Tariff of '42, has been extinguished; the fraud upon Pennsylvania and the country at large, has been consummated.

RIVER OF GROC. At a late fire in Geneva, one of the stores consumed contained upwards of 7000 gallons of alcohol, besides several hogsheads of molasses, most of which was poured into the canal, the water of which became as strong as to burn for some distance below, and exhibited a larger quantity of warm stink than ever manufactured at one time in the United States.

From the Wilmington Chronicle. Duple County, N. C., July 22d, 1846. Mr. Brown: This will inform you that my father, John Greer, Sr., had a negro woman called Amy, who died on Monday the 20th of this month, who was supposed to be upwards of 130 years of age. She was formerly the property of old Lewis Thomas, one of the first settlers in the County, who owned the plantation where Gen. Wm. Hill now lives.

EMIGRATION—It is stated by the Baltimore Sun, upon what it regards as satisfactory data, that the emigration from Europe to this country, during the present year, will reach two hundred thousand souls. The great mass of the emigrants from Germany, England and Ireland are farmers. It is said that they will bring with them a large amount of money, adding considerably to the capital as well as the industry of the country.

ACCIDENT—On Friday last, at the short turn immediately after passing the bridge at this place, the Raleigh stage was by some means overtaken. There were at the time five or six gentlemen in the stage; none of them, however, were seriously injured, except Mr. Carson, of Charlotte, who had his left hand shockingly bruised, and two of his fingers broken. At first serious consequences were apprehended, but we are happy now to state that he appears to be doing well. He is at the Union Hotel in this place, where he will probably yet be detained some days. Hillsboro' Recorder.
