THE PRESIDENTIAL ELECTION. The "Standard," in its very liberal table of calculations, in order to elect Gen. Cass, is forced to the extremity of putting down as certain for the Democrats, the States of North Carolina, Pennsylvania, Louisiana, Georgia and Ohio! which make, along with the Loco Foco States enumerated, 180 Electoral votes. Now, be it remembered that it requires 145 votes to elect. Well, let us see how this base coinage" of a calculation will " vanish into thin air," before a true and reasonable computation. We cannot believe that the Editor of the "Standard" is stupid enough to believe for a moment, that North Carolina will by any contingency cast her vote for Lewis Cass;-then North Carolina taken off from the "Standard's" table, reduces it to 169. We have the most cheering and indubitable testimony constantly pouring in upon us, from private as well as public sources, that Pennsylvanis, the old its effect. policy was fettering and destroying her energies and taking the bread from the mouths of her hard-fisted veomanry-will increase her vote for the Whigs by from 5,000 to 10,000 majority. Indeed, we are assured that Pennsylvania is lost, beyond redemption, to Loco Focoism. Well, take the 26 votes of Pennsylvania from Cass, and his prospect of election is clean gone forever. And take away also those of Louisiana, Gen. Taylor's own State, and which the old Hero is sure to receive, and Cass, by his own friends' calculation, will only have 137. We will not carry our cyphering any further. We believe Ohio and Georgia are both safe for old Zach, but we have

shown that he can be elected without either. Perhaps, however, the funniest part of the "Standard's" calculation, is the placing of Tennessee, Maryland and New Jersey as doubtful States! The only doubt about them is, whether Cass will get enough votes to be worth counting.

The "Standard" brags of its keen foresight in its into the presumption that, therefore, he is right now. We intend to figure a little now ourself, and let us determining. The People were first addressed by GEORGE W HAYWOOD, Esq. of this City, in a most masterly effort of an hour and a half's length. This Gentleman's well known zeal and activity in behalf of the old Hero were well manifested upon this occasion. His array of facts were forcible-his conclusions cogent-and his appeals stirring. WALTER A. HUSKE, Esq., of Fayetteville, was next introduced to the assemblage. He spoke for upwards of an hour, in an impassioned and earnest manner-mingling laughable anecdotes and humorous illustrations, with strong inferences and patriotic views. Mr. HUSKE deserves, and doubtless has, the thanks of the Whigs of Wake, for his efforts in our County.

Upon the call of the audience, Mr. SEATON GALES next addressed the gathering. After the conclusion of his remarks, three cheers were given-lustily given for Old Zack, and the exercises of the day closed. Upon the whole, it was a glorious festival. The spirit was enthusiastic-the good-feeling admirable -the barbecue excellent-the determination for du-

Raleigh

Of a base and infamous Fraud ! The subjoined Advertisement was received by us on Thursday last, and discloses a dark and deeplaid scheme to defeat the Whig Ticket, by a fraud so base and unprincipled, as should sink its vile perpetrators into everlasting disgrace and infamy .-This low and villainous fraud has been detected and exposed by that vigilant and Argus-eyed Whig, Ep-WARD J. HALE, Esq. Editor of the " Favetteville Observer," and the statements made by him in the subjoined Card, are to be relied on, to the very letter. We blush for the character and honor of our State and her citizens, that her fair fame should be thus jeoparded and impugned by unprincipled and reckss politicians ; and we call upon all true citizens of

Sath Carolina, to frown down with odium and contempt upon this the first attempt to defraud the honest and unsuspecting out of the dearest and highest privilege of an American freeman. Such conduct, emanating from the "Five Points" of New York, would not be so much wondered at ; but proceeding from those claiming to be GENTLEMEN of the honest Old North State, our wonder and indignation knows no bounds. "O! for a whip to lash the rascals naked through the world."

We here subjoin the Card, and call upon all Whigs, every where, to examine all Tickets at their respective Precincts, and see that none of these spurious ones are palmed off upon the unsuspecting friends of Gen. TAYLOR :

FOR THE REGISTER.

LOUISBURG, October 30, 1848. Dear Sir : I send you the following little "morsel," believing it will amuse your readers, and disclose the ways and means by which the Democrats in this region, get together enough of the faithful, to make a " large and respectable meeting":

Democratic Mass Meeting!

On Monday the 23d inst. the Democrats of Franklin will hold a Mass Meeting at Harrison's Store. and respectfully invite all the people to attend, and partake of the glorious feast.

Whilst the bosom is filled with love for our Country, the stomach may be charged with nice Barbacue. THE COMMITTEE. By order of

A few days since, the above was put into my hands by an eye-witness, with the request that I should send it to you and also the following particulars connected with it : On the day mentioned, were gathered together some seventy-five or a hundred persons, to enjoy the "feast" which was to flow from Mr. Busbee. In his usual manner of speaking, he

entertained them with wit, sentiment, and a fund of abuse of the Old Hero, until the welkin rang again. What a pity that one so well qualified as Mr. Busbee, (and for whom I have the highest respect) should cover himself with fame at the Bar, and then lend himself to men and a party which can never nav him for his trouble ! However, to the meeting. After the "feast" of Mr. Busbee had been fully enjoyed, a motion was made to fill the Stomach with Barbacue, which was expected by every one present. But lo! it was not thar !- nor had any preparations whatever been made, as represented in the advertisement. It would have puzzled one to discover vielded by skilful hands, and that which most predominated-pity, by some, or the inthere offered had been promptly dignation of those who had been invited there to charge their stomachs with nice Barbacue," after "the bosom" was filled with love for Gcn. Cass. It was a sad affair, and ended, as all attempts must, which are based upon such foundations. They were deluded there by false promises; and, Mr. Editor, is not this little circumstance characteristic of the party, for the past eight years, with promises of a more substantial character, than the "feast" which was to fill them. They were mortal men, and took no pains to conceal their dissatisfaction at the dehe old man is in fine health and good ception. I must confess, the party on their arrival at our village the same evening, showed evident signs that their stomachs had not been charged with things very substantial, although they may have been electrified by the eloquence of Mr. Busbee. work of some malicious Whig, we have no means of touches the heart. The overburdened spirit sometimes relieves itself in the voice of song. The pentup bosom might burst-the heart-strings be cracked -were it not for the softening influences of " notes of woe." We commend the remedy to our Democratic friends hereabouts. They may possibly feel better after the sad refrain.

ANOTHER VILE SLANDER!

The Democratic Review, which not long since undertook to prove Gen. Taylor a blunderer and a coward, for his conduct at Buena Vista, has changed its battery of late. The last number has a tale about Gen. Taylor's cutting up a number of Bibles. to make cartridges, and of his having said, when the forze the horses, and surround them. A police soldiers scrupled to fire their muskets thus loaded. at Buena Vista, " fire away, boys-this is the surest way to spread the Gospel in Mexico."

The absurdity of such a charge can only be equaled by its miserable depravity. What shall we have next? Are there any more bombs ready? The following letter from a gallant officer of the army. nails the vile calumny to the counter :

The venerable old Patriot, HARRISON GRAY Oris, is no more. He died at Boston, on the 27th ult., aged 83.

DEAR SIR-The slip you sent me to-day, with your note, charging Gen. Taylor with having ordered "Bibles to be used by his troops for cartridge and wadding at the Battle of Buena Vista," is too absurd to merit serious contradiction. The troops in came to arrest, and whom he was determined to Mexico were always well supplied with ammunition already prepared for use, and were under no necessity to use Bibles for that purpose. The slander carries its antidote upon its face, to the mind of tion. There are some Bibles in the SPANISH LAN-GUAGE, received in Mexico from the United States for distribution among the Mexicans, and some of the officers in Gen. Taylor's column assisted in their distribution accordingly. This is the only fact I know about these Bibles.

Respectfully, your obedient servant, G. H. CROSSMAN, Major U. S. Army.

SPAIN-GEN. SAUNDERS.

The New York Herald of Wednesday last, contains a letter from Madrid, in Spain, dated September 30th, 1848, giving an account of an insult which had been offered to the American Minister, and of the prompt and manly manner in which he demanded an apology from the Spanish Government. The Correspondent of the Herald says:

"We have had a great sensation excited here to day, by an outrage offered to our flag and the family of our Minister, Gen. Saunders ; the con sequence of which has been, that he has sent a spirited note to the government, demanding instant apology and reparation. The circumstances were these.

This very Fernando was in the act of closing the door of the carriage at the moment ; and conscious that the demand was not likely to be for any agreeable purpose, made a single bound, by which he succeeded in projecting his body under the port cochere of the embasey; a second saltation of the same kind threw him upon the stairs-after which he vanished. The ladies decended from the carriage. A crowd collected around, and all was soon confusion and fright. While this was going on, the General himself came down, and demanded the cause of the row. The police officer informed him that he had a warrant against his servant, whom he take away with him.
