Dg. A. H. CHRISTIS—Dear Sir: You wish to know of me what has been the result in my own ease, of the application of THE GALVANIC BELT AND NECKLACE. My reply is an follows:

For about twenty years I had been sufficing from Dyspepsia. Every year the symptoms become worse, nor could I obtain permanent relief from any course of medical treatment whatever. About fourteen years since, in consequence of frequent exposure to the weather, in the discharge of my pestoral duties, I became subject to a never Chronic Rheumentern, which for year after year, caused me indescribable anguish. Captain Tomes is seventy years of age. Severe Deafness Cured. The following is an extract from a letter lately received from a distinguished physician in the State of Virginia: "A. H. CHRISTIR, M. D.—Deer Sir: One of my patients, unknown to me, obtained your Galvenic Belt and Neckless, with the Magnetic Fluid, for a serious affection of Deafness. The case was that of a lady whose Nervous system was much disordered, and her general health poor. Much was done previously to the application of the Belt, but with very little success, and I feel it only right to tell you, that since she commenced wearing the Belt and using the Fluid, but a few weeks ago, she has ENTIRELY RECOVERED HER HEARING, and her general health is better than for several years."

Farther: in the winter of '45 and '46, in consequence of preaching a great deal ir my own and various other churches in this region, I was attacked by the Bronchitis, which soon became so severe as to require an immediate suspension of my pastoral labors. My nervous system was need thereughly prestrated, and as my Bronchitis became worse, as also did my Dyspepsis and Rheumatic affection—thus evincing that these disorders were connected with each other through the medium of the Nervous System.
