They would as much regret seeing tuestion settled definitely, as the Abolitionists aid the adjustment of the Slavery question .-" were not willing to let the People decide it whow that it did not first emanate from the pular wish, and that the ballot-box will take subject out of their hands. THE ELECTION

The long agony is past-the election is over ; and that it is so, must cause the most poignant grief in the breast of every philanthropist, every lover of order and decency, and every sincere well-wisher to the "peace and dignity" of the citizens of this State. It has called forth and afforded such an opportunity for the display of the card inal virtues-such a number of kindly feelings have been brought into action, and such an excess of charity and love of truth made manifest-that we shall henceforth look upon a contested canvass as affording a first-rate specimen of human nature At the polls, there was a slight lack of that calm

Roman dignity ascribed to us by our Fourth-of-July orators-inasmuch as the voters skipped about with the vivacity of Frenchmen, and exercised their tongues with the unanimity of old women. If some staid sober citizen was observed making his way to any spot where votes were to be taken and brandy and of her sons, none more worthy could be se given, he was immediately surrounded by a number | the about popular rights-the People in the of the more particularly devoted lovers of country, who were employing their talents, energies, and lungs, in the work of conversion, and mobbed, and twisted, and turned by them in a very hackney. will give great gratification to North Carolina, coachman like style, in order to gain his attention will also be hailed with favor by the whole counto their various claims, until the four points of the compass became with the said citizen a matter of doubt and uncertainty. HON. W. A. GRAHAM. The "Baltimore Patriot" pays the following and some and just compliment to North Carolina, and her distinguished son, whose recent appointment appears to have been hailed with satis-

faction and pleasure in all parts of the Country : William A. Graham, of North Carolina, is the new Secretary of the Navy. This compliment, in selecting one of her own sons, to take a seat in the Cabinet, at this seeming crisis in the affairs of the country, was due to North Carolina. PROFESSOR A. C. BARRY'S TRICOPHEROUS.

Or Medicated Compound.

INFALLIBLE for renewing, invigorating and beautifying the bair, removing scurf, dandruff, and all affections of the scalp, and curing eruptions on the skin, diseases of the glands, muscles and intoguments, and relieving stings, cuts, bruises, sprains scc., &c. With this preparation "there is no such word as fail." The first journals in America, medical men of the highest eminence, prominent citizens of all professions, and ladies who have used it for years in their dressing rooms and nurseries, admit with one accord, that, for imparting vigor, gloss, luzuriance and curl to the hair,eradicating scurf and dandruff, heating wounds, curing contusions, spraine, stings. &c., and relieving diseases of the skin, the glands and the muscles, it has no equal among the multitude of compounds advertised in the public prints, or used in private practice. In cheapness as well as efficiey, Barry's Tris opherous is unrivatled. The immense cash sales of the article have enabled the inventor to supply it at retail at twenty five cents per bottle, which is from fifty to one hundred per cent less than the prices of any other preparation now in use. The scientific treatises on the hair and skin (embracing valuable directions for the culture and prezervation of Nature's choicest ornament.) in which each bottle is enclosed, is alone worth the

Sold in large bottles, price 25 cents, at the principal office 137 Broadway, New York. For sale by the principal Merchants and Druggists throughout the United States and Canada,
